2 new section after section 2D:

3 Section 2E. (1) Any city or town that accepts the provisions of this section by a vote of
4 the local legislative body shall allow any property owner, within that city or town, where in any
5 fiscal year the real estate by that property owner is assessed at \$500,000 or less and is improved
6 by the property owner such that the next fiscal year’s assessed value increases due to such
7 improvements, a deduction from their assessed property tax liability as follows:

9 liability due to the improvement may be deducted from the tax liability based on the original
10 assessed property value prior to the completion of the improvement

11 (b)For the second fiscal year after the improvement is completed, half of the increase in
12 the tax liability due to the improvement may be deducted from the tax liability based on the
13 original assessed property value prior to the completion of the improvement

14 (c)For the third fiscal year after the improvement is completed, any increase in the tax
15 liability due to the improvement may be deducted from the tax liability based on the current
16 assessed property value

17 (d)For the fourth fiscal year after the improvement is completed, half of the increase in
18 the tax liability due to the improvement shall be added to the tax liability based on the original
19 assessment property value prior to the completion of the improvement

20 (e)For the fifth fiscal year after the improvement is completed and all subsequent fiscal
21 years, the property owner's tax liability shall reflect the fully assessed property value.

22 (2) Should a city or town adopt the provisions in clause (1) of this section, the assessor
23 must include on each property tax bill or notice, as referenced in Section 3A of Chapter 60,
