The mandatory training shall be approved by the Massachusetts Veterans' Service Officers Association, and shall be administered annually by the secretary. A veterans' agent shall be trained and certified within 6 months of the agent's appointment pursuant to section 3. A veterans' agent shall attend a mandatory training once every calendar year shall take and pass the certification test offered at each training once every 3 years. The secretary of veterans' services shall consider veterans' agents who complete the requirements of this section certified veterans' agents.

(b) The secretary shall, in conjunction with the Massachusetts Veterans' Service Officers Association, formulate a certification test, which shall ensure that veterans' agents possess the core knowledge to effectively serve veterans. The secretary shall administer the test at the mandatory annual training and shall provide a reasonable schedule of make-up training and testing. The certification test shall assess areas of knowledge including, but not limited to, the following: veterans' benefits contained in this chapter; federal and local benefits, including employment, education, health care, retirement and other veterans' benefits; and alternative resources, including those partially or wholly subsidized by the federal government, such as Medicaid, Supplemental Security Income and Social Security Disability benefits and federal

pension and compensation entitlements. The secretary may, by regulation, establish exemptions to the requirements of this section.

(c) Veterans' agents shall not disclose any information transmitted in confidence by and between a veteran and the veterans' agents, except when the disclosure is: (i) made for the benefit of the veteran; (ii) reasonably necessary to assist the veteran; or (iii) under a lawful order to make such disclosure. For the purposes of this subsection, information received by a veterans' agent which arises out of and in the course of providing assistance shall include, but not be limited to, communications, reports, records, working papers or memoranda.

SECTION 13. Chapter 115 is hereby further amended by striking out section 4, as appearing in the 2012 Official Edition, and inserting in place thereof the following:-

Section 4. Every application for veterans' benefits shall be in writing, signed by the applicant under the penalties of perjury, and shall contain: (i) a statement of the name, age and residence of the applicant and his relationship to the veteran upon whose wartime service his application is based, if applicable; (ii) such information as the commissioner may require relative to the commencement, duration, extent and termination of the veteran's wartime service; and (iii) any other representations, concerning the needs of the applicant and his reasons for applying for such benefits, as the commissioner may require. Every application shall be submitted to the veterans' agent for the district within which the applicant resides. The veterans' agent shall recommend a particular action on each application and shall forthwith transmit the same to the commissioner for review and approval or amendment.

Veterans' agents shall complete applications authorized by the executive office of health and human services for any veteran, widow or dependent applying for veterans' benefits or for

163 medical assistance under chapter 118E, if agreed to by an applicant. The veterans' agent shall
164 file the application for the veteran if the veteran selects assistance under said 118E. The
165 application shall be processed through the appropriate department, and the veterans' agent shall
166 coordinate with the appropriate department to advise an applicant of his or her entitlement to
167 veterans' benefits or benefits from public assistance.

168 SECTION 14. Said chapter 115 is hereby further amended by striking out section 5 and
169 inserting in place thereof the following section:-

170 Section 5. Veterans' benefits shall be paid to a veteran or dependent by the
171 commonwealth; provided, that no benefits shall be paid to a veteran unless he or she has actually
172 resided within the commonwealth for 1 day preceding the date of the application for such
173 benefits, nor to any dependent of a veteran unless the veteran has actually resided within the
174 commonwealth continuously for 3 years next preceding the date of the application for such
175 benefits, nor unless the veteran of whom he or she is a dependent has actually resided within the
176 commonwealth continuously for 3 years next preceding the date of such dependent's application
177 for such benefits. If the veteran is deceased at the time of the dependent's application for benefits,
178 and the veteran died while a resident of the commonwealth, the commissioner may,
179 notwithstanding the foregoing proviso, authorize benefits to such dependent actually residing in
180 the commonwealth at the time of the veteran's death; provided, however, any veteran who
181 actually resided in the commonwealth at the time of his entry into or continuance in active
182 military or naval service of the United States and the dependents of such veteran shall be eligible
183 for benefits without any waiting period.

Veterans' benefits shall not be subject to trustee process, and no assignment thereof shall be valid. Only such amount shall be paid to or for any veteran or dependent as may be necessary to afford him sufficient relief or support and such benefits shall not be paid to any person who is able to support himself or who is in receipt of income from any source sufficient for his support. The applicant's receipt of income from any source in an amount insufficient for his support shall not bar him from receiving veterans' benefits to supplement the same, if determined necessary by the commissioner. No payment of benefits shall be made for any period of time prior to the date of application; provided, however, that the commissioner may, on the recommendation of a veterans' agent, authorize the payment of benefits for not more than 60 days prior to the date of the application if the necessity therefor has been caused by serious accident or illness to the applicant or to 1 or more dependents of the veteran upon whose service the application is made.

No veterans' benefits shall be paid to or for any veteran who has been dishonorably discharged from any national soldiers' or sailors' home or from a soldiers' home in this commonwealth, or to or for his dependents, unless expressly allowed by the commissioner; nor to or for any applicant convicted of a crime, if the veterans' agent and the commissioner shall so rule; and, unless the commissioner, at his discretion, shall otherwise determine, no veterans' benefits shall be paid to or for any veteran who neglects to support his dependents nor to or for any dependents of such veteran, nor to or for any veteran or applicant if the necessity therefor is caused by his voluntary idleness or continuous vicious habits nor to or for any dependents of such veteran or applicant; but dependents of a deceased veteran shall not be deemed ineligible to receive such benefits by reason of any negligence of such veteran, when alive, to support them. No veteran who is or shall otherwise be entitled to veterans' benefits shall lose his right thereto by reason of his absence from the commonwealth while receiving hospital treatment, under

orders of the United States Veterans' Administration, at any hospital located outside the commonwealth, nor shall the right of his dependents thereto be lost while he is actually receiving such hospital treatment by reason of their absence from the commonwealth to accompany him.

No veteran or dependent shall be compelled to receive veterans' benefits without his consent. He shall receive such benefits at home, or at such other place as the veterans' agent may deem proper, but he shall not be compelled to receive the same at an infirmary or public institution unless his physical or mental condition so requires, or, if a minor, unless his parents or guardians so elect. A veterans' agent or the commissioner may require a person to whom veterans' benefits are granted to pay over his United States pension or compensation to them to be expended for his relief before receiving such benefits. In the event that the necessity for the granting of veterans' benefits to any veteran or any dependent of a veteran is caused by unemployment, accident or illness of or to such veteran or dependent and monetary remuneration is provided therefor whether by workers' compensation, accident or health insurance, or otherwise, or by legal responsibility of a tortfeasor liable for financial damages to such veteran or dependent therefor, a veterans' agent or the commissioner may require such veteran or dependent to assign to him the whole or any portion of the financial proceeds to be realized from such workers' compensation, accident or health insurance, or otherwise, or the whole or any portion of the financial damages to be recovered from such tortfeasor whether by settlement, arbitration, court action, or otherwise. Such assignment shall operate as a lien on such financial proceeds or financial damages to an amount equivalent to the total expenditures of veterans' benefits allowed to such veteran or dependent, and said lien may be enforced by petition to any district court within the jurisdiction of which the district of payment is located.

Nothing in this chapter shall be deemed to prohibit the granting of veterans' benefits in excess of the amount originally authorized or approved by the commissioner in any particular case, or the paying of such benefits as may be necessary to meet the emergency needs of any applicant prior to the date of the approval by the commissioner of the payment of benefits under any such application if the veterans' agent making such grant or payment forthwith furnishes the commissioner with a written statement of his reasons for taking such action.

All benefits available to dependents of veterans as provided by this chapter shall be extended to the mother of any member of the armed forces of the United States whose death occurred as the result of injury sustained or disease contracted during active service in time of war or insurrection, including active service in the said armed forces under the flag of the United Nations; provided, that such a mother qualifies in her own right as to the requirements of residence notwithstanding the failure of the deceased veteran to so qualify at the time of his death and notwithstanding lack of proof of the actual dependency of such a mother upon such a veteran at the time of his death. Such benefits shall include payment of reasonable medical and hospital expenses in accordance with regulations adopted by the commissioner and directives issued and promulgated by him; provided, that no back benefits shall be paid beyond the date of application.

Effective July 1 of every year, subject to appropriation, the commissioner shall increase the basic budget of each eligible recipient, before taking into consideration any available income and resources, by a percentage amount equal to the percentage rise in the United States Consumer Price Index for January 1 of that year over the level of said index for January 1 of the previous year plus such additional percentage amount as is recommended annually by the commissioner and appropriated by the general court.

252 The benefits provided herein shall include an amount for fuel in the winter months for
253 eligible veterans and dependents if they pay their own heating costs.

254 SECTION 15. Section 5A of said chapter 115, as appearing in the 2012 Official Edition,
255 is hereby amended by striking out, in line 6, the words “town granting such benefits” and
256 inserting in place thereof the following words:- district or districts within which each parcel of
257 real estate lies.

258 SECTION 16. The second paragraph of said section 5A of said chapter 115, as so
259 appearing, is hereby further amended by striking out the fourth sentence and inserting in place
260 thereof the following sentence:- Proceeds realized through any such enforcement shall be
261 retained by the commonwealth.

262 SECTION 17. Said second paragraph of said section 5A of said chapter 115, as so
263 appearing, is hereby further amended by striking out the sixth sentence and inserting in place
264 thereof the following sentence:- If the veterans' agent neglects or refuses promptly to refer the
265 enforcement of a lien under this section to the commissioner for his approval, or to bring a
266 petition within the period specified by the commissioner, the commissioner shall thereupon bring
267 the petition in his own name.

268 SECTION 18. Said chapter 115 is hereby further amended by striking out section 6 and
269 inserting in place thereof the following section:-

270 Section 6. The commissioner shall establish, at a minimum, 25 districts for the purpose
271 of administering veterans' benefits under this chapter. Each district shall be comprised of
272 adjoining municipalities, which may be towns or cities; provided, however, that a city with a
273 population of 100,000 or more on the date of the most recent federal census may be divided into

more than 1 district. Each district shall be overseen by a veterans' agent and other department employees, as provided in section 3.

A veterans' agent shall maintain the following records with respect to the administration of veterans' benefits within his or her district: (1) the amounts expended by the commonwealth for veterans' benefits; (2) the names of the recipients of such benefits; (3) the amounts paid to or for each applicant for such benefits and the reasons for granting them; (4) the names of the veterans on account of whose services such benefits were granted; (5) the names, if any, of the companies, regiments, stations, organizations or vessels in which veterans on account of whose services benefits were granted respectively enlisted, or to which they were appointed, and in which they last served; (6) the relationship of each dependent to the veteran on account of whose service such benefits were granted; and (7) any other details that the commissioner may require. Each veterans' agent shall, within 30 days following the month in which an expenditure of veterans' benefits are made, provide all records related to the payment of such benefits to the commissioner on blank forms provided, and in a manner approved, by the commissioner, under the penalties of perjury. The commissioner shall examine such records, shall allow and endorse thereon such amounts as he finds have been paid and reported in accordance with the provisions of this chapter, and shall transmit the certificates to the comptroller. The commissioner may decide upon the necessity of the amount paid in each case, and may allow any part thereof which he deems proper and lawful. If the commissioner shall refuse to allow and endorse the payment of certain benefits, the commissioner shall provide notice of such refusal to the appropriate veterans' agent, with an explanation of the reason for the refusal. Such veterans' agent shall thereafter reduce the veterans' benefits to those amounts allowed by the commissioner; provided,

296 however, that the veterans' agent shall not require the reimbursement of any such benefits
297 already paid.

298 SECTION 19. Section 7 of said chapter 115, as appearing in the 2012 Official Edition, is
299 hereby amended by striking out the first sentence and inserting in place thereof the following:-

300 Each veterans' agent shall act as the burial agent for their district.
