An Act to establish estate tax valuation for farms.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           Section 5 of chapter 65C of the General Laws, as appearing in the 2012 Official Edition,  
2   is hereby amended by striking out subsection (c) and inserting in place thereof the following 2  
3   subsections:-

4           (c) If the gross estate of a decedent includes real property devoted to use as a farm for  
5   farming purposes, the estate may elect to either value such property in accordance with section  
6   2032A of the Code, in effect on January 1, 1985 or, if the gross estate of a decedent includes real  
7   property devoted to use for closely held agricultural land, the value of such land shall be valued  
8   pursuant to the valuation set by the farmland valuation advisory commission established pursuant  
9   to section 11 of chapter 61A for the fiscal year of the most recent growing season. If a federal  
10   return is required to be filed the election under this subsection shall be consistent with the  
11   election made for federal estate tax purposes. All the substantive and procedural provisions of  
12   said section 2032A shall, insofar as pertinent and consistent, apply to the election made under  
13   this subsection. The commissioner shall promulgate regulations to carry out the provisions of this  
14   subsection and subsection (d).

(d) Land shall qualify for valuation as closely held agricultural land under subsection (c) of this section if it meets the definition of: forest land under chapter 61; land in agricultural or horticultural use under chapter 61A; recreational land under chapter 61B that is also used for farming or agriculture, as defined in section 1A of chapter 128; provided that the land need not be classified by municipal assessors as forest land under chapter 61, land in agricultural or horticultural use under chapter 61A or recreational land under chapter 61B to qualify for valuation as closely held agricultural land under said subsection (c) if it otherwise meets the applicable definitions.

When land valued as closely held agricultural land under said subsection (c) no longer meets the definition of forest land under chapter 61, land in agricultural or horticultural use under chapter 61A, recreational land under chapter 61B that is used for farming or agriculture as defined in section 1A of chapter 128, the land shall be subject to roll-back taxes in the current tax year in which it is disqualified and in those years of the 9 immediately preceding tax years in which the land was so valued. Roll-back taxes shall be calculated: under section 7 of chapter 61 for forest land, under section 13 of chapter 61A for lands in agricultural or horticultural use under chapter 61A, or under section 8 of chapter 61B for recreational land that is used for farming or agriculture as defined under section 1A of chapter 128.
