

HOUSE No. 4257

A report of the Division of Banks (under Section 14 of Chapter 167 of the General Laws) submitting proposed amendments to 209 CMR 46.00: Community Reinvestment. Financial Services.

April 29, 2016

The Honorable Steven T. James
Clerk of the House of Representatives
State House, Room 145
Boston, Massachusetts 02133

Dear Mr. James:

Enclosed for filing please find the Division of Banks’ (Division) proposed amendments to 209 CMR 46.00: *Community Reinvestment*, pursuant to General Laws chapter 167, section 14. A copy of said section 14 of chapter 167 is attached to this letter. The proposed amendments, found at Appendix A, are required to be filed with your office pursuant to said section 14 of chapter 167. The Division’s required statement that it has complied with the pertinent provisions of Massachusetts General Laws chapter 30A is found at Appendix B. A summary in laymen’s terms, as required by said section 14 of chapter 167, is found at Appendix C.

There are both Federal and Massachusetts Community Reinvestment Acts (CRA). The state statute, as noted above, is Massachusetts General Laws chapter 167, section 14 and its implementing regulation is at 209 CMR 46.00. Under the regulation, references to an institution also include a state-chartered credit union.

Public Hearing

The Division held a public hearing on April 11, 2016 and written comments were accepted through April 14, 2016. At the public hearing, the Division received oral and written comments from an industry trade association and oral comments from a public interest group that submitted written testimony during the comment period. Another industry trade association offered oral comments at the hearing. Two other industry trade associations submitted written testimony, as well as another public interest group.

For the public hearing, the Division also originally proposed to amend the regulation to establish a limited-scope CRA review for state-chartered credit unions with less than \$50 million in assets and which have field of membership by-laws that are not based on residence in order to reduce the regulatory burden on these smaller institutions. However, based on several concerns raised in oral and written testimony during the public hearing and comment period, the Division has not included this provision as a proposed amendment at this time.

Summary

209 CMR 46.00 carries out the purposes of the Community Reinvestment Act (CRA) by establishing the framework and criteria by which the Commissioner assesses a state-chartered bank’s or state-chartered credit union’s record of helping to meet the credit needs of its entire community, including

low- and moderate-income neighborhoods, consistent with the safe and sound operation of the institution. The regulation also provides that the Commissioner take that record into account in considering certain applications pursuant to 209 CMR 46.29.

The Division proposes to amend 209 CMR 46.00 to establish consideration under CRA for low-cost education loans and activities in cooperation with minority- or women-owned financial institutions and low-income credit unions. The Division notes that it also held a public comment session on August 13, 2015, at which it received testimony from an industry trade association requesting that a federal provision for banks that includes certain investments in minority-owned and women-owned financial institutions, as well as low-income credit unions, be added to the regulation, which is the currently proposed amendment. The Division also proposes various technical amendments to 209 CMR 46.00.

If there are any questions regarding these proposed regulations, please contact me at (617) 956-1510 or the Division's Legal Unit at (617) 956-1520.

Sincerely,

David J. Cotney
Commissioner of Banks

46.21: Performance Tests, Standards, and Ratings, in General

(1) Performance Tests and Standards. The Commissioner assesses the CRA performance of an institution in an examination as follows:

(a) Lending, Investment, and Service Tests. The Commissioner applies the lending, investment, and service tests, as provided in 209 CMR 46.22 through 46.24, in evaluating the performance of an institution, except as provided in 209 CMR 46.21(1)(b), (1)(c), (1)(d), and (1)(e).

(b) Community Development Test for Wholesale or Limited Purpose Institutions. The Commissioner applies the community development test for a wholesale or limited purpose institution, as provided in 209 CMR 46.25, except as provided in 209 CMR 46.21(1)(d).

(c) Small Institution Performance Standards. The Commissioner applies the small institution performance standards as provided in 209 CMR 46.26 in evaluating the performance of a small institution or an institution that was a small institution during the prior calendar year, unless the institution elects to be assessed as provided in 209 CMR 46.21 (1)(a), (1)(b), or (1)(d). However, credit unions which are small institutions will be evaluated in the context of their membership by-law provisions, as prescribed under M.G.L. c. 171, § 9. An institution may elect to be assessed as provided in 209 CMR 46.21(1)(a) only if it collects and reports the data required for other institutions under 209 CMR 46.42.

(d) Strategic Plan. The Commissioner evaluates the performance of an institution under a strategic plan if the institution submits, and the Commissioner approves, a strategic plan as provided in 209 CMR 46.27.

(e) Credit Union Performance Standards. The Commissioner applies the lending and service tests, as provided in 209 CMR 46.22 and 46.24 in evaluating the performance of a credit union, except as provided in 209 CMR 46.21(1)(c) and (1)(d). The investment test

does not apply to credit unions. However, a credit union that achieves at least a "satisfactory" rating under the lending and service tests may warrant consideration for an overall rating of "high satisfactory" or "outstanding" depending on the credit union's performance in making qualified investments and community development loans to the extent authorized under law, in accordance with 209 CMR 46.61(6)(c).

(2) Performance Context. The Commissioner applies the tests and standards in 209 CMR 46.21(1) and also considers whether to approve a proposed strategic plan in the context of:

- (a) demographic data on median income levels, distribution of household income, nature of housing stock, housing costs, and other relevant data pertaining to an institution's assessment area(s);
- (b) any information about lending, investment, and service opportunities in the institution's assessment area(s) maintained by the institution or obtained from community organizations, state, local, and tribal governments, economic development agencies, or other sources;
- (c) the institution's product offerings and business strategy as determined from data provided by the institution;
- (d) institutional capacity and constraints, including the size and financial condition of the institution, the economic climate (national, regional, and local), safety and soundness limitations, and any other factors that significantly affect the institution's ability to provide lending, investments, or services in its assessment area(s);
- (e) the institution's past performance and the performance of similarly situated lenders;
- (f) the institution's public file, as described in 209 CMR 46.43, and any written comments about the institution's CRA performance submitted to the institution or the Commissioner;
- (g) the credit union's defined membership by-law provisions, as prescribed in M.G.L. c. 171, § 9, and the lending and investment authority restrictions under M.G.L. c. 171; and
- (h) any other information deemed relevant by the Commissioner.

(3) Assigned Ratings. The Commissioner assigns to an institution one of the following five ratings pursuant to 209 CMR 46.28 and 46.61: "outstanding"; "high satisfactory"; "satisfactory"; "needs to improve"; or "substantial noncompliance" as provided in M.G.L. c. 167, § 14. The rating assigned by the Commissioner reflects the institution's record of helping to meet the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with the safe and sound operation of the institution.

(4) Safe and Sound Operations. This regulation and the CRA do not require an institution to make loans or investments or to provide services that are inconsistent with safe and sound operations. To the contrary, the Commissioner anticipates institutions can meet the standards of this part with safe and sound loans, investments, and services on which the institutions expect to make a profit. Institutions are permitted and encouraged to develop and apply flexible underwriting standards for loans that benefit low- and moderate-income geographies or individuals, only if consistent with safe and sound operations.

(5) Low-cost Education Loans Provided to Low-Income Borrowers. In assessing and taking into account the record of an institution under this part, the Commissioner considers, as a factor, low-cost education loans originated by the institution to borrowers, particularly in its assessment area(s), who have an individual income that is less than 50 percent of the area median income. For purposes of this paragraph, “low-cost education loans” means any education loan, as defined in section 140(a)(7) of the Truth in Lending Act (15 U.S.C. 1650(a)(7)) (including a loan under a state or local education loan program), originated by the institution for a student at an “institution of higher education,” as that term is generally defined in sections 101 and 102 of the Higher Education Act of 1965 (20 U.S.C. 1001 and 1002) and the implementing regulations published by the U.S. Department of Education, with interest rates and fees no greater than those of comparable education loans offered directly by the U.S. Department of Education. Such rates and fees are specified in section 455 of the Higher Education Act of 1965 (20 U.S.C. 1087e).

(6) Activities in Cooperation with Minority- or Women-Owned Financial Institutions and Low-Income Credit Unions. In assessing and taking into account the record of a nonminority-owned and nonwomen-owned institution under this part, the Commissioner considers as a factor capital investment, loan participation, and other ventures undertaken by the institution in cooperation with minority- and women-owned financial institutions and low-income credit unions. Such activities must help meet the credit needs of local communities in which the minority- and women-owned financial institutions and low-income credit unions are chartered. To be considered, such activities need not also benefit the institution's assessment area(s) or the broader statewide or regional area that includes the institution's assessment area(s).

46.22: Lending Test

(1) Scope of Test.

(a) The lending test evaluates an institution's record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering an institution's home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of an institution's business, the Commissioner will evaluate the institution's consumer lending in one or more of the following categories: motor vehicle, credit card, home equity, other secured, and other unsecured loans. In addition, at an institution's option, the Commissioner will evaluate one or more categories of consumer lending, if the institution has collected and maintained, as required in 209 CMR 46.42(3)(a), the data for each category that the institution elects to have the Commissioner evaluate.

(b) The Commissioner considers originations and purchases of loans. The Commissioner will also consider any other loan data the institution may choose to provide, including data on loans outstanding, commitments and letters of credit.

(c) An institution may ask the Commissioner to consider loans originated or purchased by consortia in which the institution participates or by third parties in which the institution has invested only if the loans meet the definition of community development loans and only in accordance with 209 CMR 46.22(4). The Commissioner will not consider these loans under any criterion of the lending test except the community development lending criterion.

(2) Performance Criteria. The Commissioner evaluates an institution's lending performance pursuant to the following criteria:

(a) Lending Activity. The number and amount of the institution's home mortgage, small business, small farm, and consumer loans, if applicable, in the institution's assessment area(s);

(b) Geographic Distribution. The geographic distribution of the institution's home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:

1. the proportion of the institution's lending in the institution's assessment area(s);
2. the dispersion of lending in the institution's assessment area(s); and
3. the number and amount of loans in low-, moderate-, middle-, and upper-income geographies in the institution's assessment area(s);

(c) Borrower Characteristics. The distribution, particularly in the institution's assessment area(s), of the institution's home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:

1. home mortgage loans to low-, moderate-, middle-, and upper-income individuals, including loans to assist existing low- and moderate-income residents to be able to remain in affordable housing in their neighborhoods;
2. small business and small farm loans to businesses and farms with gross annual revenues of \$1 million or less;
3. small business and small farm loans by loan amount at origination; and
4. consumer loans, if applicable, to low-, moderate-, middle-, and upper- income individuals.

(d) Community Development Lending. The institution's community development lending, including the number and amount of community development loans, and their complexity and innovativeness;

(e) Innovative or Flexible Lending Practices. The institution's use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- and moderate-income individuals or geographies;

(f) Fair Lending. The institution's performance relative to fair lending policies and practices pursuant to written policies and directives issued by the Commissioner; and

(g) Loss of Affordable Housing. The institution's number and amount of loans that show

an undue concentration and a systematic pattern of lending resulting in the loss of affordable housing units.

(3) Affiliate Lending.

(a) At an institution's option, the Commissioner will consider loans by an affiliate of the institution, if the institution provides data on the affiliate's loans pursuant to 209 CMR 46.42.

(b) The Commissioner considers affiliate lending subject to the following constraints:

1. no affiliate may claim a loan origination or loan purchase if another institution claims the same loan origination or purchase; and
2. if an institution elects to have the Commissioner consider loans within a particular lending category made by one or more of the institution's affiliates in a particular assessment area, the institution shall elect to have the Commissioner consider, in accordance with 209 CMR 46.22(3)(a), all the loans within that lending category in that particular assessment area made by all of the institution's affiliates.

(c) The Commissioner does not consider affiliate lending in assessing an institution's performance under 209 CMR 46.22(2)(b)(1).

(4) Lending by a Consortium or a Third Party. Community development loans originated or purchased by a consortium in which the institution participates or by a third party in which the institution has invested:

(a) will be considered, at the institution's option, if the institution reports the data pertaining to these loans under 209 CMR 46.42; and

(b) may be allocated among participants or investors, as they choose, for purposes of the lending test, except that no participant or investor:

1. may claim a loan origination or loan purchase if another participant or investor claims the same loan origination or purchase; or
2. may claim loans accounting for more than its percentage share (based on the level of its participation or investment) of the total loans originated by the consortium or third party.

(5) Lending Performance Rating. The Commissioner rates an institution's lending performance as provided in 209 CMR 46.61 (Ratings).

46.23: Investment Test

(1) Scope of Test. The investment test evaluates an institution's record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the institution's assessment area(s). A credit union will not be evaluated under the investment test except as provided under 209 CMR 46.61(6)(c).

(2) Exclusion. Activities considered under the lending or service tests may not be considered under the investment test.

(3) Affiliate Investment. At an institution's option, the Commissioner will consider, in its assessment of an institution's investment performance, a qualified investment made by an affiliate of the institution, if the qualified investment is not claimed by any other institution.

(4) Disposition of Branch Premises. Donating, selling on favorable terms, or making available on a rent-free basis a branch of the institution that is located in a predominantly minority neighborhood to a minority depository institution or women's depository institution (as these terms are defined in 12 U.S.C. 2907(b)) will be considered as a qualified investment.

(5) Performance Criteria. The Commissioner evaluates the investment performance of an institution pursuant to the following criteria:

- (a) the dollar amount of qualified investments;
- (b) the innovativeness or complexity of qualified investments;
- (c) the responsiveness of qualified investments to credit and community development needs
- (d) the degree to which the qualified investments assist existing low- and moderate-income residents to be able to remain in affordable housing in their neighborhoods; and
- (d) the degree to which the qualified investments are not routinely provided by private investors.

(6) Investment Performance Rating. The Commissioner rates an institution's investment performance as provided in 209 CMR 46.61 (Ratings).

46.24: Service Test

(1) Scope of Test. The service test evaluates an institution's record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of an institution's systems for delivering retail banking services and the extent and innovativeness of its community development services.

(2) Area(s) Benefited. Community development services must benefit an institution's assessment area(s) or a broader statewide or regional area that includes the institution's assessment area(s).

(3) Affiliate Service. At an institution's option, the Commissioner will consider, in its assessment of an institution's service performance, a community development service provided by an affiliate of the institution, if the community development service is not claimed by any other institution.

(4) Performance Criteria -- ~~r~~Retail ~~b~~Banking ~~s~~Services. The Commissioner evaluates the availability and effectiveness of an institution's systems for delivering retail banking services, pursuant to the following criteria:

- (a) the current distribution of the institution's branches among low-, moderate-, middle-, and upper-income geographies;
- (b) in the context of its current distribution of the institution's branches, the institution's record of opening and closing branches, particularly branches located in low- and moderate-income geographies or primarily serving low- and moderate- income individuals;
- (c) the availability and effectiveness of alternative systems for delivering retail banking services (e.g., ATMs, ATMs not owned or operated by or exclusively for the institution, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-income geographies and to low- and moderate-income individuals; and
- (d) the range of services provided in low-, moderate-, middle-, and upper- income geographies and the degree to which the services are tailored to meet the needs of those geographies.

(5) Performance Criteria - ~~C~~ommunity ~~d~~Development ~~s~~Services. The Commissioner evaluates community development services pursuant to the following criteria:

- (a) the extent to which the institution provides community development services; and
- (b) the innovativeness and responsiveness of community development services.

(6) Service Performance Rating. The Commissioner rates an institution's service performance as provided in 209 CMR 46.61 (Ratings).

46.25: Community Development Test for Wholesale or Limited-Purpose Institutions

(1) Scope of Test. The Commissioner assesses a wholesale or limited purpose institution's record of helping to meet the credit needs of its assessment area(s) under the community development test through its community development lending, qualified investments, or community development services.

(2) Designation as a Wholesale or Limited Purpose Institution. In order to receive a designation as a wholesale or limited purpose institution, an institution shall file a request, in writing, with the Commissioner, at least three months prior to the proposed effective date of the designation. If the Commissioner approves the designation, it remains in effect until the institution requests revocation of the designation or until one year after the Commissioner notifies the institution that the Commissioner has revoked the designation on his/her own initiative.

(3) Performance Criteria. The Commissioner evaluates the community development performance of a wholesale or limited purpose institution pursuant to the following criteria:

- (a) the number and amount of community development loans (including originations and purchases of loans and other community development loan data provided by the institution, such as data on loans outstanding, commitments, and letters of credit), qualified investments, or community development services;
- (b) the use of innovative or complex qualified investments, community development loans, or community development services and the extent to which the investments are not routinely provided by private investors; and
- (c) the institution's responsiveness to credit and community development needs.

(4) Indirect Activities. At an institution's option, the Commissioner will consider in its community development performance assessment:

- (a) qualified investments or community development services provided by an affiliate of the institution, if the investments or services are not claimed by any other institution; and
- (b) community development lending by affiliates, consortia and third parties, subject to the requirements and limitations in 209 CMR 46.22(3) and (4).

(5) Benefit to Assessment area(s).

- (a) Benefit Inside Assessment Area(s). The Commissioner considers all qualified investments, community development loans, and community development services that benefit areas within the institution's assessment area(s) or a broader statewide or regional area that includes the institution's assessment area(s).
- (b) Benefit Outside Assessment Area(s). The Commissioner considers the qualified investments, community development loans, and community development services that benefit areas outside the institution's assessment area(s), if the institution has adequately addressed the needs of its assessment area(s).

(6) Community Development Performance Rating. The Commissioner rates an institution's community development performance as provided in 209 CMR 46.61 (Ratings).

46.26: Small Institution Performance Standards

(1) Performance Criteria.

(a) Small institutions with Assets of Less than \$250 million. The Commissioner evaluates the record of a small institution that is not, or that was not during the prior calendar year, an intermediate small institution, of helping to meet the credit needs of its assessment area pursuant to the criteria set forth in paragraph (2) of this section.

(b) Intermediate Small Institutions. The Commissioner evaluates the record of a small institution that is, or that was during the prior calendar year, an intermediate small institution, of helping to meet the credit needs of its assessment area(s) pursuant to the criteria set forth in paragraphs (2) and (3) of this section. A credit union that is, or that was during the prior calendar year an intermediate small institution will be evaluated

pursuant to the criteria set forth in paragraph (2) of this section and under the service test as provided in 209 CMR 46.24.

(2) Lending Test. A small institution's lending performance is evaluated pursuant to the following criteria:

- (a) the institution's loan-to-deposit ratio, adjusted for seasonal variation and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;
- (b) the percentage of loans and, as appropriate, other lending-related activities located in the institution's assessment area(s);
- (c) the institution's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes;
- (d) the geographic distribution of the institution's loans, provided, however that a credit union shall be evaluated in the context of its relevant membership by-law provisions; and
- (e) the institution's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s) and its performance with regard to fair lending policies and practices.

(3) Community Development Test. An intermediate small institution's community development performance is also evaluated pursuant to the following criteria:

- (a) The number and amount of community development loans;
- (b) The number and amount of qualified investments;
- (c) The extent to which the institution provides community development services; and
- (d) The institution's responsiveness through such activities to community development lending, investment, and service needs.

(4) Small Institution Performance Rating. The Commissioner rates the performance of an institution evaluated under 209 CMR 46.26 as provided in 209 CMR 46.61 (Ratings).

46.27: Strategic Plan

(1) Alternative Election. The Commissioner will assess an institution's record of helping to meet the credit needs of its assessment area(s) under a strategic plan if:

- (a) the institution has submitted the plan to the Commissioner as provided for in 209 CMR 46.27;
- (b) the Commissioner has approved the plan;
- (c) the plan is in effect; and
- (d) the institution has been operating under an approved plan for at least one year.

(2) Data Reporting. The Commissioner's approval of a plan does not affect the institution's obligation, if any, to report data as required by 209 CMR 46.42.

(3) Plans in General.

(a) Term. A plan may have a term of no more than five years, and any multi-year plan must include annual interim measurable goals under which the Commissioner will evaluate the institution's performance.

(b) Multiple Assessment Areas. An institution with more than one assessment area may prepare a single plan for all of its assessment areas or one or more plans for one or more of its assessment areas.

(c) Treatment of Affiliates. Affiliated institutions may prepare a joint plan if the plan provides measurable goals for each institution. Activities may be allocated among institutions at the institutions' option, provided that the same activities are not considered for more than one institution.

(4) Public Participation in Plan Development. Before submitting a plan to the Commissioner for approval, an institution shall:

(a) informally seek suggestions from members of the public in its assessment area(s) covered by the plan while developing the plan;

(b) once the institution has developed a plan, formally solicit public comment on the plan for at least 30 days by publishing notice in at least one newspaper of general circulation in each assessment area covered by the plan; and

(c) during the period of formal public comment, make copies of the plan available for review by the public at no cost at all offices of the institution in any assessment area covered by the plan and provide copies of the plan upon request for a reasonable fee to cover copying and mailing, if applicable.

(5) Submission of Plan. The institution shall submit its plan to the Commissioner at least three months prior to the proposed effective date of the plan. The institution shall also submit with its plan a description of its informal efforts to seek suggestions from members of the public, any written public comment received, and, if the plan was revised in light of the comment received, the initial plan as released for public comment.

(6) Plan Content.

(a) Measurable Goals.

1. An institution shall specify in its plan measurable goals for helping to meet the credit needs of each assessment area covered by the plan, particularly the needs of low- and moderate-income geographies and low- and moderate-income individuals, through lending, investment, and services, as appropriate.

2. An institution shall address in its plan all three performance categories and, unless the institution has been designated as a wholesale or limited purpose institution, shall emphasize lending and lending-related activities. Nevertheless, a different emphasis, including a focus on one or more performance categories, may be appropriate if responsive to the characteristics and credit needs of its assessment area(s), considering public comment and the institution's capacity and constraints, product offerings, and business strategy.

(b) Confidential Information. An institution may submit additional information to the Commissioner on a confidential basis which shall not be deemed a public record as defined in M.G.L. c. 4, § 7 or be subject to the public disclosure provisions of M.G.L. c. 66, § 10, but the goals stated in the plan must be sufficiently specific to enable the public and the Commissioner to judge the merits of the plan.

(c) Satisfactory and Outstanding Goals. An institution shall specify in its plan measurable goals that constitute "satisfactory" performance. A plan may specify measurable goals that constitute "outstanding" performance. If an institution submits, and the Commissioner approves, both "satisfactory" and "outstanding" performance goals, the Commissioner will consider the institution eligible for an "outstanding" performance rating.

(d) Election if Satisfactory Goals not Substantially Met. An institution may elect in its plan that, if the institution fails to meet substantially its plan goals for a satisfactory rating, the Commissioner will evaluate the institution's performance under the lending, investment, and service tests, the community development test, or the small institution performance standards, as appropriate.

(7) Plan Approval.

(a) Timing. The Commissioner will act upon a plan within 60 calendar days after the Commissioner receives the complete plan and other material required under 209 CMR 46.27(5) and (6). If the Commissioner fails to act within this time period, the plan shall be deemed approved unless the Commissioner extends the review period for good cause.

(b) Public Participation. In evaluating the plan's goals, the Commissioner considers the public's involvement in formulating the plan, written public comment on the plan, and any response by the institution to public comment on the plan.

(c) Criteria for Evaluating Plan. The Commissioner evaluates a plan's measurable goals using the following criteria, as appropriate:

1. the extent and breadth of lending or lending-related activities, including, as appropriate, the distribution of loans among different geographies, businesses and farms of different sizes, and individuals of different income levels, the extent of community development lending, and the use of innovative or flexible lending practices to address credit needs;

2. the amount and innovativeness, complexity, and responsiveness of the institution's qualified investments; and
3. the availability and effectiveness of the institution's systems for delivering retail banking services and the extent and innovativeness of the institution's community development services.

(8) Plan Amendment. During the term of a plan, an institution may request the Commissioner to approve an amendment to the plan on grounds that there has been a material change in circumstances. The institution shall develop an amendment to a previously approved plan in accordance with the public participation requirements of 209 CMR 46.27(4).

(9) Plan Assessment. The Commissioner approves the goals and assesses performance under a plan as provided for in 209 CMR 46.61 (Ratings).

46.28: Assigned Ratings

(1) Ratings in General. Subject to 209 CMR 46.28(2) and (3), the Commissioner assigns to an institution a rating of "outstanding," "high satisfactory," "satisfactory," "needs to improve," or "substantial noncompliance" based on the institution's performance under the lending, investment and service tests, the community development test, the small institution performance standards, the intermediate small institution standards, or an approved strategic plan, as applicable.

(2) Lending, Investment, and Service Tests. The Commissioner assigns a rating for an institution assessed under the lending, investment, and service tests in accordance with the following principles:

- (a) an institution that receives an "outstanding" rating on the lending test receives an assigned rating of at least "satisfactory";
- (b) an institution that receives an "outstanding" rating on both the service test and the investment test and a rating of at least "high satisfactory" on the lending test receives an assigned rating of "outstanding";
- (c) no institution may receive an assigned rating of "satisfactory" or higher unless it receives a rating of at least "satisfactory" on the lending test;
- (d) an institution that receives a "satisfactory" rating on the lending test and either the service or investment test, and receives a rating of "needs to improve" on the third test, receives an assigned rating of "satisfactory"; and
- (e) a credit union that receives a "satisfactory" rating on the lending test and receives a rating of "needs to improve" on the service test, receives an assigned rating of "satisfactory".

(3) Effect of Evidence of Discriminatory or other Illegal Credit Practices. Evidence of discriminatory or other illegal credit practices adversely affects the Commissioner's evaluation of an institution's performance. In determining the effect on the institution's assigned rating, the Commissioner considers the nature and extent of the evidence, the

policies and procedures that the institution has in place to prevent discriminatory or other illegal credit practices, any corrective action that the institution has taken or has committed to take, particularly voluntary corrective action resulting from self-assessment, the institution's compliance with written policies and directives with regard to fair lending, and other relevant information.

In connection with any type of lending activity described in §46.22(1)(a), evidence of discriminatory or other credit practices that violate an applicable law, rule, or regulation includes but is not limited to: (i) Discrimination against applicants on a prohibited basis in violation, for example of the Equal Credit Opportunity Act or Fair Housing Act; (ii) Violations of M.G.L. Chapter 183C, Predatory Home Loan Practices; (iii) Violations of section 5 of the Federal Trade Commission Act; (iv) Violations of section 8 of the Real Estate Settlement Procedures Act; and (v) Violations of the provisions of M.G.L. Chapter 140D regarding a consumer's right of rescission or other violations of M.G.L. Chapter 140D and its implementing regulations 209 CMR 32.00.

46.29: Effect of CRA Performance on Applications

(1) CRA Performance. Among other factors, the Commissioner takes into account the record of performance under the CRA of each institution submitting applications for the following:

- (a) establishment of any branch by all state-chartered institutions;
- (b) establishment of Massachusetts branches by out-of-state banks, out-of-state federal banks, and foreign banks;
- (c) a merger or consolidation with or the acquisition of assets or assumption of liabilities of any state-chartered institution by a Massachusetts bank or bank holding company, including its subsidiaries;
- (d) a merger or consolidation with or the acquisition of assets or assumption of liabilities of a state-chartered institution by an out-of-state bank, an out-of-state federal bank, or an foreign bank or bank holding company, including its subsidiaries;
- (e) a wholly-owned subsidiary pursuant to M.G.L. c. 167F, § 2, paragraph 7;
- (f) an automated teller machine;
- (g) a mobile electronic branch; and
- (h) any other approval of the Commissioner, provided that there are no other countervailing financial safety and soundness or other policy considerations.

(2) Interested Parties. In considering CRA performance in an application described in 209 CMR 46.29(1), the Commissioner takes into account any views expressed by interested parties that are submitted.

(3) Denial or Conditional Approval of Application. An institution's record of performance may be the basis for denying or conditioning approval of an application listed in 209 CMR 46.29.

(4) Alternative Branch Opening Application Procedures. The Commissioner shall establish alternative branch opening application procedures for institutions which received a rating of "outstanding" as of their most recent state or federal examination. These procedures shall include such other standards and procedures as the Commissioner deems appropriate.

46.41: Assessment Area Delineation

(1) In General. An institution shall delineate one or more assessment areas within which the Commissioner evaluates the institution's record of helping to meet the credit needs of its community. The Commissioner does not evaluate the institution's delineation of its assessment area(s) as a separate performance criterion, but the Commissioner reviews the delineation for compliance with the requirements of 209 CMR 46.41.

(2) Geographic Area(s) for Wholesale or Limited Purpose Institutions. The assessment area(s) for a wholesale or limited purpose institution must consist generally of one or more MSAs/CBSAs (using the MSA/CBSA boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns, in which the institution has its main office, branches, and deposit-taking ATMs.

(3) Geographic Area(s) for other Institutions. The assessment area(s) for an institution other than a wholesale or limited purpose institution or a credit union under 209 CMR 46.41(8) must:

- (a) consist generally of one or more MSAs/CBSAs (using the MSA/CBSA boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns; and
- (b) include the geographies in which the institution has its main office, its branches, and its deposit-taking ATMs, as well as the surrounding geographies in which the institution has originated or purchased a substantial portion of its loans (including home mortgage loans, small business and small farm loans, and any other loans the institution chooses, such as those consumer loans on which the institution elects to have its performance assessed).

(4) Adjustments to Geographic Area(s). An institution may adjust the boundaries of its assessment area(s) to include only the portion of a political subdivision that it reasonably can be expected to serve. An adjustment is particularly appropriate in the case of an assessment area that otherwise would be extremely large, of unusual configuration, or divided by significant geographic barriers.

(5) Limitations on the Delineation of an Assessment Area. Each institution's assessment area(s):

- (a) must consist only of whole geographies;
- (b) may not reflect illegal discrimination;

(c) may not arbitrarily exclude low- and moderate-income geographies, taking into account the institution's size and financial condition; and
(d) may not extend substantially beyond a CMSA boundary or beyond a state boundary unless the assessment area is located in a multistate MSA/CBSA. If an institution serves a geographic area that extends substantially beyond a state boundary, the institution shall delineate separate assessment areas for the areas in each state. If an institution serves a geographic area that extends substantially beyond a CMSA boundary, the institution shall delineate separate assessment areas for the areas inside and outside the CMSA.

(6) Institutions Serving Military Personnel. Notwithstanding the requirements of 209 CMR 46.41, an institution whose business predominantly consists of serving the needs of military personnel or their dependents who are not located within a defined geographic area may delineate its entire deposit customer base as its assessment area.

(7) Use of Assessment Area(s). The Commissioner uses the assessment area(s) delineated by an institution in its evaluation of the institution's CRA performance unless the Commissioner determines that the assessment area(s) do not comply with the requirements of 209 CMR 46.41.

(8) Credit Unions not Serving Defined Geographic Areas. Notwithstanding the requirements of 209 CMR 46.41, a credit union whose membership by-law provisions are not based on residence may delineate its membership as its assessment area.

46.42: Data Collection, Reporting, and Disclosure

(1) Institutions will comply with all data collection, reporting and disclosure regulations as promulgated by the appropriate Federal banking agencies.

(2) Credit unions are exempted from the data collection, reporting, and disclosure requirements for small business, small farm, and community development loans; provided, however, if the credit union, except a credit union that meets the definition of a small institution, is subject to reporting under the Board of Governors of the Federal Reserve System's implementing regulations for the Home Mortgage Disclosure Act (12 CFR 203), it shall report the location of each home mortgage loan application, origination, or purchase outside the MSAs/CBSA in which the credit union has a home or branch office (or outside any MSA/CBSA) in accordance with the requirements of 12 CFR 203.

(3) Optional Data Collection and Maintenance.

(a) Consumer Loans. An institution may collect and maintain in machine readable form (as prescribed by the Commissioner) data for consumer loans originated or purchased by the institution for consideration under the lending test. An institution may maintain data for one or more of the following categories of consumer loans: motor vehicle, credit card, home equity, other secured, and other unsecured. If the institution maintains data for loans in a certain category, it shall maintain data for all loans originated or purchased

within that category. The institution shall maintain data separately for each category, including for each loan:

1. A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;
2. The loan amount at origination or purchase;
3. The loan location; and
4. The gross annual income of the borrower that the institution considered in making its credit decision.

(b) Other Loan Data. At its option, an institution may provide other information concerning its lending performance, including additional loan distribution data.

46.43: Content and Availability of Public File

(1) Information Available to the Public. An institution shall maintain a public file that includes the following information:

(a) all written comments received from the public for the current year and each of the prior two calendar years that specifically relate to the institution's performance in helping to meet community credit needs, and any response to the comments by the institution, if neither the comments nor the responses contain statements that reflect adversely on the good name or reputation of any persons other than the institution or publication of which would violate specific provisions of law;

(b) a copy of the public section of the institution's most recent CRA Performance Evaluation prepared by the Commissioner. The institution shall place this copy in the public file within 30 business days after its receipt from the Commissioner;

(c) a list of the institution's branches, their street addresses, and geographies;

(d) a list of branches opened or closed by the institution during the current year and each of the prior two calendar years, their street addresses, and geographies;

(e) a list of services (including hours of operation, available loan and deposit products, and transaction fees) generally offered at the institution's branches and descriptions of material differences in the availability or cost of services at particular branches, if any. At its option, an institution may include information regarding the availability of alternative systems for delivering retail banking services (e.g., ATMs, ATMs not owned or operated by or exclusively for the institution, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs);

(f) a map of each assessment area showing the boundaries of the area and identifying the geographies contained within the area, either on the map or in a separate list, provided however, a map of the assessment area does not need to be maintained if the institution is

a credit union whose membership by-law provisions do not correspond to a defined geographic area; and

(g) any other information the institution chooses.

(2) Additional Information Available to the Public.

(a) Institutions other than Small Institutions. An institution, except a small institution or an institution that was a small institution during the prior calendar year, shall include in its public file the following information pertaining to the institution and its affiliates, if applicable, for each of the prior two calendar years:

1. if the institution has elected to have one or more categories of its consumer loans considered under the lending test, for each of these categories, the number and amount of loans:

- a. to low-, moderate-, middle-, and upper-income individuals;
- b. located in low-, moderate-, middle-, and upper-income census tracts; and
- c. located inside the institution's assessment area(s) and outside the institution's assessment area(s); and

2. the institution's CRA Disclosure Statement. The institution shall place the statement in the public file within three business days of its receipt from the Commissioner.

(b) Institutions Required to Report Home Mortgage Disclosure Act (HMDA) Data. An institution required to report home mortgage loan data pursuant to the implementing regulations for the Home Mortgage Disclosure Act regulations (12 CFR 203) shall include in its public file a copy of the HMDA Disclosure Statement provided by the Federal Financial Institutions Examination Council pertaining to the institution for each of the prior two calendar years. In addition, an institution that elected to have the Commissioner consider the mortgage lending of an affiliate for any of these years shall include in its public file the affiliate's HMDA Disclosure Statement for those years. The institution shall place the statement(s) in the public file within three business days after its receipt.

(c) Small Institutions. A small institution or an institution that was a small institution during the prior calendar year shall include in its public file:

- 1. the institution's loan-to-deposit ratio for each quarter of the prior calendar year and, at its option, additional data on its loan-to-deposit ratio; and
- 2. the information required for other institutions by 209 CMR 46.43(2)(a), if the institution has elected to be evaluated under the lending, investment, and service tests.

(d) Institutions with Strategic Plans. An institution that has been approved to be assessed under a strategic plan shall include in its public file a copy of that plan. An institution

need not include information submitted to the Commissioner on a confidential basis in conjunction with the plan.

(e) Institutions with Less than Satisfactory Ratings. An institution that received a less than satisfactory rating during its most recent examination shall include in its public file a description of its current efforts to improve its performance in helping to meet the credit needs of its entire community. The institution shall update the description quarterly.

(3) Location of Public Information. An institution shall make available to the public for inspection upon request and at no cost the information required in this section as follows:

(a) at the main office and, if an interstate institution, at one branch office in each state, all information in the public file; and

(b) at each branch:

1. a copy of the public section of the institution's most recent CRA Performance Evaluation and a list of services provided by the branch; and
2. within five calendar days of the request, all the information in the public file relating to the assessment area in which the branch is located.

(4) Copies. Upon request, an institution shall provide copies, either on paper or in another form acceptable to the person making the request, of the information in its public file. The institution may charge a reasonable fee not to exceed the cost of copying and mailing, if applicable.

(5) Updating. Except as otherwise provided in 209 CMR 46.43, an institution shall ensure that the information required by 209 CMR 46.43 is current as of April 1 of each year.

46.44: Public Notice by Institutions

An institution shall provide in the public lobby of its main office and each of its branches the appropriate public notice set forth in 209 CMR 46.62. Only a branch of an institution having more than one assessment area shall include the bracketed material in the notice for branch offices. Only an institution that is an affiliate of a holding company shall include the next to the last sentence of the notices. An institution shall include the last sentence of the notices only if it is an affiliate of a holding company that is not prevented by statute from acquiring additional institutions.

46.45: Publication of Planned Examination Schedule

The Commissioner publishes at least 30 days in advance of the beginning of each calendar quarter a list of institutions scheduled for CRA examinations in that quarter.

46.46: Alternative Examination Procedures

The Commissioner shall establish alternative examination procedures for institutions which were rated "outstanding" as of their most recent state or federal CRA compliance examination. After January 1, 1998, such alternative examination procedures will also apply to institutions which were rated "high satisfactory" as of their most recent state or federal examination. The purpose of such alternative procedures shall be to reduce the cost to institutions. The alternative procedures shall in no way limit public participation.

46.61: Ratings

(1) Ratings in General.

(a) In assigning a rating, the Commissioner evaluates an institution's performance under the applicable performance criteria in 209 CMR 46.00, in accordance with 209 CMR 46.21, and 209 CMR 46.28, which provides for adjustments on the basis of evidence of discriminatory or other illegal credit practices. [This includes consideration of low-cost education loans provided to low-income borrowers and activities in cooperation with minority- or women-owned financial institutions and low-income credit unions.](#)

(b) An institution's performance need not fit each aspect of a particular rating profile in order to receive that rating, and exceptionally strong performance with respect to some aspects may compensate for weak performance in others. The institution's overall performance, however, must be consistent with safe and sound banking practices and generally with the appropriate rating profile as follows.

(2) Institutions Evaluated under the Lending, Investment, and Service Tests.

(b) Eligibility for an Outstanding Community Development Test Rating. The Commissioner rates an intermediate small institution's community development performance "outstanding" if the institution demonstrates excellent responsiveness to community development needs in its assessment area(s) through community development loans, qualified investments, and community development services, as appropriate, considering the institution's capacity and the need and availability of such opportunities for community development in the institution's assessment area(s).

A small institution that is not an intermediate small institution that meets each of the standards for a "satisfactory" rating under the lending test and exceeds some or all of those standards may warrant consideration for an overall rating of "outstanding." In assessing whether an institution's performance is "outstanding," the Commissioner considers the extent to which the institution exceeds each of the performance standards for a "satisfactory" rating and its performance in making qualified investments and its performance in providing branches and other services and delivery systems that enhance credit availability in its assessment area(s).

4. If the institution fails to meet substantially its plan goals for a satisfactory rating, the Commissioner will rate the institution as either "needs to improve" or "substantial noncompliance," depending on the extent to which it falls short of its plan goals, unless the institution elected in its plan to be rated otherwise, as provided in 209 CMR 46.27(6)(d).

The Division also proposes various technical amendments to 209 CMR 46.00.

Proposed Amendment

The proposed amendment to the regulation would establish consideration under CRA for low-cost education loans and activities in cooperation with minority- or women-owned financial institutions and low-income credit unions.

Section 14. The commissioner shall assess the record of each supervised bank in satisfying their continuing and affirmative obligation to help meet the credit needs of the communities in which offices and branches are maintained, including areas contiguous thereto and low and moderate income neighborhoods, consistent with the safe and sound operation of such banks.

To assist in carrying out this section, the commissioner shall promulgate regulations which shall include the regulations promulgated pursuant to federal law; provided, however, that with respect to such assessments of corporations chartered pursuant to chapter 171 and electronic banking activities and the electronic delivery of banking services, including internet banking activities of banks, the commissioner may make such adjustments and exceptions thereto as are deemed required; and provided, further, that the regulations may include, but not be limited to, a consideration of a bank's origination of loans and other efforts to assist existing low and moderate income residents to be able to remain in affordable housing in their neighborhoods, a bank's origination of loans that show an undue concentration and a systematic pattern of lending resulting in the loss of affordable housing units, a bank's participation, including investments in community development and redevelopment programs and small business technical assistance programs, pursuant but not limited to, paragraphs 8, 29, 30 and 30A of section 2 of chapter 167F, and such other requirements as in the judgment of the commissioner reasonably bear upon the extent to which a bank is helping to meet the credit needs of its entire community. Notwithstanding the foregoing, the commissioner shall further take into account the provision of state-of-the art computers and internet access at minimal or no cost to low and moderate income residents as part of the assessment of electronic banking activities and the electronic delivery of banking services, including internet banking activities of banks. Except for emergency regulations adopted pursuant to section 2 of chapter 30A, a regulation, or an amendment or repeal thereof, shall, after compliance with section 5 of chapter 30A, be submitted to the general court.

The commissioner shall file the proposed regulation, amendment or repeal with the clerk of the house of representatives, together with a statement that the pertinent provisions of said chapter thirty A have been complied with and a summary of the regulations in layman's terms. The clerk shall refer such filing to the joint committee on banks and banking within five days of the filing thereof. No such regulation shall take effect until ninety days after it has been so filed; provided, however, that such ninety day period shall not include days when the general court is prohibited by law or rule from meeting in formal session.

In considering an application for the establishment of a domestic branch or other facility with the ability to accept deposits, the relocation of the main office or branch office, or a merger or consolidation with or the acquisition of assets or assumption of liabilities of any Massachusetts bank, federal bank, foreign bank, out-of-state bank or out-of-state federal bank, the commissioner shall consider, but not be limited to, the record of performance of the bank and its holding company, including all subsidiaries thereof, relative to this section. Notwithstanding any other law to the contrary, the commissioner shall establish an alternative community reinvestment examination procedure for supervised banks which, as of the most recent federal or state examination, have been assigned a rating of outstanding record or high satisfactory record of performance in meeting its community credit needs.

Said record of performance of any such bank and holding company may be the basis for the denial of any such application.

Upon the completion of the examination of a bank under this section, the commissioner shall prepare a written evaluation of the bank's said record of performance which shall be open to public inspection upon request. Said written evaluation shall include:

- (1) the assessment factors utilized to determine the bank's descriptive rating;
- (2) the commissioner's conclusions with respect to each such assessment factor;
- (3) a discussion of the facts supporting such conclusions; and
- (4) the bank's descriptive rating and the basis therefor.

Based upon such examination, the bank shall be assigned one of the following ratings:

- (a) outstanding record of performance in meeting its community credit needs;
- (b) high satisfactory record of performance in meeting its community credit needs;
- (c) satisfactory record of performance in meeting its community credit needs;
- (d) needs to improve record of performance in meeting its community credit needs; or
- (e) substantial noncompliance in meeting its community credit needs.

For the purposes of this section, the commissioner may conduct any such examinations or may enter into cooperative agreements with bank regulators in jurisdictions other than the commonwealth, including federal regulators, relative to the coordination of or joint participation in any such examinations, the amount and assessment of fees therefor or enforcement actions relevant thereto, and may accept reports of examinations by such regulators pursuant to such agreements. Nothing in this section shall be construed as limiting in any way the authority of the commissioner to independently conduct examinations of and enforcement actions against any Massachusetts or out-of-state branch.

Any such alternative procedure established pursuant to this section shall seek to effect cost reductions for banks; provided, however, that any such procedure shall not limit public participation therein as permitted under said federal regulations.
