4 Section 13. (a) The board shall, subject to appropriation, establish the Massachusetts
5 universal pre-kindergarten program to assist in providing voluntary, universally accessible, high-
6 quality early education and care programs and services for preschool-aged children in the
7 commonwealth. Provided, however, that the board shall establish a universal program for all
8 three and four year olds in the Commonwealth which shall be available free to all residents,

10 provided further, that the board shall determine a schedule for the universal program for three
11 and four year olds to be fully established and fully funded no later than September 1, 2020; and,

The program shall be designed to meet and enhance the preschool-aged child's ability to make age appropriate progress in the development of cognitive, linguistic, social, emotional and physical capacities and school readiness based on curriculum frameworks, after consultation with representatives of early childhood educators and their professional associations, including the Massachusetts Teachers Association, the American Federation of Teachers-Massachusetts and the National Association for the Education of Young Children.
