

HOUSE No. 761

The Commonwealth of Massachusetts

PRESENTED BY:

Ellen Story

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court assembled:

The undersigned legislators and/or citizens respectfully petition for the adoption of the accompanying bill:

An Act relative to the labeling of seed.

PETITION OF:

NAME:	DISTRICT/ADDRESS:
<i>Ellen Story</i>	<i>3rd Hampshire</i>
<i>Stephen Kulik</i>	<i>1st Franklin</i>
<i>Peter V. Kocot</i>	<i>1st Hampshire</i>
<i>Paul W. Mark</i>	<i>2nd Berkshire</i>
<i>Gailanne M. Cariddi</i>	<i>1st Berkshire</i>
<i>Byron Rushing</i>	<i>9th Suffolk</i>
<i>Mary S. Keefe</i>	<i>15th Worcester</i>

HOUSE No. 761

By Ms. Story of Amherst, a petition (accompanied by bill, House, No. 761) of Ellen Story and others relative to the labeling of plant seeds. Environment, Natural Resources and Agriculture.

[SIMILAR MATTER FILED IN PREVIOUS SESSION
SEE HOUSE, NO. 813 OF 2013-2014.]

The Commonwealth of Massachusetts

**In the One Hundred and Eighty-Ninth General Court
(2015-2016)**

An Act relative to the labeling of seed.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 84 of Chapter 128 of the General Laws, is hereby amended by
2 inserting after the definition of “Flower seeds” the following definitions:-

3 “Genetically engineered seed” shall mean any agricultural, flower, tree and shrub,
4 vegetable or weed seed produced using a variety of methods, as identified by the national organic
5 program of the U.S. department of agriculture, used to modify genetically organisms or influence
6 their growth and development by means that are not possible under natural conditions or
7 processes. Such methods include cell fusion, microencapsulation and macroencapsulation, and
8 recombinant DNA technology (including gene deletion, gene doubling, introducing a foreign
9 gene, and changing the positions of genes when achieved by recombinant DNA technology).

10 Such methods do not include the use of traditional breeding, conjugation, fermentation,
11 hybridization, in vitro fertilization, or tissue culture.

12 “Genetically engineered plant part” shall mean a whole plant or plant part, including
13 scions intended for planting, which contains material derived from a genetically engineered seed
14 or is itself produced using the methods described in the definition of genetically engineered seed.

15 SECTION 2. Said Chapter 128 is hereby amended by adding after section 89 the
16 following new section:-

17 Section 89A. Genetically engineered seeds; labeling or tagging containers

18 Each container of genetically engineered seed distributed, offered for sale or exposed for
19 sale within the commonwealth shall bear the identity of such seed, relevant traits or
20 characteristics of the seed that cause it to be defined as genetically engineered, plus any legal
21 requirements or recommended precautions for their safe handling, storage, transport, and use, the
22 contact point for further information and, as appropriate, the name and address of the
23 manufacturer, distributor, or supplier of such seed.

24 The commissioner shall promulgate regulations requiring the annual reporting by
25 manufacturers or processors of all genetically engineered seed and genetically engineered plant
26 parts distributed, sold or exposed for sale within the commonwealth, as to the nature of sales of
27 genetically engineered seed and genetically engineered plant products during the previous
28 calendar year.

29 SECTION 3. Section 93 of Said Chapter 128 is hereby amended in line 3 by striking out
30 the words “flower or tree and shrub”, and inserting in place thereof the following words:-

31 “flower, tree and shrub or genetically engineered”

32 SECTION 4. Said Section 93 is hereby further amended in line 11 by striking out the
33 words “flower and tree or shrub”, and inserting in place thereof the following words:-

34 “flower, tree and shrub or genetically engineered”

35 SECTION 5. This act shall take effect July 1, 2017.
