Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 3 of chapter 22E of the General Laws, as appearing in the 2014

5 imprisonment in the state prison and any person adjudicated a youthful offender by reason of an
6 offense that would be punishable by imprisonment in the state prison if committed by an adult
7 shall submit a DNA sample to the department within 6 months of such conviction or adjudication
8 or, if incarcerated, within the first 6 months of such incarceration or before release from custody,
9 whichever occurs first.

10 (b) Any person who is arrested by virtue of process, or is taken into custody by an officer
11 and charged with the commission of: (i) an offense listed in clause (i) of subsection (b) of section

17 person is required to submit a DNA sample under this section. The sample shall be collected by
18 a person authorized under section 4 of this chapter subsequent to arraignment, in accordance
19 with regulations or procedures established by the director. The results of such sample shall be
20 made part of the state DNA database. In the event the department is unable to complete DNA
21 analysis on a sample provided pursuant to this section or any sample so provided fails to yield a
22 DNA record, the person required to submit a DNA sample pursuant to this section shall, within 6
23 months of notice from the director, submit additional DNA samples until DNA analysis is
24 completed and results in the production of a DNA record. The submission of such DNA sample
25 shall not be stayed pending a sentence appeal, motion for new trial, appeal to an appellate court
26 or other post conviction motion or petition.

27 SECTION 2. Section 5 of chapter 22E of the General Laws, as appearing in the 2014

Each day a person fails, as required by section 3, to submit a DNA sample shall, until such DNA sample is so provided, constitute a separate offense.

(c) If the person has more than one entry in the state DNA database, CODIS, or the state DNA data bank, only the entry related to the dismissed case shall be deleted.

(d) The trial court and probation department shall work in conjunction with the director to establish and implement a system for the electronic notification to the department whenever a DNA sample is required to be destroyed pursuant to this section. The department shall notify the person upon destroying the DNA sample and completing its responsibilities under this subsection.

(e) If a DNA sample is matched to another DNA sample during the course of a criminal investigation, the record of the match shall not be expunged even if the sample itself is expunged in accordance with the provisions of this section.
