Section 5:-No person or entity conducting business in Massachusetts that accepts an access device in connection with a transaction shall retain the card security code data, the PIN verification code number, or the full contents of any track of magnetic stripe data, subsequent to the authorization of the transaction or in the case of a PIN debit transaction, subsequent to 48 hours after authorization of the transaction. Section 6:- Whenever there is a breach of the security of the system of a person or entity that has violated this section, or that person's or entity's service provider, that person or entity shall reimburse the financial institution that issued any access devices affected by the breach for the costs of reasonable actions undertaken by the financial institution as a result of the breach in order to protect the information of its cardholders or to continue to provide services to cardholders, including but not limited to, any cost incurred in connection with:

(5) the notification of cardholders affected by the breach.

The financial institution is also entitled to recover costs for damages paid by the financial institution to cardholders injured by a breach of the security of the system of a person or entity that has violated this section. Costs do not include any amounts recovered from a credit card company by a financial institution. The remedies under this subdivision are cumulative and do not restrict any other right or remedy otherwise available to the financial institution.

Section 7:- This chapter does not relieve a person or agency from the duty to comply with requirements of any applicable general or special law or federal law regarding the protection and

110 privacy of personal information; provided however, a person who maintains procedures for
111 responding to a breach of security pursuant to federal laws, rules, regulations, guidance, or
112 guidelines, is deemed to be in compliance with this chapter if the person notifies affected
113 Massachusetts residents in accordance with the maintained or required procedures when a breach
114 occurs; provided further that the person also notifies the attorney general and the director of the
115 office of consumer affairs and business regulation of the breach as soon as practicable and
116 without unreasonable delay following the breach. The notice to be provided to the attorney
117 general and the director of the office of consumer affairs and business regulation shall consist of,
118 but not be limited to, any steps the person or agency has taken or plans to take relating to the
119 breach pursuant to the applicable federal law, rule, regulation, guidance or guidelines; provided
120 further that if said person or agency does not comply with applicable federal laws, rules,
121 regulations, guidance or guidelines, then it shall be subject to the provisions of this chapter.

122 Section 8: The attorney general may bring an action pursuant to section 4 of chapter 93A
123 against a person or otherwise to remedy violations of this chapter and for other relief that may be
124 appropriate.
