"Carrier", an insurer licensed or otherwise authorized to transact accident or health insurance under chapter 175; a nonprofit hospital service corporation organized under chapter 176A; a nonprofit medical service corporation organized under chapter 176B; a health maintenance organization organized under chapter 176G; and an organization entering into a preferred provider arrangement under chapter 176I; or a third party administrator, a pharmacy benefit manager or other similar entity with claims data, eligibility data, provider files and other information relating to health care provided to residents of the commonwealth and health care provided by health care providers in the commonwealth; provided, however, that "carrier" shall

not include any entity to the extent it offers a policy, certificate or contract that does not qualify as creditable coverage as defined in section 1 of chapter 111M; provided, further, that "carrier" shall include an entity that offers a policy, certificate or contract that provides coverage solely for dental care services or visions care services.

"Self-insured group", a self-insured or self-funded employer group health plan.

"Third-party administrator", a person who, on behalf of a health insurer or purchaser of health benefits, receives or collects charges, contributions or premiums for, or adjusts or settles claims on or for residents of the commonwealth.

(2) Any carrier required to report under this section, which provides administrative services to 1 or more self-insured groups shall include, as an appendix to such report, the following information:

(i) the number of the carrier's self-insured customers;

(ii) the aggregate number of members, as defined in section 1 of chapter 176J, in all of the carrier's self-insured customers;

(iii) the aggregate number of lives covered in all of the carrier's self-insured customers;

(iv) the aggregate value of direct premiums earned, as defined in said section 1 of said chapter 176J, for all of the carrier's self-insured customers;

(v) the aggregate value of direct claims incurred, as defined in said section 1 of said chapter 176J, for all of the carrier's self-insured customers;

(vi) the aggregate medical loss ratio, as defined in said section of said chapter 176J, for all of the carrier's self-insured customers;

(vii) net income;

(viii) accumulated surplus;

(ix) accumulated reserves;

(x) the percentage of the carrier's self-insured customers that include each of the benefits mandated for health benefit plans under chapters 175, 176A, 176B and 176G;

(xi) amount of downside risk, as defined in Chapter 176T section 1, transferred to each certified risk bearing provider organization where the carrier has entered into a contractual agreement that utilizes an alternate payment methodology with downside risk;

(xii) administrative service fees paid by each of the carrier's self-insured customers; and

(xiii) any other information deemed necessary by the commissioner.

(c) A carrier who fails to file this report on or before April 1 shall be assessed a late penalty not to exceed \$100 per day. The division shall make public all of the information collected under this section. The division shall issue an annual summary report to the joint committee on financial services, the joint committee on health care financing and the house and senate committees on ways and means of the annual comprehensive financial statements by May 15. The information shall be exchanged with the center for health information and analysis for

109 use under section 10 of chapter 12C. The division shall, from time to time, require payers to  
110 submit the underlying data used in their calculations for audit.

111 The commissioner shall adopt regulations to carry out this subsection, including  
112 standards and procedures requiring the registration of persons or entities not otherwise licensed  
113 or registered by the commissioner, such as third-party administrators, and criteria for the  
114 standardized reporting and uniform allocation methodologies among carriers.

115 The commissioner shall establish a formula to determine the amount of reserves,  
116 allocated on an annual basis, to each risk bearing provider organization by each carrier that has  
117 entered into an alternative payment methodology with downside risk. The amount to be  
118 allocated shall be based on the proportion of risk that the carrier is shifting to the certified risk  
119 bearing provider organization. The Division shall promulgate rules to carry out the provision of  
120 this subsection, which shall include reporting of such information as part of its requirements for  
121 approval of a risk bearing provider organization under Section 3(c) of Chapter 176T.

122 d) If, in any year, a carrier reports a risk-based capital ratio on a combined entity basis  
123 under subsection (a) that exceeds 600 per cent, the division shall hold a public hearing within 60  
124 days. Each carrier that exceeds 600 per cent shall be publicly listed on the Division's website.  
125 The carrier shall submit testimony on its overall financial condition and the continued need for  
126 additional surplus. The carrier shall also submit testimony on how, and in what proportion to the  
127 total surplus accumulated, the carrier will dedicate additional surplus to reducing the cost of  
128 health benefit plans. The division shall review such testimony and issue a final report on the  
129 results of the hearing. The Division's report shall be made publicly available on the Division's  
130 website.

131           (e) The commissioner may waive specific reporting requirements in this section for  
132   classes of carriers for which the commissioner deems such reporting requirements to be  
133   inapplicable; provided, however, that the commissioner shall provide written notice, which shall  
134   be a public record, of any such waiver to the joint committee on health care financing and the  
135   house and senate committees on ways and means.

136           SECTION 2. The Commissioner of Insurance shall promulgate regulations to enforce the  
137   provisions of this Act no later than 90 days after the effective date, which shall be effective for  
138   provider contracts which are entered into, renewed, or amended on or after the regulations  
139   effective date.
