Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Notwithstanding any special or general law to the contrary, no later than

For purposes of this section the term “case” shall mean one defendant with one set of related criminal charges. The report shall indicate, of those cases or petitions, the number where the Commonwealth was represented by an assistant district attorney. The report shall also indicate, of those cases or petitions, the number where the defendant was represented by a public defender employed by the Committee for Public Counsel Services and the number where the defendant was represented by a private attorney employed by the Committee for Public Counsel Services.

SECTION 2. Notwithstanding any special or general rule to the contrary, in determining budgets for fiscal year 2017 and each fiscal year thereafter, the executive office of administration and finance and the House and Senate committees on ways and means shall weight all cases as follows: each district court criminal case and juvenile delinquency case shall be counted as one; each petition seeking a commitment under G.L. ch. 123A shall be counted as three; each superior court criminal case shall be counted as three; and each homicide or manslaughter case shall be counted as four. From these weights there shall be determined a caseload ratio for the District Attorneys and the Committee for Public Counsel Services. On or after January 1, 2017, in no event shall the annual total appropriation, including supplemental funding, for the District Attorneys or the criminal caseload of the Committee for Public Counsel Services exceed this ratio by more than 10%.
