An Act establishing an unfunded student reserve fund.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 Chapter 29 of the General Laws is hereby amended by inserting after section 2QQQQ, as  
2 appearing in section 14 of chapter 359 of the acts of 2014, the following section:-

3 Section 2RRRR. (a) There shall be established and set upon the books of the  
4 commonwealth a separate fund to be known as the Unfunded Student Reserve Fund to be  
5 expended, without further appropriation, by the department of elementary and secondary  
6 education. The fund shall consist of public and private sources, which may include  
7 appropriations, gifts, grants and donations, interest earned on such revenues and any funds  
8 provided from other sources. Revenues deposited in the fund that are unexpended at the end of

9 the fiscal year shall not revert to the General Fund and shall be available for expenditure in the  
10 following fiscal year.

11 (b) The board of elementary and secondary education, as trustee, shall administer the  
12 fund and shall make expenditures from the fund consistent with this section; provided, however,  
13 that the fund ought to maintain a balance of no less than \$2,000,000 nor more than  
14 \$30,000,000; and provided further, that no more than 8 per cent of the amounts held in the fund  
15 in any 1 fiscal year shall be used by the board for the costs of administering the fund.

16 (c) The Unfunded Student Reserve Fund shall be used to reimburse school districts  
17 receiving a large number of new students over the course of the fiscal year, the cost of which  
18 may not reasonably be anticipated for the purposes of calculating the foundation enrollment and  
19 foundation budget for each district pursuant to chapter 70.

20 (d) The board of elementary and secondary education shall establish a process through  
21 regulation by which districts shall apply to and receive reimbursement from the fund. The  
22 process shall, at a minimum, require that: (1) a district may only receive reimbursement from the  
23 fund if the district has a net enrollment of more than 100 new students between October 1 of the  
24 previous year and March 1 of the year in which the district is applying; (2) the application  
25 deadline shall be March 1 of each year; (3) reimbursement shall be provided on or before April  
26 15 of each year; and (4) reimbursement shall be equal to (i) the state portion of the foundation  
27 budget for the current fiscal year for each new pupil enrolled between October 1 of the previous  
28 year and March 1 of the year in which the district is applying, or (ii) a pro-rated amount,  
29 determined by the board of elementary and secondary education, based on available funds and  
30 the number of students across the commonwealth who qualify for such funding.
