72 lost his

73 or her employment for:

74 (1) Back pay at the average regular rate of compensation received by the employee
75 during the

76 last three years of his or her employment, or the employee's final rate of compensation,

79 had his or her employment not been lost, including the cost of any medical expenses incurred by
80 the employee that would have been covered under an employee benefit plan.

81 (3) Liability under this section is calculated for the period of the employer's violation, up
82 to a

83 maximum of 60 days, or one-half the number of days that the employee was employed by

104 (1) As of the time that notice would have been required, the employer was actively
105 seeking

106 capital or business.

107 (2) The capital or business sought, if obtained, would have enabled the employer to avoid
108 or
109 postpone the plant closing, partial closing, or mass layoff.

110 (3) The employer reasonably and in good faith believed that giving the notice required by
111 this
112 section would have precluded the employer from obtaining the needed capital or
113 business.

114 (h) The commissioner may not determine that the employer was actively seeking capital
115 or
116 business under paragraph (g) unless the employer provides the department with both of
117 the

119 (1) A written record consisting of all documents relevant to the determination of whether
120 the
121 employer was actively seeking capital or business, as specified by the commissioner.
