7 Norfolk Sheriff’s Department

8 8910-XXXX For the Norfolk County Sheriff’s department to establish a pilot program  
9 for free access to drug testing for parents of minor children, and financial assistance with  
10 counseling and rehabilitative services pursuant to section 3 of this act.....\$500,000.

11 SECTION 3. The Norfolk Sheriff's department, hereinafter the department, shall  
12 establish a pilot program to provide drug testing services to parents or legal guardians of a minor  
13 child who suspect that their minor child may be illegally using controlled substances, and to  
14 provide financial assistance towards the cost of counseling and rehabilitative and services to  
15 persons who are unable to afford such programs, at the office of community corrections in  
16 Quincy, 1 or more days per week.

17 The drug tests shall be conducted as a urinalysis with results available in 24 to 48 hours  
18 from the time of the administration of the test, and shall be administered privately by department

21 The department may, at the Sheriff's discretion, offer counseling and rehabilitative

39 statement of the terms of the test and the confidentiality of the test results as described herein,  
40 and consenting to the sharing of the drug test results with a specifically authorized parent or legal
