The Commonwealth of Massachusetts

CHARLES D. BAKER
GOVERNOR

OFFICE OF THE GOVERNOR
COMMONWEALTH OF MASSACHUSETTS
24 BEACON STREET · BOSTON, MA 02133

KARYN POLITO
LIEUTENANT GOVERNOR

April 25, 2017

To the Honorable Senate and House of Representatives,

Almost two years ago today, I issued an Executive Order Re-Launching the Governor’s Council to Address Sexual Assault and Domestic Violence. The Council, led by Lieutenant Governor Polito, has made tremendous contributions to the work being done every day by agencies across state government to fight sexual assault and domestic violence.

Over the course of nearly one dozen meetings, Council members have identified important changes and additions that should be made to the laws governing how Massachusetts addresses the harmful distribution of sexually explicit visual materials by both adults and teenagers. In response to the thoughtful work done by the Council, I am submitting for your consideration “An Act Relative to the Harmful Distribution of Sexually Explicit Visual Material.”

Under current law, minors who engage in peer to peer distribution of sexually explicit visual material are subject to prosecution for the distribution or possession of child pornography. These felony offenses are too severe a sanction for conduct that, while covered by the respective statutes, is not what lawmakers had in mind when they outlawed child pornography. The legislation I am filing today addresses this issue in three ways.

First, the legislation creates a presumption that any child charged with distributing or possessing child pornography should be placed in an educational diversion program rather than go through the juvenile justice process and potentially be committed to the Department of Youth

Services. District Attorneys and the Attorney General will retain prosecutorial discretion to use the juvenile justice process in appropriate cases, but the default should be diversion rather than prosecution.

Second, for those cases in which the juvenile justice system is appropriate, this legislation gives law enforcement a new tool, allowing minors to be charged with a misdemeanor rather than a felony. Juveniles prosecuted for this new misdemeanor offense would be entitled to the same presumption that they should be diverted from the juvenile justice system.

Third, and most importantly, this legislation requires schools to provide age-appropriate education on the risks and harmful effects of the creation, possession, and distribution of sexually explicit visual depictions of minors as they relate to cyber-bullying. Using school's existing cyber-bullying programming as a framework, this will promote prevention and early intervention, and reduce the number of teens engaged in harmful distribution of these sorts of images.

Finally, Massachusetts law has a gap when it comes to the conduct widely referred to as "revenge pornography." We have laws punishing the non-consensual recording of sexually explicit images of unsuspecting people. Our laws do not address, however, when a person takes a sexually explicit image or recording that was lawfully obtained and then distributes it with the intent to harm the person depicted and without that person's consent. The harm suffered by the victims of this misconduct can be significant, and our laws should recognize the serious nature of this behavior with a serious consequence. This legislation closes the gap in our law by creating a new felony offense and empowering judges in criminal proceedings to issue appropriate orders to restrain or prevent the future commission of the new offense. Over thirty other states have taken similar steps to protect their citizens by criminalizing this conduct. The citizens of Massachusetts deserve the same of protections.

I urge your prompt enactment of this legislation.

Respectfully submitted,

Charles D. Baker,
Governor

The Commonwealth of Massachusetts

**In the One Hundred and Ninetieth General Court
(2017-2018)**
