17 service rendered to the date of the measurement, pursuant to this act as determined by an actuary,
18 pursuant to section 2.

19 "Premium costs and claim costs", the amounts payable by the town for the provision of
20 retiree health and life insurance.

24 "Unfunded OPEB liability amortization payments", the amount which, when paid into the
25 OPEB Trust Fund annually over a period of years together with the normal cost of other post-
26 employment benefits for each year of said period of years, will reduce to 0 at the end of said
27 period the unfunded OPEB liability in existence as of the beginning of said period, as determined
28 by an actuary.

29 Section 2. (a) There shall be in the town of Wellesley an OPEB Trust Fund, which shall
30 be under the supervision and management of a trustee who shall be the town treasurer. The town
31 treasurer shall also be the custodian of the fund and may employ an outside custodial service.
32 The fund shall be an expendable trust. All monies held in the fund shall be accounted for
33 separately from other funds of the town and shall not be subject to the claims of any general
34 creditor of the town.

35 (b) The duties and obligations of the trustee with respect to the fund shall be set forth in
36 a declaration of trust created by the town's contributory retirement board established pursuant to
37 paragraph (b) of subdivision (4) of section 20 of chapter 32 of the General Laws and adopted by
38 the trustee, but shall not be inconsistent with this section. The declaration of trust and any
39 amendments thereto shall be filed with the board of selectmen and town clerk and take effect 90
40 days after the date filed, unless town meeting votes to disapprove the declaration or amendment
41 within that period.

42 (c) The fund shall be credited with all amounts: (i) appropriated or otherwise made
43 available by the town for the purposes of meeting the current and future premium costs and claim
44 costs payable by the town on behalf of, or direct payments to, retired employees of the town and
45 the eligible surviving spouses or dependents of deceased employees of the town pursuant to this
46 act and (ii) currently held by the town's contributory retirement board for such purposes.
47 Amounts in the fund including any earnings or interest accruing from the investment of such
48 amounts shall be expended only for the payment of such premium costs and claim costs payable
49 by the town on behalf of, or direct payments to, retired employees of the town and the eligible
50 surviving spouses or dependents of deceased employees of the town, except as otherwise
51 provided in this act, and only in accordance with a schedule of such payments developed by an
52 actuary in consultation with the town's contributory retirement board. Subject in each instance to
53 the approval of the town's contributory retirement board, the town treasurer shall invest and
54 reinvest the amounts in the fund not needed for current disbursement consistent in accordance
55 with (i) the prudent investor rule established in chapter 203C of the General Laws; (ii) section 23
56 of said chapter 32; or (iii) sections 24 and 24A of chapter 32A of the General Laws, if the OPEB
57 Trust Fund is invested in the State Retiree Benefits Trust Fund; provided, however, that no funds

58 shall be invested directly in mortgages or in collateral loans. The fund shall be subject to the
59 public employee retirement administration commission's triennial audit.

60 (d) The trustee may employ any qualified bank, trust company, corporation, firm or

62 such other services as determined by the town's contributory retirement board.

63 Section 3. (a) An actuary shall determine, as of January 1, 2003, and no less frequently
64 than every second year thereafter, the normal cost of other post-employment benefits, the OPEB
65 liability, and the unfunded OPEB liability. All such determinations shall be made in accordance
66 with generally accepted actuarial standards, and the actuary shall make a report of such
67 determinations. The report shall, without limitation, detail the demographic and economic
68 actuarial assumptions used in making such determinations, and each such report subsequent to
69 the first such report shall also include an explanation of the changes, if any, in the demographic
70 and economic actuarial assumptions employed and the reasons for any such changes, and shall
71 also include a comparison of the actual expenses by the town for premium costs and claim costs
72 constituting the OPEB liability during the period since the last such determination, and the
73 amount of such expenditures which were predicted pursuant to the previous such report for the
74 period.

75 (b) An actuary, in consultation with the town's contributory retirement board, shall
76 establish a schedule of annual payments to be made to the OPEB Trust Fund designed to reduce
77 to 0 the unfunded OPEB liability. The schedule shall reduce the initial unfunded OPEB liability
78 over a period of years not to exceed 30. Any additional unfunded liability created subsequent to
79 the last such determination by the provision of any new benefit or by any increase in the

80 premium share payable by the town shall be separately so amortized over the 15 years following
81 the date of the determination in which such additional liability is first recognized. Each such
82 annual payment shall be equal to the sum of the unfunded OPEB liability amortization payment
83 required for such year and the payments required to meet the normal cost of other post-
84 employment benefits for such fiscal year.

85 (c) All payments for the purposes of meeting the town's share of premium costs and claim
86 costs or direct payments to retired employees of the town and the surviving spouses or
87 dependents of deceased employees of the town pursuant to this act shall be made from the OPEB
88 Trust Fund in accordance with a schedule of disbursements established by the actuary.

89 SECTION 2. This act shall take effect upon its passage.
