- "Recovery vehicle", a vehicle that is specifically designed to assist a disabled vehicle orto tow a disabled vehicle.
  - "Utility Vehicle," a vehicle being used to install, maintain, repair, operate, or restore communications service, electric or gas distribution or transmission service in an emergency and that is operated by an employee of or a person under contract with a company incorporated for the transmission of intelligence by electricity or by telephone, or an electric distribution, transmission, or natural gas distribution company as defined by section 1 of chapter 164.
  - (b) Upon approaching a stationary emergency vehicle, highway maintenance vehicle, utility vehicle or recovery vehicle with flashing lights an operator shall:
  - (1) proceed with due caution, reduce the speed of the vehicle to that of a reasonable and safe speed for road conditions, and, if practicable and on a highway having at least 4 lanes with not less than 2 lanes proceeding in the same direction as the operator's vehicle, yield the right-of-way by making a lane change into a lane not adjacent to that of the emergency response vehicle, highway maintenance vehicle or recovery vehicle; or
  - (2) if changing lanes is impracticable, proceed with due caution and reduce the speed of the vehicle to that of a reasonable and safe speed for road conditions.
    - (c) Violation of this section shall be punished by a fine of not more than \$100.
