By Mr. Eldridge, a petition (accompanied by bill, Senate, No. 1844) of James B. Eldridge, Lori A. Ehrlich, Jason M. Lewis and Kate Hogan for legislation relative to energy efficiency funds generated by municipal lighting plants. Telecommunications, Utilities and Energy.

The Commonwealth of Massachusetts

**In the One Hundred and Ninetieth General Court
(2017-2018)**

An Act relative to energy efficiency funds generated by municipal lighting plants.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 25 of the General Laws is hereby amended by inserting after
2 section 23 the following section:-

3 Section 24. In addition to any other amounts derived from sources internal or external to
4 municipal lighting plants, costs associated with energy efficiency programs including but not
5 limited to, demand side management programs established by such municipal lighting plants,
6 shall be funded, without further appropriation, from those amounts generated from cap and trade
7 pollution control programs, including, but not limited to, and subject to section 22 of chapter
8 21A, amounts generated by the carbon dioxide allowance trading mechanism established under
9 the Regional Greenhouse Gas Initiative Memorandum of Understanding, as defined in subsection
10 (a) of section 22 of chapter 21A. Such amounts shall be allocated based on the percentage of
11 each municipal lighting plants' electricity sales relative to total electricity sales statewide as
12 determined by the Department of Energy Resources and not less than 80 per cent of such

13 allocated amounts shall be returned to such Municipal Lighting Plants for implementation of
14 such aforementioned programs.

15 Such municipal lighting plants' programs funded by those additional amounts pursuant to
16 this section shall be administered by each municipal lighting plant through either the
17 Massachusetts Municipal Wholesale Electric Company or Energy New England LLC or their
18 successors as determined by each municipal lighting plant.

19 Each municipal lighting plant shall include an itemization of expenditures of those funds
20 received under this section in its annual return filed pursuant to section 63 of chapter 164.

21 A municipal light plant may annually at its option elect not to participate in those
22 additional amounts available under this section. In the event of such election such municipal
23 lighting plant would not be subject to the energy efficiency and demand side management
24 programs requirements established under this section.

25 Any amounts distributed pursuant to and received by municipal lighting plants under this
26 section shall not subject municipal lighting plants to any other general or special law.
