The Commonwealth of Massachusetts

In the One Hundred and Ninetieth General Court
(2017-2018)

SECTION 1. To provide for the operations of the several departments, boards, commissions and institutions of the commonwealth and other services of the commonwealth and for certain permanent improvements and to meet certain requirements of law, the sums set forth in this act, for the several purposes and subject to the conditions specified, are hereby appropriated from the General Fund unless specifically designated otherwise, subject to the laws regulating the disbursement of public funds and the approval thereof for the fiscal year ending June 30, 2018. All sums appropriated under this act, including supplemental and deficiency budgets, shall be expended in a manner reflecting and encouraging a policy of nondiscrimination and equal opportunity for members of minority groups, women and persons with a disability. All officials and employees of an agency, board, department, commission or division receiving funds under this act shall take affirmative steps to ensure equality of opportunity in the internal affairs of state government and in their relations with the public, including those persons and organizations doing business with the commonwealth. Each agency, board, department, commission or division of the commonwealth, in spending appropriated sums and discharging its statutory responsibilities, shall adopt measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rates of compensation, in-service or apprenticeship training programs and all terms and conditions of employment.

SECTION 1A. In accordance with Articles LXIII and CVII of the Articles of Amendment to the Constitution of the commonwealth and section 6D of chapter 29 of the General Laws, it is hereby declared that the amounts of revenue set forth in this section by source for the respective funds of the commonwealth for the fiscal year ending June 30, 2018 are necessary and sufficient to provide the means to defray the appropriations and expenditures from such funds for fiscal year 2018 as set forth and authorized in this act. The comptroller shall keep a distinct account of actual receipts from each such source by each such fund to furnish the executive office for administration and finance and the house and senate committees on ways and means with quarterly statements comparing those receipts with the projected receipts set forth in this section and shall include a full statement comparing the actual and projected receipts in the annual report for fiscal year 2018 pursuant to section 12 of chapter 7A of the General Laws. The quarterly and annual reports shall also include detailed statements of any other sources of revenue for the budgeted funds in addition to those specified in this section.

SECTION 3. Notwithstanding any general or special law to the contrary, for the fiscal year ending June 30, 2018 the distribution to cities and towns of the balance of the State Lottery and Gaming Fund, as paid from the General Fund in accordance with clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, and additional funds from the General Fund and the Gaming Local Aid Fund, shall be \$1,061,783,475 and shall be apportioned to cities and towns in accordance with this section.

Notwithstanding section 2 of chapter 70 of the General Laws or any other general or special law to the contrary, except for section 12B of chapter 76 and section 89 of chapter 71 of the General Laws, for fiscal year 2018 the total amounts to be distributed and paid to each city and town from item 7061-0008 of section 2 shall be as set forth in the following lists. The specified amounts distributed from said item 7061-0008 of said section 2 shall be deemed in full satisfaction of the amounts due under chapter 70 of the General Laws.

For fiscal year 2018, the foundation budget category of "low income enrollment" for the purpose of calculating foundation enrollment shall be the number of students identified as economically disadvantaged by qualifying as a match in the commonwealth's direct certification system through the executive office of health and human services' virtual gateway system under the programs and categories of assistance used to match for the fiscal year 2017 foundation budget. The economically disadvantaged decile assignment and rate methodology shall be calculated in the same manner as in fiscal year 2017. The foundation budget rates for the employee benefits and fixed charges category shall be increased to \$414.79 for pre-school and half day kindergarten; \$829.55 for full day kindergarten; \$829.59 for elementary; \$810.59 for middle school; \$761.96 for high school; \$3,259.68 for in-school special education; \$505.99 for limited English pre-school and half day kindergarten; \$1,002.45 for limited English all other grades and \$1,196.77 for vocational. For the foundation budget enrollment category of special education out of district, the total rate shall be increased to \$27,637.26. For the enrollment category of special education in district, the assumed in-district special education enrollment shall be 4% of non-vocational foundation enrollment and 5% of vocational foundation enrollment. All other foundation budget categories for each district shall be calculated in the same manner as in fiscal year 2017. The target local share shall be calculated using the same methodology used in fiscal year 2017. Preliminary local contribution shall be the municipality's fiscal year 2017 minimum required local contribution, increased or decreased by the municipal revenue growth factor; provided, that if a municipality's preliminary local contribution as a percentage of its foundation budget is more than 2.5 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 1 percentage point; and if a municipality's preliminary contribution as a percentage of its foundation budget is more than 7.5 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 2 percentage points. Minimum required local contribution for fiscal year 2018 shall be, for any municipality with a fiscal year 2018 preliminary contribution greater than its fiscal year 2018 target contribution, the preliminary local contribution reduced by 85 per cent of the gap between the preliminary local contribution and the target local contribution. No minimum required local contribution shall be greater than 90 per cent of the district's foundation budget amount. Required local contribution shall be allocated among the districts to which a municipality belongs in direct proportion to the foundation budgets for the municipality's pupils at each of those districts. For fiscal year 2018, the "foundation aid increment" shall be the difference between: (i) the positive difference between a district's foundation budget and its required district

contribution; and (ii) prior year aid. The "minimum aid increment" shall be equal to \$30 multiplied by the district's foundation enrollment minus the foundation aid increment. Districts that are significantly and negatively impacted by the change in low-income enrollment measurement shall receive transitional relief as included in the chapter 70 distributions in this section.

Chapter 70 aid for fiscal year 2018 shall be the sum of prior year aid plus the foundation aid increment, if any, plus the minimum aid increment, if any. No non-operating district shall receive chapter 70 aid in an amount greater than the district's foundation budget. Transitional relief, if any, shall be added to the chapter 70 distribution of this section but shall not be added to base aid for the calculation of chapter 70 aid for fiscal year 2019.

If there is a conflict between the language of this section and the distribution listed below, the distribution below shall control.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994, and for any district that has not accepted the provisions of section 260 of chapter 165 of the acts of 2014, provided that any district for whom such costs are not so considered shall have included as part of net school spending an amount equal to the increase in the foundation budget for the district associated with health care costs of retired teachers.

No payments to cities, towns or counties maintaining an agricultural school under this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted pursuant to section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district, or agricultural school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of administration and finance, under guidelines established by the secretary.

The operator shall be liable for any unpaid excise resulting from any such misrepresentations. An intermediary shall not be liable for any over collection of the excise if the excise collected was remitted to the commissioner and the over collection resulted from the intermediary's reasonable reliance on the operator's representations about the nature of the property being rented or the nature of the occupancy or whether such property was exempt from the excise. The operator shall be liable for monetary damages to the occupant resulting from any such misrepresentations.

The commissioner may promulgate rules and regulations for assessing, reporting, collecting, remitting and enforcing the room occupancy excise pursuant to this section.

“Uptake rate”, the total number of employees who are enrolled in an employer's employer-sponsored group health insurance plan divided by an employer's total full-time equivalent employees.

(2) The secretary, in consultation with participating agencies, shall establish, through regulation, the employer contribution rate, minimum qualified offer and minimum uptake rate.

(3) The commissioner shall calculate an employer's liability based on the employer contribution rate established for those employers that either: (i) do not provide a minimum qualified offer to their employees; or (ii) do not meet the minimum uptake rate.

The secretary, in consultation with the participating agencies, shall establish an employer contribution rate that is: (i) tiered at 2 or 3 levels based on the employer's number of employees; or (ii) a marginal contribution rate that is greater for employers with a large number of employees.

The secretary shall, when establishing the employer contribution rate, consider factors including, but not limited to: an employer's contribution towards the minimum qualified offer; an employer's number of employees; whether an employee resides in the commonwealth; the number of part-time employees employed by an employer; and employee access to alternative qualifying health insurance through a spouse's plan, a parent's plan, a veteran's plan, Medicare,

The hardship waiver may reduce or fully exempt an employer from its liability under the employer contribution.

(6) The total employer contribution of each employer shall be calculated as follows for each quarter:

(i) If an employer does not make a minimum qualified offer, then the employer shall be assessed $\frac{1}{4}$ of the employer contribution rate multiplied by the employer's total full-time equivalent employees minus 10 full-time equivalent employees;

(ii) If an employer makes a minimum qualified offer but has an uptake rate less than the minimum uptake rate, the employer contribution shall be $\frac{1}{4}$ of the employer contribution rate multiplied by the product of the difference between the minimum uptake rate and the employer's

uptake rate times the total full-time equivalent employees minus 10 full-time equivalent employees; or

(iii) If an employer makes a minimum qualified offer and has an uptake rate of greater than, or equal to, the minimum uptake rate, the employer contribution shall be zero.

(7) If the secretary establishes the employer contribution rate under this subsection, employers shall, unless otherwise specified by the commissioner, file quarterly returns with the commissioner declaring the amount of their liability under this subsection, or claiming exemption from liability, and shall pay over the amount to the commissioner of revenue. The return shall be filed and payment shall be made in the form and manner and at the time determined by the commissioner. The return shall provide such information as the commissioner may require.
