In the One Hundred and Ninetieth General Court (2017-2018)

An Act reducing plastic bag pollution.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

- SECTION 1. The General Laws are hereby amended by inserting after chapter 210 the
- 2 following chapter:
- 3 CHAPTER 21P.

recycled material does not include materials and byproducts generated from, and commonly reused within, an original manufacturing and fabrication process.

"Recycled paper bag", a paper bag that is (i) 100 per cent recyclable; (ii) contains a minimum of 40 per cent postconsumer recycled materials, provided, however, that an 8 pound or smaller recycled paper bag shall contain a minimum of 20 per cent postconsumer recycled material; and (iii) displays the words "Recyclable" and "made from 40% post-consumer recycled content" or other applicable amount in a visible manner on the outside of the bag.

"Reusable grocery bag", a sewn bag with stitched handles that is (i) specifically designed and manufactured for at least 175 uses; (ii) can carry 25 pounds over a distance of 300 feet; and (iii) is made of cloth or other machine-washable fabric other than polyethylene or polyvinyl chloride.

"Single-use carryout bag", a bag made of plastic, paper, or other material that is provided by a store to a customer at the point of sale and that is not a recycled paper bag or a reusable grocery bag. A single-use carryout bag does not include the following: (i) a bag provided by a pharmacy to a customer purchasing a prescription medication; (ii) a non-handled bag used to protect items from damaging or contaminating other purchased items placed in a recycled paper bag, a reusable grocery bag, or a compostable plastic bag; (iii) a bag provided to contain an unwrapped food item; or (iv) a non-handled bag that is designed to be placed over articles of clothing on a hanger.

"Store", a retail establishment with gross interior space of 3000 square feet or larger, exclusive of stockroom, office, storage and other space ancillary of a publicly accessible space

intended to be frequented by consumers, or at least 3 locations under the same ownership or brand name within the commonwealth.

- Section 2. (a) Except as provided in this section on and after August 1, 2018, a store shall not provide a single-use carryout bag to a customer at the point of sale.
 - (b) From the date of enactment until August 1, 2018, a store may make available for purchase at the point of sale a single-use carryout bag, reusable grocery bag, or recycled paper bag. A store that makes single-use carryout bags, reusable grocery bags, or recycled paper bags available for purchase prior to August 1, 2018 shall not sell the single-use carryout bag, reusable grocery bag, or recycled paper bag for less than \$0.10.
 - (c) On and after August 1, 2018, a store may make available for purchase a recycled paper bag, for a charge of no less than \$0.10.
 - (d) On and after August 1, 2018, a store may make available for purchase a reusable grocery bag, for a charge of no less than \$0.10.
 - (e) All moneys collected pursuant to this section shall be retained by the store.
 - (f) The department of environmental protection shall promulgate regulations with regard to the enforcement of this chapter.
 - Section 3. Nothing in this chapter shall preempt further limitation of single-use carryout bags by any political subdivision of the commonwealth enacted after the enactment of this law; provided, however, that any municipality with an existing ordinance or by-law banning plastic bags shall be exempt from subsection (b) of section 2 of this act.
