REPORT ORGANIZATION

This report is published annually by the Division of Capital Asset Management and Maintenance (DCAMM) in accordance with the requirements of Chapter 7C, Section 39. The information contained herein was compiled and analyzed by the Commonwealth Asset Management Information System (“CAMIS”), administered through the DCAMM Office of Finance and Administration.

This report is available online at <https://www.mass.gov/service-details/commonwealth-report-on-real-property>.

The information in the report is contained in five main tables and various appendices. Content of each is outlined further below and in the Table of Contents.

What’s New in this Year’s Report

DCAMM has incorporated several enhancements to our report this year:

SEPARATE REPORTING FOR BUILDING VS. IMPROVEMENT DATA

Tables 1 – 4 have been enhanced and reformatted. More detail is provided on the types of assets being reported. Data for vertical and horizontal *improvements* are reported separately from our major and minor *buildings* for greater transparency.

ADDITIONAL DATA NOW INCLUDED ON AUTHORITY-OWNED AND COUNTY-OWNED BUILDINGS

Buildings owned by the UMass Building Authority (UMBA) and the Mass State College Building Authority (MSCBA) are an important part of the public higher education portfolio in Massachusetts. This year we have enhanced reporting on these buildings. They are included in portfolio totals and details found in Tables 1- 4. In Table 4, our most detailed listing of land and buildings, Authority-owned buildings are listed with their respective higher education campus – *italicized* in the report for easy identification. In a few rare instances where UMBA is listed as *both* the building and land owner, these UMBA buildings are listed separately from their associated campus in the “Independent Authorities” category.

Appendix I provides a portfolio summary of just State-owned assets - *excluding* the Authority-owned buildings.

Appendix II lists County-owned land and buildings that are occupied by various Sheriffs and Trial Court Departments. These buildings and associated land are not included in any other Tables in the report.

ENHANCED REPORTING ON CONSERVATION AND AGRICULTURAL RESTRICTIONS, AND EASEMENTS

Previous reports have included land with state conservation and agricultural restrictions along with certain easements as part of the Real Property Report “Owned” portfolio. In this year’s report they are separated out of the State-owned portfolio and instead are contained in Appendix III. This reflects formal ownership of these lands remaining with the private party. The Commonwealth owns only certain “development rights” tied to the property.

NEW LEASING SUMMARY REPORT

Table 5 this year features a new front-page summary of our private leases that aggregates the data by Secretariat. This is followed up by detail on lease agreements by municipality.

ONGOING DATA QUALITY IMPROVEMENTS AND INTERIM REPORTING

The annual Real Property Report presents a snapshot of a dynamic land and building portfolio. Since the last report was published in February 2017, DCAMM continued with systematic quality review and technology enhancement for CAMIS reporting. Many of the changes in this year's report have been driven by that review. Our work continues this year in partnership with our CAMIS user-agencies who have care and control of state facilities.

Our goal is to post online an interim update of our Real Property Report in the following months. This will keep the report more current for those interested in the state's portfolio.

The content of the five main tables in the report are summarized below.

Table 1: Summary of Commonwealth-Owned Real Property by Executive Office

This table shows groupings of Commonwealth-owned property by Executive Office and User Agency. The table lists the total land area in acres, the total number of buildings and improvements, and the gross square footage of all buildings and improvements for each User Agency and Executive Office. Note that Appendix I contains a version of this report that excludes authority-owned buildings – presenting totals for only state-owned land and buildings.

Table 2: Summary of Commonwealth-Owned Real Property by County

This table shows grouping of Commonwealth-owned property by County and Executive Office. This table shows the Executive Office overseeing property in each County. This table lists the total land area in acres, the total number of buildings and improvements, and the gross square footage of buildings and improvements for each Executive Office within each County.

Table 3: Commonwealth-Owned Real Property by Executive Office and Agency

This table shows groupings of Commonwealth-owned property by Executive Office, User Agency and Facility. The facility or site name under each agency is alphabetical by municipality and shows the total land area in acres, the number of buildings and improvements, and gross square footage for each facility. Open land sites will show no building/improvement or gross square feet.

Table 4: Buildings/Improvements at Each State Facility by Municipality

This table provides a detailed list of Commonwealth-owned buildings and improvements at each Commonwealth facility. This table is organized by City and Town, showing alphabetically each State Agency managing a facility or overseeing a site in that municipality. The total acreage for each site is listed, the name of each building/improvement at that site is listed, as well as the gross square footage of each structure. Open land sites will show no structure or gross square feet. Totals for Commonwealth property in each municipality are shown. This listing is determined by the reporting of all land and buildings/improvements in a city or town by either the User Agency or the Municipality.

Table 5: Active Lease Agreements

This table lists sites occupied by a State Agency, but not owned by the Commonwealth. Table 5 provides the start and end date of the lease agreement, location of the space, and building usable square footage occupied. For more detailed information about a particular lease agreement, please contact the Division of Capital Asset Management and Maintenance, Office of Leasing at (617) 727-8000.

How to Find a State-Owned Property**If you know which State Agency manages or occupies a facility -**

See Appendix V, Glossary of Terms for a helpful explanation of the acronyms for agencies as well as other terms used in this report. Look in Table 1 to find the executive office and agency of a property. In Table 3 the same executive office and agency will be listed by municipality with all the properties under that agency. Finally, in Table 4 look up the municipality and buildings and improvements will be listed under all facilities under each agency.

If you know the city or town where the facility is located, but not the managing agency -

See Table 4, Improvements at Each State Facility by Municipality. Table 4 will also show other facilities in the municipality that are managed by other state agencies.

To find out what facilities (sites) are managed by the same Agency statewide -

See Table 3, where facility detailed information organized by agencies is located.

To determine the geographic distribution of state-owned property -

See Table 2, Summary of Commonwealth-Owned Real Property by County.

If you want to compare how the properties are allocated between Executive Offices -

See Table 1, Summary of Commonwealth-Owned Real Property by Executive Office.

Using the Appendices

Appendix I replicates Table 1 in the main report, however excludes Authority-owned buildings.

Appendix II provides details of County-owned land and buildings occupied by various Sheriffs' and Trial Court departments.

Appendix III contains a detailed list from CAMIS of all privately-owned conservation and agricultural preservation restriction (along with easements) held by the Commonwealth.

Appendix IV describes the various **Data Sources** used to maintain the CAMIS data and prepare the report.

See the **Glossary of Terms** in **Appendix V** for an explanation of all User Agency Codes as well as any other abbreviations used in this report. This Appendix also defines technical terms used both in collecting data and in generating the report.

Appendix VI: Municipality-County Index Key will help you find which county a municipality is located in.

Use the **Appendix VII: Data Reconciliation Forms** to correct information on an existing property. Please notify us of any acquisition, disposition, or transfers of land. Please update any information found in the report by filling out a form and forwarding it to us. Thank you.

Note: This chart does not include counts or area of agreements whose addresses are not a public record. This chart does not include the area attributable to parking spaces and boat docks that are the subject of an active agreement (although the agreements are counted). The chart counts each user agency signatory to an agreement and each address associated with an agreement, with the result the agreement count exceeds the number of executed agreements. The chart includes third-party licenses as well as leases.

Appendix IV: DATA SOURCES

In the late 1980's, the Massachusetts Asset Management System (MAAssets) staff collected data from all 351 municipalities across the Commonwealth and from state agencies reporting their land and building holdings. In 1999 pursuant to legislative authorization, DCAMM initiated the Capital Asset Management Information System (CAMIS). Through this program DCAMM conducted a comprehensive condition assessment of the state's capital assets and procured software to manage the collected data. In 2015 the MAAssets data was merged into the CAMIS database.

Now, through its office of Finance and Administration, DCAMM has implemented the CAMIS program to both assist facilities in their daily maintenance activities and to provide data for DCAMM staff to optimize statewide capital maintenance and repair planning. CAMIS staff consult with facilities' staff throughout the state to update information about their buildings and improvements. And we consult with assessors of cities and towns statewide to verify information about parcels in their municipalities, and with various state agencies to confirm their land holdings and update any change in status.

The Office of Real Estate Management, which manages the purchase and sale of real property for the majority of Commonwealth agencies, works to ensure that each acquisition and disposition of land and buildings is logged into the Commonwealth portfolio of real property. They also report on information regarding telecom leases on state property, easements, land swaps, and care & control agreements between agencies. In addition, the Office of General Counsel provides information about real estate closings with deed reference information.

The Office of Leasing maintains information on properties leased on behalf of Commonwealth agencies. The information contained in the Leasing database is constantly changing, based on the commencement and expiration, as well as the terms, of each agreement. The Leasing Office diligently seeks the most appropriate and inexpensive rental space available to suit each agency's needs and records information on each agreement in their database as each transaction is completed.

Reporting on the Commonwealth's Real Property is in accordance with the requirements of Chapter 7C, Section 39.
