HOUSE No. 1971

By Ms. Miranda of Boston, a petition (accompanied by bill, House, No. 1971) of Liz Miranda and others for legislation to authorize the department of Public Health to conduct fetal and infant mortality reviews. Public Health.

The Commonwealth of Massachusetts

**In the One Hundred and Ninety-First General Court
(2019-2020)**

An Act relative to conducting fetal and infant mortality review.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 38 of the General Laws is hereby amended by inserting after
2 section 2A the following section: -

3 Section 2B. (a) As used in this section, the following words shall, unless the context
4 clearly requires otherwise, have the following meanings: -

5 “Authorized local health agency,” shall mean a health board, department, or other
6 governmental entity that is authorized by the department of public health to receive timely data
7 relative to fetal and infant deaths for assessing, planning, improving and monitoring the service
8 systems and community resources that support child and maternal health.

9 “Department,” the department of public health.

10 (b) The department shall establish a process for designating authorized local health
11 agencies. This process may include reasonable criteria regarding the level of expertise,

12 workforce capacity, or organizational capacity. Authorized local health agencies shall be
13 authorized to conduct in-depth fetal infant mortality review of each individual infant and fetal
14 death occurring within their jurisdiction, in order to identify local factors associated with fetal
15 and infant deaths and inform public health policy programs. For each case of fetal or infant death
16 to be reviewed, authorized local health agencies are hereby authorized to collect relevant data
17 from a variety of sources, which may include physician and hospital records in addition to
18 relevant community program records. Authorized local health agencies are authorized to collect,
19 and the department is authorized to provide, timely access to vital records and other data
20 reasonably necessary for fetal and infant mortality review. The department may issue additional
21 guidance through policy or regulation, consistent with this section, regarding the process for
22 conducting fetal infant mortality reviews by authorized local health agencies, which may include
23 guidance from the National Fetal and Infant Mortality Review Program.

24 SECTION 2. This act shall take effect upon its passage.
