Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. PURPOSE: An economically sound and environmentally progressive solid

6 effective solid waste management recovery systems in the Commonwealth including expanded
7 access to and participation in comprehensive recycling programs at home, in public places, and
8 in commercial settings; better recycling promotion and education efforts; incentives for
9 households and businesses to recycle more of their solid waste; and development of
10 comprehensive litter prevention and control programs.

Section 7A. The Department shall establish a program to increase recycling opportunities at public facilities visited by at least five thousand individuals annually including, but not limited to, stadiums, arenas, marinas, airports, theaters, and parks. The Department shall work with MassPort, the Massachusetts Cultural Council, the State Racing Commission, the Bureau of State Office Buildings and other entities in order to establish a program. The Department shall file a report on the program annually with the Joint Committee on Environment, Natural Resources and Agriculture, the Joint Committee on Telecommunications, Utilities and Energy, and the House and Senate Committees on Ways and Means on or before December thirty-first of each year. The report shall contain, but not be limited to, activities promoting recycling at public facilities visited by at least five thousand individuals annually.

SECTION 3. Section 33 of chapter 92 of the General Laws, as appearing in the 2010 Official Edition, is hereby amended by inserting at the end thereof the following paragraph:-

(a) There shall be established on the books of the Commonwealth a separate fund to be known as the Municipal Recycling Enhancement Fund (the “Fund”). Amounts deposited in said fund shall be used, subject to appropriation, for programs described in paragraphs (c) and (d) of this section.

(b) The Fund shall be governed by the Solid Waste Management Board (the “Board”). The members of the Board shall consist of eleven persons appointed by the Governor including: the Secretary of Environmental Affairs, five distributor/wholesaler representatives subject to the recycling fee pursuant to Section 323H of Chapter 94, two representatives of the solid waste management and recycling industries, two representatives of statewide environmental organizations, and one representative of organized labor.

(c) Not more than eighty percent of amounts deposited in the Fund shall be used for recycling collection programs including, but not limited to, municipal performance-based incentive grants;

unit-based pricing programs; implementation of single-stream collection programs; municipal grants for recycling equipment and technical assistance; private sector grants to qualified redemption centers in order to develop innovative materials collection operations; and recycling media and education campaigns. Funds shall be distributed through a combination of population-based and merit-based formulas based on the recommendations of the Board.

(d) Not more than twenty percent of amounts deposited in the fund shall be used for litter prevention and removal programs including, but not limited to, a state grant program for litter pickup and removal; litter education programs for the public and for schools; increased access to

recycling in public spaces; research relating to litter control; and enforcement of litter related laws in state/municipal-owned places and areas that are accessible to the public. Funds shall be distributed through a combination of population-based and merit-based formulas based on the recommendations of the Board.

(e) The Board shall work with the Department to develop best practices and standards to use as criteria for awarding grants and other funding for recycling and litter control programs.

(f) The Board shall submit to the Secretary of Administration and Finance, the House and Senate Committees on Ways and Means, the Joint Committee on Telecommunications, Utilities and Energy, and the Joint Committee on Environment, Natural Resources and Agriculture an annual report of its activities and an evaluation of any and all programs entered into during the course of the fiscal year.

(c) The Commissioner of Revenue (“commissioner”) shall develop implementing regulations for the collection and deposit of the recycling fee into the Fund including procedures for identifying and registering distributor/wholesalers subject to the fee and for quarterly payment of the fee by distributor/wholesalers. The commissioner shall also develop an annual payment procedure to reduce the administrative burden on smaller distributor/wholesalers. The commissioner shall prepare an annual report at the conclusion of each fiscal year listing registered distributor/wholesalers and reporting total Fund collections. Payment amounts from individual distributor/wholesalers shall be considered confidential business information and not disclosed by the Commissioner except in conjunction with audits conducted under (d).
