(2019-2020)**  
—————

An Act concerning the safety of school children embarking and disembarking school buses.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. Chapter 90 of the General Laws is hereby amended by inserting after  
2 section 14B the following section:-

3           Section 14C. (a) In addition to other monitoring devices lawfully authorized to be  
4 installed in school buses and notwithstanding any general or special law to the contrary, any city  
5 or town within the Commonwealth is hereby authorized to install and operate live digital video  
6 school bus violation detection monitoring systems for purpose of enforcing violations against the  
7 owner of a motor vehicle whose vehicle failed to stop for a school bus when required to do so by  
8 the provisions of Section 14. Such systems shall be limited to monitor and detect violations of  
9 motorists failing to stop for a school bus.

10 (b) (1) As used in this section, the following words shall have the following meanings:

11 “School bus violation detection monitoring system”, a camera system that shall monitor  
12 and detect motor vehicles overtaking or passing school buses when said buses are stopped and  
13 displaying front and rear alternating flashing red signal lamps as provided in section seven B,  
14 and which has been stopped to allow pupils to alight from or board the same. It shall be a system  
15 with two or more camera sensors and computers that produce live digital and recorded video and  
16 2 or more film or digital photographic still images of each motor vehicle at the time it is used or  
17 operated in a manner that is in violation of Section 14 of Chapter 90.

18 “Stop arm traffic control sign”, a stop sign mounted on a mechanical arm installed on a  
19 school bus which is deployed when a school bus is stopped to allow pupils to alight from or  
20 board the same and notify motorists when it they are required to stop and when they can proceed.

21 "Violation", the failure of an operator of a motor vehicle to comply with the laws, codes,  
22 regulations, by-laws, ordinances, rules or other forms of legislation governing the traffic control  
23 requirements for school buses stopped to allow pupils to alight from or board same for which a  
24 school bus violation detection monitoring system is installed and in operation.

25 (2) All systems installed for use under this section shall produce an evidence file that  
26 includes a live visual image viewable remotely, a recorded image of the license plate and be able  
27 to record the date, time and location of the vehicle committing the violation. An affidavit shall be  
28 signed by a person trained to observe and detect such violations who witnesses the violation via  
29 live video provided by the school bus violation detection monitoring system.

30 (3) Recorded video images and still photographic images must record the rear of the  
31 motor vehicle, with at least 1 photographic image and one recorded video image clearly

32 recording the motor vehicle immediately before the violation of the stop arm traffic control sign  
33 and at least 1 photographic image and one recorded video image recording the motor vehicle  
34 passing the stopped school bus with the stop arm traffic control sign deployed in violation of the  
35 stop arm traffic control sign. Additionally, at least 1 photographic image and 1 recorded video  
36 image must clearly identify the license plate of the motor vehicle.

37 (4) To the extent practicable, any school bus violation detection monitoring system shall  
38 use necessary technologies to ensure that photographs or recorded video images produced by the  
39 school bus violation detection monitoring system shall not include a frontal view photograph or  
40 video image of the motor vehicle that is in violation of the stop arm traffic control sign or images  
41 that identify the operator, the passengers, or the contents of the vehicle, but no notice of liability  
42 issued under this section shall be dismissed solely because a photograph or recorded video image  
43 allow for the identification of the operator, passengers, or contents of a vehicle as long as a  
44 reasonable effort has been made to comply with this paragraph.

45 (5) Any school bus installed with a school bus violation detection monitoring system  
46 shall post warning signage indicating the use of such system. The signage shall remain on each  
47 bus as long as a school bus violation detection monitoring system is in operation.

48 (6) A penalty imposed for a violation of this section shall not be considered a criminal  
49 conviction and shall not be considered a moving violation of the motor vehicle laws for the  
50 purpose of determining surcharges on motor vehicle premiums pursuant to Section 113B of  
51 Chapter 175 although as provided in this section the violation shall be noted on the registered  
52 owner or owner's driving record.

53           (7) The fines contained in this section and section 14 for a failure to stop for a school bus  
54 shall be applied whether the violation is detected through the use of a school bus mounted  
55 violation detection monitoring system or by a police officer on scene who issues a written  
56 citation to the operator of the motor vehicle. Pursuant to the provisions of Section 2 of Chapter  
57 280, all fines imposed for a violation of failing to stop for school bus in accordance with section  
58 14 that is detected by a school bus violation detection monitoring system or by a police officer  
59 who cites the operator in hand shall be paid over to the treasury of the city or town where the  
60 offense was committed.

61           (8) Wherever an agreement under this section is to take effect upon its acceptance by a  
62 municipality or district, or is to be effective in municipalities or districts accepting its provisions,  
63 this acceptance shall be, except as otherwise provided, in a municipality, by vote of the  
64 legislative body, subject to the charter of the municipality, or, in a district, by vote of the district  
65 at a district meeting. A city or town may enter into an agreement with a private vendor or  
66 manufacturer to provide a school bus violation detection monitoring system on each bus within  
67 its fleet whether owned or leased, up to and including the installation, operation and maintenance  
68 of such systems. Compensation paid to the manufacturer or vendor of the school bus violation  
69 detection monitoring system as authorized by this section shall not be based upon the revenue  
70 generated by the use of such systems. The compensation paid to the manufacturer or vendor of  
71 the equipment shall be based upon the value of the equipment installed and the recurring services  
72 provided in support of the school bus violation detection monitoring systems including  
73 processing of evidence files, cost of the technology provided and maintenance of such  
74 technology. Said agreement shall only become effective after consent by the affected local or  
75 regional school department, by vote of a majority of its governing school committee.

76 (9) A city or town shall provide reimbursement of expenses to the private vendor or  
77 manufacturer for the installation, operation and maintenance of the school bus violation detection  
78 monitoring systems in operation and acknowledged by an agreement between the private vendor  
79 and the school department that has adopted this section. Unless modified by an agreement with a  
80 city or town, reimbursement shall be made from ticket revenue proceeds incurred under this  
81 section only if received as currently allocated under the laws of the Commonwealth for said  
82 citations so as to eliminate any cost to the city or town for installation, operation and  
83 maintenance of the school bus violation detection monitoring systems in its municipality. Such  
84 reimbursement shall be made to the private vendor or manufacturer within 45 days following the  
85 submittal of request for cost reimbursement. Such reimbursement shall not exceed 50% of the  
86 ticket revenue proceeds in any preceding period. If such violations occur on highways or roads  
87 controlled by the Commonwealth, then reimbursement for installing, operating, and maintaining  
88 school bus violation detection systems shall be permitted from the Commonwealth to the private  
89 vendor from ticket proceeds pursuant to this section only.

90 (c) (1) An evidence file of the alleged violation and the signed affidavit shall be  
91 forwarded to a trained law enforcement officer in the jurisdiction who is trained to observe and  
92 detect a violation for failure to stop for a stopped school bus allowing pupils to alight or board  
93 the same. The officer shall issue a citation if he or she is satisfied that a violation was committed  
94 under section 14 and the vehicle committing such violation can be identified from its  
95 registration plate. A certificate, or a facsimile thereof sworn to or affirmed by a police officer or  
96 other law enforcement officer authorized to issue motor vehicle citations for violations of traffic  
97 laws, stating that based upon inspection of the evidence file produced by a school bus violation  
98 detection monitoring system, the vehicle was in violation of this section, shall be prima facie

99 evidence of the facts contained therein. Any recorded video images or still photographic images  
100 produced by a school bus violation detection monitoring system evidencing the violation shall be  
101 available for inspection in any proceeding to adjudicate the liability for the violation adopted  
102 under this section.

103 (2) In all prosecutions of civil traffic violations based on evidence obtained from a school  
104 bus violation detection monitoring system the registered owner of the motor vehicle shall be  
105 primarily responsible pursuant to the provisions of this chapter except as otherwise provided in  
106 this section. In the event the registered owner of the vehicle operated in violation of this chapter  
107 was not the operator of the vehicle at the time of the violation the registered owner of the vehicle  
108 shall either (a) assume liability for the violation by paying the fine or; (b) upon written receipt of  
109 the citation provide the issuing authority within 30 days of the date of issuance, the name,  
110 address and registration number {license plate} of the operator of the vehicle who was  
111 responsible along with a signed affidavit acknowledging such or; (c) defend the violation  
112 pursuant to the procedures established for traffic violations under this section. A vehicle owned  
113 or leased to a corporation that is identified by a school bus violation detection monitoring system  
114 under this section shall be primarily responsible for a violation pursuant to section 14 even if a  
115 person who normally operates the vehicle for the corporation denies that he or she was operating  
116 the vehicle at the time of the violation although no entry shall be made on the person's driving  
117 record.

118 (3) A penalty imposed may, if so provided in writing, be increased by up to 33 1/3% if  
119 the penalty remains unpaid in excess of 45 days after a citation has been issued consistent with  
120 the procedures established in this section and there has been no request for a hearing under  
121 paragraph (3) of subsection (d).

122 (d) (1) Upon the determination of a violation through the use of a school bus violation  
123 detection monitoring system, it shall be the duty of the chief of police of the city or town, or any  
124 designee of the chief, to issue the owner or owners of the vehicle a citation pursuant to the  
125 provisions of Chapter 90C. The citation shall require the owner or owners to pay the fine amount  
126 issued pursuant to section 14 or appear before the parking clerk not later than 30 days after the  
127 date the citation was sent under the procedures established pursuant to violations under this  
128 section. The citation shall be mailed to the address of the registered owner or owners as  
129 contained in the registry or in records of the Department of Motor Vehicles in the jurisdiction in  
130 which the vehicle is registered if other than the Commonwealth for any motor vehicle identified  
131 by the school bus violation detection monitoring system as evidence of a violation of this section.  
132 Citations shall be mailed by first class mail, post marked no later than 14 days after the date of  
133 the alleged violation, inclusive of Sundays and holidays. In the case of any motor vehicle  
134 registered under the laws of another state or country, if the address is unavailable, it shall be  
135 sufficient to mail the citation to the official in the state or country having charge of the  
136 registration of the motor vehicle. The citation shall be considered sufficient notice, and a  
137 certificate of the chief of police or the chief's designee mailing the citation stating that it has  
138 been mailed in accordance with this section shall be deemed prima facie evidence thereof and  
139 shall be admissible in any judicial or administrative proceeding as to the facts contained therein.  
140 It shall be sufficient to commence a prosecution. The chief or the chief's designee shall retain  
141 and safely preserve a copy of the citation and shall at a time no later than the beginning of the  
142 next business day of the city or town after mailing to the owner or owners, deliver another copy  
143 to the parking clerk before whom the owner or owners have been notified to appear. The parking  
144 clerk shall maintain a docket of all such notices to appear. For purposes of this section, the date

145 of issuance shall be the date of mailing. The police officer issuing the citation shall certify that  
146 the evidence obtained from the school bus violation detection monitoring system was sufficient  
147 to demonstrate a violation of section 14. Such certification shall be sufficient in all prosecutions  
148 pursuant to this section to justify the entry of a default judgment in all cases where the citation is  
149 not answered within the time period permitted under this section. The citation issued by the  
150 trained law enforcement officer in the jurisdiction shall contain but not be limited to the  
151 following information:

152 (i) a citation for the violation, which shall include the name and address of the person or  
153 persons liable as an owner or owners of the motor vehicle for the violation of this section, the  
154 registration number and state of issuance of the registration number of the vehicle involved in the  
155 violation, the date, time and location of the violation, the specific violation charged, the amount  
156 of the penalty for the violation, and the date by which the penalty shall be paid;

157 (ii) a copy of two or more still photographs, microphotographs, video or other recorded  
158 images showing the vehicle in violation of the stop arm traffic sign;

159 (iii) a copy of the certificate or affidavit of the police officer under paragraph (1) of  
160 subsection (c);

162 violation of section 14;

163 (v) a schedule of fines for the violation as established by the Commonwealth;

164 (vi) instructions for the return of the citation notice including but not limited to the  
165 following text:- “This notice and the required payment may be returned in person, by mail, or by

166 a duly authorized agent. A hearing to contest liability may be obtained upon the written request  
167 of the registered owner. Failure to pay the penalty or to contest liability within 30 days of  
168 issuance of this notice is an admission of liability and may result in a default judgment being  
169 entered against the owner to whom the violation has been issued and/or non-renewal or  
170 suspension of the license to drive and the certificate of registration of the registered owner.”;

171 (vii) an affidavit form approved by the parking clerk for the purpose of complying with  
172 paragraph (5);and

173 (viii) a statement explaining the procedure to adjudicate the violation by mail under  
174 paragraph (6) .

177 personally or through a duly authorized agent or by mailing to the parking clerk the notice  
178 accompanied by the fine provided therein, such payment to be made only by postal note, money  
179 order or check made out to the parking clerk. Payment of the penalty established shall operate as  
180 a final disposition of the case.

181 (3) Except as expressly provided, all prosecutions based on evidence produced by a  
182 school bus violation detection monitoring system shall follow the procedures of this section.  
183 Notwithstanding the installation and use of a live digital video school bus violation detection  
184 monitoring system on a school bus, a trained police officer in whose presence of motorist failing  
185 to stop for a stopped school bus as required under section 14, may issue a citation at the scene to  
186 the operator of such vehicle for such violation pursuant to section 14. An owner of a vehicle shall

187 not be liable for a citation as a result of a school bus violation detection monitoring system if the  
188 operator of the vehicle was cited directly by a police officer at the scene of the violation.

189 (4) Should any person notified to appear hereunder fail to appear and, if a penalty is  
190 provided hereunder, to pay the same, or if the person requests a hearing to contest liability, the  
191 parking clerk shall forthwith schedule the matter before a person referred to in this section as a  
192 hearing officer. The hearing officer shall be the parking clerk of the city or town in which the  
193 violation occurred or any other person or persons that the parking clerk may designate. Written  
194 notice of the date, time and place of the hearing shall be sent by first-class mail to the registered  
195 owner or owners. The hearing shall be informal, the rules of evidence shall not apply and the  
196 decision of the hearing officer shall be final subject to judicial review as provided by Section 14  
197 of Chapter 30A. Within 21 days of the hearing, the hearing officer shall send by first class mail  
198 to the registered owner or owners the decision of the hearing officer, including the reasons for  
199 the outcome.

200 (5) Any owner to whom a citation has been issued shall not be liable for a violation of  
201 this section (a) if the violation was necessary to allow the passage of an emergency vehicle; (b) if  
202 the violation was necessary in order to protect the property or person of another; (c) if the  
203 violation was incurred while participating in a funeral procession; (d) if the violation was  
204 incurred during a period of time in which the motor vehicle was reported to the police  
205 department of any state, city or town as having been stolen and had not been recovered before  
206 the time the violation occurred; (e) if the operator of the motor vehicle was operating the motor  
207 vehicle under a rental or lease agreement and the owner of the motor vehicle is a rental or leasing  
208 company; (f) if the operator of the motor vehicle was convicted of the underlying violation under  
209 a citation issued in accordance with Section 2 of Chapter 90C; (g) if the violation was necessary

210 to comply with an order of a law enforcement officer or of a flagger directing traffic flow; or (h)  
211 if the vehicle was subject to the exceptions granted to an authorized emergency vehicle under  
212 Section 7B of Chapter 89. An owner disputing a violation under this subsection shall, within 30  
213 days of issuance of the notice, provide the parking clerk with an affidavit signed under the pains  
214 and penalties of perjury in a form approved by the parking clerk, as provided for in clause (vii)

216 legal name and address of the owner of the motor vehicle; (3) the names and addresses of all  
217 witnesses supporting the owner's defense and the specifics of their knowledge; and where  
218 applicable (4) the signed statements from witnesses. The affidavit shall be filed with the request  
219 for a hearing.

220 (6) Any person notified to appear before the parking clerk, as provided in this paragraph,  
221 may without waiving his right to a hearing before the parking clerk or hearing officer as provided  
222 by this subsection, and also without waiving judicial review under Section 14 of Chapter 30A,  
223 challenge the validity of the citation and receive a review and disposition of the violation from  
224 the parking clerk or a hearing officer by mail. The owner may, upon receipt of the citation, send  
225 a signed statement explaining his objections to the violation notice as well as signed statements  
226 from witnesses, police officers, government officials and any other relevant parties. Photographs,  
227 diagrams, maps and other documents may also be sent with the statements. Any statements or  
228 materials sent to the parking clerk for review shall have attached the person's name and address  
229 as well as the citation number and the date of the violation. The parking clerk or hearing officer  
230 shall, within 21 days of receipt of this material, review the material and dismiss or uphold the  
231 violation and notify, by mail, the owner or owners of the disposition of the written review. If the  
232 outcome of the written review is adverse to the owner or owners, the parking clerk or hearing

233 officer shall explain the reasons for the outcome on the notice. The review and disposition  
234 handled by mail shall be informal, the rules of evidence shall not apply, and the decision of the  
235 parking clerk or hearing officer based upon the written materials shall be final, unless the owner  
236 invokes the hearing provisions under this section or judicial review under Section 14 of Chapter  
237 30A.

238 (7) If any person fails to appear before the hearing officer in accordance with the notice,  
239 or fails to receive a favorable adjudication of the hearing from a hearing officer and fails to pay  
240 the fine within 30 days of the date that the hearing officer has mailed notice of the decision of the  
241 hearing officer, the parking clerk shall notify the registrar of motor vehicles, who shall place the  
242 matter on record. Upon notification to the registrar of 2 or more citations under this section or  
243 section 14 from the parking clerk of the city or town, or state authorities or agencies, the registrar  
244 shall not issue or renew or may suspend the owner's license to operate a motor vehicle or motor  
245 vehicle registration until after notification from the parking clerk of each city, agency or  
246 authority, from whom the registrar received notification, that all fines, taxes and penalties owed  
247 by the owner under this section have been disposed of in accordance with law. Upon such  
248 notification to the registrar, an additional charge of \$20 payable to the registrar but collected by  
249 the city or town, and an additional charge of \$20 payable to and collected by the city or town,  
250 shall be assessed against the registered owner of the motor vehicle. It shall be the duty of the  
251 parking clerk to notify the registrar forthwith that the case has been so disposed, but certified  
252 receipt of full and final payment from the parking clerk of the city or town, or state agency or  
253 authority issuing the violation shall also serve as legal notice to the registrar that the violation has  
254 been disposed of in accordance with law. The certified receipt shall be printed in a form  
255 approved by the registrar of motor vehicles.

256 (8) Upon the accumulation by an owner of 2 or more outstanding citations under this  
257 section or section 14 on account of violations of any statute, ordinance, order, rule or regulation  
258 relating to the operation, control or parking of motor vehicles in a particular city or town,  
259 notwithstanding any notification to the registrar, the parking clerk of the city or town may notify  
260 the chief of police or director of traffic and parking of the city or town that the vehicle bearing  
261 the registration to which the notices have been issued shall be removed and stored or otherwise  
262 immobilized by a mechanical device at the expense of the registered owner of the vehicle until  
263 all fines, taxes and penalties owed by the owner either under this section, or otherwise arising out  
264 of the parking or usage of the owner's motor vehicle, have been disposed of in accordance with  
265 law. No vehicle shall be removed, stored, or otherwise immobilized unless the owner of the  
266 motor vehicle shall have received 10 days prior notification by mail that the motor vehicle may  
267 be removed, stored, or immobilized without further notification. It shall be sufficient for the  
268 parking clerk to mail, postage prepaid, the notification to the last known address of the registered  
269 owner. It shall be sufficient for the parking clerk, in the case of a motor vehicle registered in  
270 another state or country, to mail notification to the official in the state or country having charge  
271 of the registration of the motor vehicle.

272 (e)(1) Other than for purposes of enforcement of a violation of this section and section 14  
273 or for purposes of an owner defending a violation of this section, recorded video images and  
274 photographs taken or created under this section may only be obtained under an order by a court  
275 of competent jurisdiction.

276 (2) All recorded video images and other photographic information obtained through the  
277 use of school bus violation detection monitoring systems authorized in this section that do not  
278 identify a violation shall be destroyed by any city, town, school department or vendor by a length

279 of time determined by the Colonel of the Massachusetts State Police. All photographic and other  
280 recorded information that identifies a violation shall be destroyed within 1 year of final  
281 disposition of proceedings related to the enforcement or defense of a violation, unless otherwise  
282 ordered by a court of competent jurisdiction. Each city, town, school department, and vendor  
283 under agreement utilizing 1 or more school bus violation detection monitoring systems shall file  
284 notice attested under penalties of perjury annually within 30 days of the close of the fiscal year  
285 with the secretary of state that these records have been destroyed in accordance with this  
286 paragraph. All recorded video, audio and other photographic information, however stored or  
287 retained, which is obtained through systems authorized in this section are the property of the  
288 municipality under agreement with a vendor and may not be used by a vendor for any other  
289 purposes; upon the expiration of any agreement authorized under this section, all of said video,  
290 audio, and/or other photographic information shall be delivered within 30 days to the particular  
291 municipality unless otherwise ordered by a court of competent jurisdiction.

292 (3) The administrator of the school bus violation detection monitoring system within any  
293 city or town accepting this section shall also submit an annual report to the Massachusetts  
294 Department of Transportation regarding the use and operation of the monitoring system. This  
295 annual report shall contain data on the number of citations issued under this section at each  
296 particular intersection, and of those citations, shall detail the number paid without a request for a  
297 hearing; the number found responsible after a hearing; and the number dismissed after a hearing.  
298 In addition, the report shall also include the cost to maintain each said monitoring system and the  
299 amount of revenue obtained from each said monitoring system.
