An Act to establish a commission to report on the people's budget.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 People's Budget Resolution

2 SECTION 1

3 Whereas 28% of the Massachusetts budget is derived from Federal Government funds  
4 and;

5 Whereas the largest expenditure in the Massachusetts budget is healthcare, and 379,000  
6 people are still uninsured, the People's Budget contributes funding for states to transition to  
7 single payer health care;

8 Whereas 43% of people in Massachusetts are poor or low-income, and 1 million workers  
9 are making under \$15 an hour, the People's Budget supports minimum wage increases and

10 collective bargaining rights, increases support for small businesses, prioritizes “Made in  
11 America” policies across government agencies;

12 Whereas Massachusetts is underfunding education by an estimate of \$1-2 billion dollars,  
13 the People’s Budget invests in early learning, K-12 education, debt-free public college and the  
14 refinancing of student loans and;

15 Whereas almost 3,000 black adults in Massachusetts cannot vote due to felony voting  
16 restrictions, the People’s Budget increases funding for voter protection and legal assistance  
17 programs and funds public financing of campaigns and;

18 Whereas in Massachusetts 8,457 people were deported between 2003 and 2017, the  
19 People’s Budget provides continued funding for sanctuary cities, adds funding for refugee  
20 resettlement programs, ends family detention and prohibits funding for construction of a border  
21 wall and;

22 Whereas 21% of veterans in Massachusetts are living on less than \$35,000 a year and one  
23 in five are living in poverty, the People’s Budget eliminates veteran’s homelessness, expands  
24 access to mental health care and expands job training for veterans and;

25 Whereas the richest 1% of Massachusetts residents are expected to receive 31% of the  
26 benefits of the new federal tax law and the expected tax cut in 2027 will be \$12,230 while the  
27 poorest 20% will be paying \$50 more, the People’s Budget instead increases the tax rate on the  
28 richest Americans, closes corporate tax loopholes, ends offshore tax havens and;

29 Whereas the UN Panel on Climate Change has estimated we have twelve years before the  
30 level of CO2 in the atmosphere will make the United States uninhabitable and;

31           Whereas in Massachusetts 10,452 tons of NOx are emitted yearly, a leading cause of  
32 respiratory problems, the People’s Budget invests 2 trillion in transitioning to clean renewable  
33 energy, crumbling roads, bridges, and a Green New Deal to build a fully modernized electric grid  
34 and create high-quality jobs and;

35           Whereas Massachusetts residents have contributed \$181 billion to wars in Iraq,  
36 Afghanistan and beyond since 2001, wars we have not “won,” or made us safer but instead have  
37 seriously damaged our international reputation and have diverted funds from sectors that will  
38 make us more resilient and safer such as healthcare, education and the transition to renewable  
39 energy, increased protection of vital natural resources in Massachusetts and;

40           Whereas 12.2 billion dollars were spent in Massachusetts on defense in 2015, the tenth  
41 highest in the United States , with 11.2 billion in defense contracts, the fifth highest in the  
42 country, the People’s Budget will reduce the military budget below pre-Trump administration  
43 levels and end emergency funding for Overseas Contingency Operations and;

44           Whereas we live in the richest country in the history of the world and have abundant  
45 resources to ensure dignity and health of people and the country and we must dramatically  
46 change our priorities and reallocate funding to preserve the future of the people of this  
47 Commonwealth and the country as a whole;

48           Therefore be it resolved that the Members of the legislature of Massachusetts call upon  
49 the entire congressional delegation and the President to support the People’s Budget.

50           SECTION 2

54 Massachusetts, including currently underfunded sectors such as environment, education, health  
55 care, transportation, and the arts.
