- All amusement devices utilizing centripetal or centrifugal force, regardless of the age of
 the device, shall be required to have a modern, passenger safety restraining system in place that
 secures the passenger to the interior of the amusement device's carriage, cage, seat, enclosure, or
 internal structure, to prevent injury to the passenger in the event of a loss of consciousness or
- 11 physical dexterity during the operation of the amusement device. No amusement device utilizing
- centripetal or centrifugal force in its operation that fails to contain such a passenger safety

- restraining system shall be certified or allowed to operate for entertainment purposes by the general public.
- 15 Any violation of this section shall be punishable by a fine of no less than \$10,000.00 per 16 violation to be assessed by the office of public safety and inspections of the division of 17 professional licensure.
