**HOUSE . . . . . No. 818**

---

By Ms. Keefe of Worcester, a petition (accompanied by bill, House, No. 818) of Mary S. Keefe and others for an investigation by a special commission (including members of the General Court) relative to opportunities for improving pollinator health. Environment, Natural Resources and Agriculture.

---

[SIMILAR MATTER FILED IN PREVIOUS SESSION  
SEE HOUSE, NO. 2926 OF 2017-2018.]

**The Commonwealth of Massachusetts**

—————  
**In the One Hundred and Ninety-First General Court  
(2019-2020)**  
—————

An Act to protect pollinator habitat.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           There shall be a special commission established to study statewide opportunities for  
2 improving pollinator health by increasing and enhancing native pollinator habitat.

3           The commission shall focus on identifying statewide opportunities for enhancing and  
4 expanding pollinator habitat in both developed and natural areas such as farm field borders,  
5 forest borders, residential areas, parks, urban areas, industrial areas, energy transmission  
6 corridors, energy generating facilities and transportation corridors.

7           The commission shall consider enhancing and expanding pollinator habitat for a broad  
8 range of native and managed pollinators including but not limited to wild and managed bees,  
9 butterflies, moths, beetles, ants, bats and birds.

10           The commission shall report its findings, including any proposed legislation, to the house  
11 and senate committees on ways and means, the joint committee on environment, natural  
12 resources and agriculture no later than March 1, 2020.

13           The commission shall consist of 17 members including:

14           1 member of the senate; 1 member of the house of representatives; 1 member of the  
15 senate appointed by the minority leader of the senate; 1 member of the house of representatives  
16 appointed by the minority leader of the house of representatives; the secretary of energy and  
17 environmental affairs or a designee, who shall serve as chair; the commissioner of the division of  
18 fisheries and wildlife, or a designee; 11 people to be appointed by the governor, 1 of whom shall  
19 be a University of Massachusetts faculty member specializing in the science of pollinator health,  
20 1 of whom shall represent an advocacy group for farmers, 1 of whom shall represent an  
21 advocacy group for organic farmers, 1 of whom shall represent an advocacy group for foresters,  
22 1 of whom shall be a commercial beekeeper, 1 of whom shall be a representative of the  
23 University of Massachusetts Extension with knowledge in crops which rely on pollinators and  
24 pollinator health; 1 of whom shall represent an advocacy group dedicated to the protection of  
25 pollinators and invertebrates, 1 of whom shall be a beekeeper representing the county beekeeping  
26 associations, 1 of whom shall represent an advocacy group for nurseries, 1 of whom shall  
27 represent a membership based non-profit advocacy group dedicated to land protection and 1 who  
28 shall have expertise in native wildlife ecology.

29           (b) The special commission shall examine issues relevant to pollinator health, including:

30           (i) identifying current laws and regulations in the commonwealth and other states and countries  
31 related to protecting pollinators and pollinator health; (ii) studying public education and outreach

32 plans regarding pollinator habitat that have been successful in other states; (iii) identifying  
33 adequacy of funding for efforts to promote or protect pollinator habitat; (iv) investigating the  
34 means used by other states to gather data on populations of pollinators; (vi) evaluating existing  
35 best management practices for promoting pollinator health including, but not limited to, foraging  
36 and proper food source diversity; (vii) studying the use of agricultural and nonagricultural lands,  
37 such as transportation corridors, energy transmission corridors, parks, and working forests, and  
38 how they may be used to provide pollinator forage and unique opportunities to increase  
39 pollinator populations; (viii) research and identify ways to expand and coordinate public  
40 education programs outlining steps individuals and businesses can take to help address the loss  
41 of pollinator habitat.
