HOUSE No. 3654

By Mr. O'Day of West Boylston, a petition (accompanied by bill, House, No. 3654) of James J. O'Day and others relative to manufacturers of certain drugs. Health Care Financing.

The Commonwealth of Massachusetts

**In the One Hundred and Ninety-First General Court
(2019-2020)**

An Act relative to compensation for victims of opioids.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 6D of the General Laws is hereby amended by inserting after
2 section 10 the following section:-

3 Section 10A. (a) As used in this section, the following words shall have the following
4 meanings unless the context clearly requires otherwise:

5 "Covered drug", any product included in the pharmacological class category of full
6 opioid agonist, opioid agonist, partial opioid agonist or benzodiazepine in the National Drug
7 Code (NDC) Directory NDC Product File that is ultimately dispensed in the commonwealth
8 pursuant to a valid prescription issued under section 18 of chapter 94C; provided, however, that
9 "covered drug" shall not include: (i) drugs intended for use solely in veterinary care; (ii) drugs
10 that are compounded under a specialty license pursuant to sections 39G to 39J, inclusive, of
11 chapter 112; or (iii) products approved by the United States Food and Drug Administration for
12 the treatment of opioid use disorder.

13 “Manufacturer” shall mean an entity that manufactures a controlled substance under a
14 United States Food and Drug Administration manufacturer's license, except for an institutional
15 pharmacy, as defined in section 39D of chapter 112 or a wholesaler licensed pursuant to section
16 36B of chapter 112.

17 (b) The commission shall provide notice to any manufacturer referred to the commission
18 by the commissioner of revenue under section 6 of chapter 63D. Such notice shall state that
19 beginning in calendar year 2020, the commission may require certain actions, as established in
20 this section, from manufacturers so identified.

21 (c) The commission shall establish procedures to support compliance with chapter 63D
22 and to assist manufacturers in complying with said chapter without increasing the cost of covered
23 drugs to consumers, the division of medical assistance, the state office of pharmacy services, the
24 group insurance commission, carriers, pharmacies, or other purchasers of pharmaceutical drugs.

25 (d) In addition to the notice provided under subsection (b), if the commission has reason
26 to believe that a manufacturer referred to the commission by the commissioner of revenue under
27 section 6 of chapter 63D has increased the price of one or more covered drugs for the purposes of
28 complying with chapter 63D, the commission may require such a manufacturer to file a
29 performance improvement plan with the commission. The commission shall provide written
30 notice to such manufacturer that they are required to file a performance improvement plan.
31 Within 45 days of receipt of such written notice, the manufacturer shall either:

32 (1) file a performance improvement plan with the commission; or

33 (2) file an application with the commission to waive or extend the requirement to file a
34 performance improvement plan.

35 (e) The manufacturer may file any documentation or supporting evidence with the
36 commission to support the manufacturer's application to waive or extend the requirement to file a
37 performance improvement plan. The commission shall require the manufacturer to submit any
38 other relevant information it deems necessary in considering the waiver or extension application;
39 provided, however, that such information shall be made public at the discretion of the
40 commission.

41 (f) The commission may waive or delay the requirement for a manufacturer to file a
42 performance improvement plan in response to a waiver or extension request filed under
43 subsection (e) in light of all information received from the manufacturer, based on a
44 consideration of factors specified by the commission in regulation.

45 (g) If the commission declines to waive or extend the requirement for the manufacturer to
46 file a performance improvement plan, the commission shall provide written notice to the
47 manufacturer that its application for a waiver or extension was denied and the manufacturer shall
48 file a performance improvement plan.

49 (h) A manufacturer shall file a performance improvement plan: (1) within 45 days of
50 receipt of a notice under subsection (d); (2) if the manufacturer has requested a waiver or
51 extension, within 45 days of receipt of a notice that such waiver or extension has been denied; or
52 (3) if the manufacturer is granted an extension, on the date given on such extension. The
53 performance improvement plan shall be generated by the manufacturer and shall include but not
54 be limited to, specific strategies, adjustments and action steps the entity proposes to implement to
55 improve performance. The proposed performance improvement plan shall include specific

56 identifiable and measurable expected outcomes and a timetable for implementation. The
57 timetable for a performance improvement plan shall not exceed 18 months.

58 (i) The commission shall approve any performance improvement plan that it determines
59 will reasonably succeed in addressing the underlying reasons the manufacturer was referred to
60 the commission by the commissioner of revenue under section 6 of chapter 63D.

61 (j) If the board determines that the performance improvement plan is unacceptable or
62 incomplete, the commission may provide consultation on the criteria that have not been met and
63 may allow an additional time period, up to 30 calendar days, for resubmission; provided,
64 however, that all aspects of the performance improvement plan shall be proposed by the
65 manufacturer and the commission shall not require specific elements for approval.

66 (k) Upon approval of the proposed performance improvement plan, the commission shall
67 notify the manufacturer to begin immediate implementation of the performance improvement
68 plan. Public notice shall be provided by the commission on its website, identifying that the
69 manufacturer is implementing a performance improvement plan. All manufacturers
70 implementing an approved performance improvement plan shall be subject to additional
71 reporting requirements and compliance monitoring, as determined by the commission. The
72 commission shall provide assistance to the manufacturer in the successful implementation of the
73 performance improvement plan.

74 (l) All manufacturers shall, in good faith, work to implement the performance
75 improvement plan. At any point during the implementation of the performance improvement
76 plan the manufacturer may file amendments to the performance improvement plan, subject to
77 approval of the commission.

78 (m) At the conclusion of the timetable established in the performance improvement plan,
79 the manufacturer shall report to the commission regarding the outcome of the performance
80 improvement plan. The manufacturer's report shall include a finding as to whether the
81 performance improvement plan was successful or unsuccessful. If the manufacturer finds that the
82 performance improvement plan was unsuccessful, the commission shall either: (i) extend the
83 implementation timetable of the existing performance improvement plan; (ii) approve
84 amendments to the performance improvement plan as proposed by the manufacturer; (iii) require
85 the manufacturer to submit a new performance improvement plan under subsection (d) or (iv)
86 waive or delay the requirement to file any additional performance improvement plans. If the
87 manufacturer finds that the performance improvement plan was successful, the commission shall
88 remove the identity of the manufacturer from the commission's website.

89 (n) The commission may submit a recommendation for proposed legislation to the joint
90 committee on health care financing if the commission determines that further legislative
91 authority is needed to assist manufacturers with the implementation of performance
92 improvement plans or otherwise ensure compliance with the provisions of this section and with
93 chapter 63D.

94 (o) If the commission determines that a manufacturer has: (i) willfully neglected to file a
95 performance improvement plan with the commission within 45 days as required under subsection
96 (d); (ii) failed to file an acceptable performance improvement plan in good faith with the
97 commission; (iii) failed to implement the performance improvement plan in good faith; or (iv)
98 knowingly failed to provide information required by this section to the commission or knowingly
99 falsified the same, the commission may assess a civil penalty to the manufacturer of not more

100 than \$500,000. The commission shall seek to promote compliance with this section and shall
101 only impose a civil penalty as a last resort.

102 (p) The commission, in consultation with the secretary, shall promulgate regulations
103 necessary to implement this section; provided, however, that notice of any proposed regulations
104 shall be filed with the joint committee on state administration and regulatory oversight and the
105 joint committee on health care financing at least 180 days before adoption.

106 SECTION 2. The General Laws are hereby amended by inserting after chapter 63B the
107 following chapter:-

108 Chapter 63D. Assessment on opioid and benzodiazepine manufacturers

109 Section 1. As used in this chapter, the following words shall have the following meanings
110 unless the context clearly requires otherwise:

111 "Commissioner", the commissioner of revenue.

112 "Covered drug", any product included in the pharmacological class category of full
113 opioid agonist, opioid agonist, partial opioid agonist or benzodiazepine in the National Drug
114 Code (NDC) Directory NDC Product File that is ultimately dispensed in the commonwealth
115 pursuant to a valid prescription issued under section 18 of chapter 94C; provided, however, that
116 "covered drug" shall not include: (i) drugs intended for use solely in veterinary care; (ii) drugs
117 that are compounded under a specialty license pursuant to sections 39G to 39J, inclusive, of
118 chapter 112; or (iii) products approved by the United States Food and Drug Administration for
119 the treatment of opioid use disorder.

120 "Drug stewardship payment" the total annual amount to be paid into the Substance Abuse
121 Services Fund as set forth in section 3 .

122 "Gross receipts", receipts from sales of covered drugs made by a manufacturer to a
123 purchaser that is not a related party. In the case of sales to a related party or parties for
124 subsequent resale to an unrelated buyer, the gross receipts are the amount paid for the product by
125 the first unrelated buyer.

126 "Manufacturer", an entity that manufactures a controlled substance under a United States
127 Food and Drug Administration manufacturer's license, except for an institutional pharmacy, as
128 defined in section 39D of chapter 112 or a wholesaler licensed pursuant to section 36B of chapter
129 112.

130 "Person", any natural person or legal entity.

131 "Related parties", an entity that belongs to the same affiliated group as the person under
132 section 1504 of the Internal Revenue Code, as amended and in effect for the taxable year, or if
133 the entity and the person are otherwise commonly owned and controlled.

134 "Share of total gross receipts", a manufacturer's gross receipts for a calendar year divided
135 by total gross receipts for said calendar year.

136 "Total gross receipts", the total of all gross receipts for all covered drugs dispensed in the
137 commonwealth in a calendar year.

138 Section 2. Any manufacturer who sells one or more covered drugs, directly or through
139 another person, for distribution in the commonwealth shall be subject to the drug stewardship
140 assessment levied under this chapter. Any such manufacturer shall, on a schedule determined by

141 the commissioner, pay an amount equal to the lesser of the following: (i) the manufacturer's
142 share of total gross receipts in the preceding calendar year multiplied by the drug stewardship
143 payment; or, (ii) 40 per cent of the manufacturer's gross receipts in the preceding calendar year.
144 The department shall annually notify in writing each manufacturer subject to this section of its
145 obligations under this chapter. The assessment imposed under this chapter shall be in addition to,
146 and not a substitute for or credit against any other tax or excise imposed under the General Laws.
147 On an annual basis, the commissioner shall certify to the state comptroller the total amount of all
148 revenues from all payments collected and any penalties imposed under this chapter. The amount
149 of revenues so certified shall be deposited annually into the Substance Abuse Services Fund
150 established under section 2I of chapter 111.

151 Section 3. (a) Unless otherwise decreased pursuant to subsection (b), the drug
152 stewardship payment amount for each fiscal year shall be \$75,000,000.

153 (b) The executive office of health and human services shall annually review the amount
154 of state operating funds spent for opioid and benzodiazepine prevention, intervention, treatment
155 and recovery. The secretary of health and human services shall annually certify to the department
156 the amount expended for such services in the preceding fiscal year, utilizing available
157 information on patient demographics and the actual cost of services delivered by the state and by
158 state-funded providers, and shall provide the total amount of such spending to the department no
159 later than August first of each year. If the amount expended for such services in the preceding
160 fiscal year is less than \$75,000,000, the commissioner shall reduce the drug stewardship payment
161 by the difference between such amount expended and \$75,000,000.

162 Section 4. Annually, not later than a date specified by the commissioner, each
163 manufacturer subject to the assessment under section 2 shall file a report with the commissioner
164 and the commissioner of public health, which shall include:

165 (i) the manufacturer's name, address, phone number, federal Drug Enforcement
166 Administration registration number and controlled substance registration number issued by the
167 department of public health under chapter 94C;

168 (ii) the name and national drug code of each covered drug it manufactures;

169 (iii) the unit of measure and quantity of covered drugs;

170 (iv) the name, address and DEA registration number of the first unrelated buyer of
171 covered drugs;

172 (v) the date of the sale of covered drugs;

173 (vi) whether the covered drug was ultimately dispensed in the commonwealth pursuant to
174 a valid prescription issued under section 18 of chapter 94C;

175 (vii) the gross receipt total, in dollars, for all covered drugs sold; and

176 (viii) any other elements required by the commissioner.

177 The commissioner may disclose to the health policy commission amounts paid under
178 section 2 and may disclose information contained in returns and reports filed under this chapter.
179 Information reported under this section shall remain confidential and shall not be public record;
180 provided however, that the health policy commission and the department of public health may
181 issue reports which include aggregate, de-identified data and findings based on such information.

182 Section 5. A manufacturer subject to the assessment under section 2 shall be afforded an
183 opportunity to submit information to the department to justify why the amounts paid thereunder
184 are in error or otherwise not warranted. If the department determines thereafter that all or a
185 portion of such payment is not warranted, the department may: (a) adjust the manufacturer's
186 payment in the following year equal to the amount in excess of any overpayment in the prior
187 payment period; or (b) refund amounts paid in error.

188 Section 6. The commissioner shall confidentially provide to the health policy commission
189 a list of manufacturers that increase prices for one or more covered drugs so that the health
190 policy commission may pursue further action under section 10A of chapter 6D.

191 Section 7. The department may assess a civil penalty in an amount not to exceed \$10,000
192 per day against any manufacturer that fails to comply with the provisions of this chapter.

193 Section 8. The commissioner may promulgate regulations or issue guidance to facilitate
194 the implementation of this chapter.

195 SECTION 3. Section 2I of chapter 111 of the General Laws, as appearing in the 2016
196 Official Edition, is hereby amended by striking out, in line 11, the words "and (iv)" and inserting
197 in place thereof the following words:- (iv) revenues from the assessment imposed under chapter
198 63D; and (v)

199 SECTION 4. Said section 2I of said chapter 111, as so appearing, is hereby further
200 amended by striking out subsections (b) to (d), inclusive, and inserting in place thereof the
201 following subsections:-

202 (b) All expenditures from the fund shall support prevention, intervention, recovery, and
203 treatment strategies to reduce the prevalence of substance use disorder in the commonwealth.

204 (c) Annually, not later than January 1, the commissioner shall report on the activities of
205 the fund to the clerks of the house of representatives and senate, the chairs of the house and
206 senate committees on ways and means, and the chairs of the joint committee on mental health,
207 substance use and recovery. The report shall include: (i) an accounting of money received by the
208 fund broken down by source; (ii) an itemized accounting of expenditures from the fund; (iii) the
209 amount of any unexpended balance; and (iv) anticipated expenditures and goals for the
210 subsequent year.
