The Commonwealth of Massachusetts

In the One Hundred and Ninety-First General Court
(2019-2020)

An Act relative to election emergencies.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 54 of the General Laws, as appearing in the 2016 official edition, is
2 amended by adding the following language for newly created Section 62A:

3 62A. Postponement and extension of qualifying periods for elections for public office
4 during state of emergency; Procedures for the Orderly Administration of Elections; Limitations.

5 Section 62A. (a) The state secretary shall have the authority to regulate elections in
6 emergency situations, including, but not limited to, when the governor declares a state of
7 emergency or a federal agency declares a state of emergency or disaster exists. Such
8 authorization shall include, but not be limited to:

9 (1) Postponing or extending the qualifying periods provided in this chapter or chapter
10 53 for the qualification of candidates seeking municipal, county, or state-wide office; and

(2) Postponing the date of any primary, special primary, preliminary, election, or special election in the affected area, notwithstanding the provisions of any other law, by-law, ordinance or municipal charter to the contrary; and

(3) Providing for procedures for the orderly conduct of elections; and

(4) In the case of municipal elections, postponing or suspending such local election, including a preliminary, after consultation with local election officials and chief executive of the municipality or representative thereto.

Any such postponement or extension shall not exceed 45 days unless the secretary determines that the particular circumstances at issue require an additional postponement or extension of up to another 45 days.

(b) The secretary of the commonwealth shall adopt, by rule or regulation, an elections emergency contingency plan, which shall contain goals and policies that give specific direction to state and local elections officials when an election has been suspended or delayed due to an emergency or alternate voting procedures are necessary. The contingency plan shall address, but not be limited to, the following concerns:

(1) Providing procedures for state and local elections officials to follow when an election has been suspended or delayed to ensure notice of the suspension or delay to the proper authorities, the electorate, the media, poll workers, and the custodians of polling places.

(2) Providing procedures for state and local elections officials to follow when election deadlines are postponed or extended to ensure notice of the suspension or delay to the proper authorities, the electorate, candidates, and the media.

32 (3) Providing procedures for the release and certification of election returns and
33 documents relating to the election to the secretary's office for elections suspended or delayed and
34 subsequently rescheduled under the provisions this section.

35 (4) Providing alternate voting procedures for local election officials and voters to
36 follow when election emergencies exist that may affect the ability of voters to vote at a polling
37 place and to ensure notice of any such alternate procedures to the proper authorities, the
38 electorate, candidates, and the media.

39 (c) Any actions taken by the secretary of the commonwealth under this section shall be
40 reviewable in accordance with the provisions of section 59 of chapter 56 of the general laws.
