March 24, 2020

To the Honorable Senate and House of Representatives,

I am filing for your consideration a bill entitled “An Act to Further Address Challenges Faced by Municipalities and School Districts Resulting from COVID-19.” This legislation is designed to provide flexible solutions for local officials across the Commonwealth as the challenges of the COVID-19 epidemic disrupt the normal process of administering local government.

As you know, on March 15, 2020, I issued an Emergency Order temporarily closing all public and private K-12 schools in the Commonwealth. While that Order was necessary to protect the health and safety of the Commonwealth, this legislation provides important flexibility to address potential disruptions that may result. First, it empowers the Commissioner of Elementary and Secondary Education to delay beyond April 1 the requirement, established in the recently enacted Student Opportunity Act, that school districts submit three-year evidence-based plans aimed at closing achievement disparities among student subgroups. Second, it authorizes the Board of Elementary and Secondary Education, upon the recommendation of the Commissioner, to modify or waive the requirements of the competency determination for high school graduation. Third, the legislation authorizes the Commissioner, to modify or waive the requirement for the Commonwealth’s annual statewide student assessment, known as the MCAS. In all three instances, action can be taken only to address disruptions caused by the pandemic.
This bill also provides flexibility to Regional School Districts in case they are not able to approve their budgets by the statutory deadline. The bill would accordingly permit Regional School Districts to suspend the statutorily-required vote on the approval of their fiscal year 2021 budget and allow the Department of Elementary and Secondary Education (“DESE”) to certify an amount sufficient for the operation of the district until a budget can be adopted.

Also in the area of municipal finance, this bill would provide cities and town flexibility on tax collections, such that they can allow their residents more time to pay taxes without incurring penalties. Specifically, the bill would allow municipalities to waive late-payment penalties for 4th quarter tax bills, which are due May 1. It would also allow municipalities to change their tax bill due date and extend the deadline for property tax exemptions and deferrals from April 1 to June 1, 2020.

There are a number of important modifications to the local permitting process in this bill. These include the following changes:

- Provides that no permit is automatically granted, approved, or denied because a local permitting authority does not act within a time period required by law.
- Provides that any permit that is currently valid will not lapse or expire during the state of emergency, and suspends any time limitation on such permits during the emergency.
- Allows applications for permits to be filed electronically, so as to eliminate the need for in-person filing.
- Suspends any requirement that a hearing on a permit application be held within a certain period of time until 45 days after the end of the state of emergency.

These changes will provide necessary relief to cities and towns that, due to disruptions caused by the state of emergency, are unable to timely process and hear permitting applications. At the same time, these changes balance the needs of residents and developers by ensuring that their current permits are not impaired by the emergency.

Additionally, I am proposing a method that would allow municipalities to utilize retirees during the current state of emergency, so that municipalities can tap qualified workers when their workforces may be disrupted. Currently, retirees collecting a pension are limited in how many hours they may work and the compensation they can earn. This proposal would lift those restrictions for calendar year 2020 for work done during the emergency.

I am also proposing changes that would allow for electronic signatures on search warrant applications and criminal complaints that are necessary in light of the current public health emergency. This would decrease traffic to courthouses and thereby reduce risk to judicial and public safety officers as well as courthouse staff and court users.
Lastly, I propose to allow restaurants and other establishments that are licensed to sell alcohol for on-premises consumption to sell wine and beer for takeout and delivery subject to certain conditions. As you know, restaurants and bars are currently barred from allowing customers to eat or drink on-premises, and their liquor licenses limit them to the sale of alcohol for on-premises consumption. This change would restore a critical source of revenue to restaurants and other food establishments.

The Lieutenant Governor and I are happy to see that the Joint Committee on Municipalities and Regional Government reported a bill on Monday, H.4580, that contains a number of similar provisions intended to relieve pressure on municipalities. We look forward to working with you to share ideas and language to achieve our common goals. In light of the ongoing emergency, I urge your prompt enactment of legislation to relieve pressure on our cities and towns.

Respectfully submitted,

Charles D. Baker,
Governor
