**The Commonwealth of Massachusetts**

**In the One Hundred and Ninety-First General Court  
(2019-2020)**

An Act to improve access to family physicians.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Section 25N ½ of Chapter 111 of the General Laws is hereby amended by  
2 striking subsection (b) and inserting in place thereof the following subsection:-

3 (b) Pursuant to regulations to be promulgated by the health care workforce center, there  
4 shall be established a primary care and family medicine residency grant program for the purpose  
5 of financing the training of primary care providers and family physicians at teaching community  
6 health centers. Eligible applicants shall include teaching community health centers accredited  
7 through affiliations with a commonwealth-funded medical school or licensed as part of a  
8 teaching hospital with a residency program in family medicine and teaching health centers that  
9 are the independently accredited sponsoring organization for the residency program and whose  
10 residents are employed by the health center. Eligible residency programs shall be accredited by  
11 the Accreditation Council for Graduate Medical Education.

12 To receive funding, an applicant shall: (1) include a review of recent graduates of the  
13 community health center's residency program, including information regarding what type of  
14 practice said graduates are involved in 2 years following graduation from the residency program;  
15 and (2) achieve a threshold of at least 95 per cent for the percentage of graduates practicing  
16 primary care within 2 years after graduation. Graduates practicing more than 50 per cent  
17 inpatient care or more than 50 per cent specialty care as listed in the American Medical  
18 Association Masterfile shall not qualify as graduates practicing primary care.

19 The health care workforce center shall require applicants to include the following  
20 information and give preference to those applicants whom meet at least one of the following  
21 criteria: (1) Have a proven record of placing graduates in areas of unmet need; (2) Have a record  
22 or written plan of attracting and admitting underrepresented minorities and/or economically  
23 disadvantaged groups; or (3) host their programs and/or clinical training sites in areas of unmet  
24 need.

25 Awardees of the primary care residency grant program shall offer a 3 to 4 year residency  
26 program and maintain their teaching accreditation as either an independent teaching community  
27 health center or as a teaching community health center accredited through affiliation with a  
28 commonwealth-funded medical school or licensed as part of a teaching hospital. All resident  
29 trainees shall be assigned as the primary care provider of a continuity panel of patients and see  
30 those patients in that location no less than 40 weeks per academic year for each of the years of  
31 the residency.

32 The health care workforce center shall determine through regulation grant amounts per  
33 full-time resident provided grant amounts per resident are no less than 85% of the average CMS

- 34 annual reimbursement rate per year and funding is provided for all of the 3 or 4 year residency.
- 35 Funds for such grants shall come from the Health Care Workforce Transformation Fund
- 36 established under section 2FFFF of chapter 29.
