- (b) Examination for the use and prescription of therapeutic pharmaceutical agents placed in schedules III, IV, V and VI under section 2 of chapter 94C and defined in section 66C shall, upon application, be open to an optometrist registered under section 68, 68A or 68B and to any person who meets the qualifications for examination under said sections 68, 68A and 68B. An applicant registered as an optometrist under said section 68, 68A or 68B shall: (i) be registered pursuant to paragraph (h) of section 7 to use or prescribe pharmaceutical agents for the purpose of diagnosing or treating glaucoma and other ocular abnormalities of the human eye and adjacent tissue; and (ii) furnish to the board of registration in optometry evidence of the satisfactory completion of 40 hours of didactic education and 20 hours of supervised clinical education relating to the use and prescription of therapeutic pharmaceutical agents under section 66C; provided, however, that such education shall: (1) be administered by the Massachusetts Society of Optometrists, Inc.; (2) be accredited by a college of optometry or medicine; and (3) meet the guidelines and requirements of the board of registration in optometry. The board of registration in optometry shall provide to each successful applicant a certificate of qualification in the use and prescription of all therapeutic pharmaceutical agents as authorized under said section 66C and shall forward to the department of public health notice of such certification for each successful applicant.
- (c) An optometrist licensed in another jurisdiction shall be deemed an applicant under this section by the board of registration in optometry. An optometrist licensed in another

jurisdiction may submit evidence to the board of registration in optometry of practice equivalent to that required in section 68, 68A or 68B and the board, in its discretion, may accept the evidence in order to satisfy any of the requirements of this section. An optometrist in another jurisdiction licensed to utilize and prescribe therapeutic pharmaceutical agents for treating glaucoma and other ocular abnormalities of the human eye and adjacent tissue may submit evidence to the board of registration in optometry of equivalent didactic and supervised clinical education, and the board, in its discretion, may accept the evidence in order to satisfy any of the requirements of this section.

- (d) A licensed optometrist who has completed a postgraduate residency program approved by the Accreditation Council on Optometric Education of the American Optometric Association may submit an affidavit to the board of registration in optometry from the licensed optometrist's residency supervisor or the director of residencies at the affiliated college of optometry attesting that the optometrist has completed an equivalent level of instruction and supervision and the board, in its discretion, may accept the evidence in order to satisfy any of the requirements of this section.
- (e) As a condition of license renewal, an optometrist licensed under this section shall submit to the board of registration in optometry evidence attesting to the completion of 3 hours of continuing education specific to glaucoma and the board, in its discretion, may accept the evidence to satisfy this condition for license renewal.
- SECTION 25. Section 80B of said chapter 112, as appearing in the 2016 Official Edition, is hereby amended by inserting after the word "practitioners", in line 12, the following words:-, nurse anesthetists.

SECTION 26. Said section 80B of said chapter 112, as so appearing, is hereby further amended by striking out the seventh paragraph and inserting in place thereof the following paragraph:-

The board shall promulgate advanced practice nursing regulations which govern the provision of advanced practice nursing services and related care including, but not limited to, the ordering and interpreting of tests, the ordering and evaluation of treatment and the use of therapeutics.

SECTION 27. Said section 80B of said chapter 112, as so appearing, is hereby further amended by striking out, in lines 64 and 65, the words "in the ordering of tests, therapeutics and the prescribing of medications, to" and inserting in place thereof the following word:- to.

SECTION 28. Said chapter 112 is hereby further amended by striking out section 80E, as so appearing, and inserting in place thereof the following section:-

Section 80E. (a) A nurse practitioner or psychiatric nurse mental health clinical specialist may issue written prescriptions and medication orders and order tests and therapeutics pursuant to guidelines mutually developed and agreed upon by the nurse and either a supervising nurse practitioner or psychiatric nurse mental health clinical specialist who has independent practice authority or a supervising physician, in accordance with regulations promulgated by the board. A prescription issued by a nurse practitioner or psychiatric nurse mental health clinical specialist under this subsection shall include the name of the nurse practitioner or the psychiatric nurse mental health clinical specialist who has independent practice authority or the supervising physician with whom the nurse practitioner or psychiatric nurse mental health clinical specialist developed and signed mutually agreed upon guidelines.

A nurse practitioner or psychiatric nurse mental health clinical specialist shall have independent practice authority to issue written prescriptions and medication orders and order tests and therapeutics without the supervision described in this subsection if the nurse practitioner or psychiatric nurse mental health clinical specialist has completed not less than 2 years of supervised practice following certification from a board-recognized certifying body; provided, however, that supervision of clinical practice shall be conducted by a health care professional who meets minimum qualification criteria promulgated by the board, which shall include a minimum number of years of independent practice authority.

The board may allow a nurse practitioner or psychiatric nurse mental health clinical specialist to exercise such independent practice authority upon satisfactory demonstration of not less than 2 years of alternative professional experience; provided, however, that the board determines that the nurse practitioner or psychiatric nurse mental health clinical specialist has a demonstrated record of safe prescribing and good conduct consistent with professional licensure obligations required by each jurisdiction in which the nurse practitioner or psychiatric nurse mental health clinical specialist has been licensed.

(b) The board shall promulgate regulations to implement this section.

SECTION 29. Said chapter 112 is hereby further amended by striking out section 80H, as so appearing, and inserting in place thereof the following section:-

Section 80H. (a) A nurse anesthetist may issue written prescriptions and medication orders and order tests and therapeutics pursuant to guidelines mutually developed and agreed upon by the nurse and either a supervising nurse anesthetist with independent practice authority or a supervising physician, in accordance with regulations promulgated by the board; provided,

however, that supervision under this section by a nurse anesthetist with independent practice authority or by a physician shall be limited to written prescriptions and medication orders and the ordering of tests and therapeutics. A prescription issued by a nurse anesthetist under this subsection shall include the name of the nurse anesthetist with independent practice authority or the supervising physician with whom the nurse anesthetist developed and signed mutually agreed upon guidelines. Nothing in this section shall require a nurse anesthetist to obtain prescriptive authority to deliver anesthesia care, including the proper administration of the drugs or medicine necessary for the delivery of anesthesia care.

A nurse anesthetist shall have independent practice authority to issue written prescriptions and medication orders and order tests and therapeutics without the supervision described in this subsection if the nurse anesthetist has completed not less than 2 years of supervised practice following certification from a board-recognized certifying body; provided, however, that supervision of practice shall be conducted by a health care professional who meets minimum qualification criteria promulgated by the board which shall include a minimum number of years of independent practice experience.

The board, in its discretion, may allow a nurse anesthetist to exercise such independent practice authority upon satisfactory demonstration of alternative professional experience if the board determines that the nurse anesthetist has a demonstrated record of safe prescribing and good conduct consistent with professional licensure obligations required by each jurisdiction in which the nurse anesthetist has been licensed.

(b) The board shall promulgate regulations to implement this section.
