By Mr. Montigny, a petition (accompanied by bill, Senate, No. 2731) (subject to Joint Rule 12) of Mark C. Montigny, Lori A. Ehrlich, Smitty Pignatelli, Patrick M. O’Connor and other members of the General Court for legislation to prevent COVID-19 deaths in senior living facilities. Elder Affairs.

The Commonwealth of Massachusetts

In the One Hundred and Ninety-First General Court
(2019-2020)

An Act to prevent COVID-19 deaths in senior living facilities.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Notwithstanding any general or special law to the contrary, the executive office of elder affairs shall require each assisted living residence certified pursuant to chapter 19D of the General Laws to satisfy the following requirements:

(i) provide COVID-19 diagnostic testing all personnel, including employees, contract staff, medical staff, and administrators, regardless of whether said personnel is symptomatic, at least twice per week pursuant to a written plan submitted by the facility to the executive office of elder affairs;

(ii) provide a written policy to the executive office of elder affairs outlining measures implemented to ensure all personnel undergo appropriate COVID-19 screening prior to the start of each shift, including but not limited to non-invasive body temperature checks, self-attestation
checklists, and proper mask donning, while maintaining appropriate levels of individual privacy under federal and state law;

(iii) provide additional COVID-19 diagnostic testing to any personnel, including employees, contract staff, medical staff, and administrators, who develop symptoms associated with COVID-19 and take reasonable measures to quarantine said personnel experiencing symptoms, pursuant to guidance issued by the department, until such time that test results are made available;

(iv) offer, in writing, to each resident to arrange for COVID-19 diagnostic testing;

(v) attest to the executive office of elder affairs that testing has been provided to all personnel and offered in writing to each resident on its premises;

(vi) report all positive results to the executive office of elder affairs, department of public health, and the local health department in the jurisdiction of the facility within 12 hours of receipt;

The executive office of elder affairs may deny, suspend, or revoke a certification in accordance with procedures set forth under section 6 of chapter 19D for any assisted living residence not in compliance with this act.

SECTION 2. Notwithstanding any general or special law to the contrary, the department of public health shall require each long-term care facility licensed pursuant to section 71 of chapter 111 of the General Laws to satisfy the following requirements:

(i) provide COVID-19 diagnostic testing to all residents and personnel, including employees, contract staff, medical staff, and administrators, regardless of whether said personnel
is symptomatic, at least twice per week pursuant to a written plan submitted by the facility to the
department;

(ii) provide a written policy to the department outlining measures implemented to ensure
all personnel undergo appropriate COVID-19 screening prior to the start of each shift, including
but not limited to non-invasive body temperature checks, self-attestation checklists, and proper
mask donning, while maintaining appropriate levels of individual privacy under federal and state
law;

(iii) provide additional COVID-19 diagnostic testing to any resident or personnel,
including employees, contract staff, medical staff, and administrators, who develop symptoms
associated with COVID-19 and take reasonable measures to quarantine said resident or personnel
experiencing symptoms, pursuant to guidance issued by the department, until such time that test
results are made available;

(iv) report all positive results to the department and the local health department in the
jurisdiction of the facility within 12 hours of receipt;

(v) provide weekly reports to the department of all inventory of personal protective
equipment, including type, quantity, and lot number;

(vi) comply with COVID-19 infection control policies, guidance, and regulations issued
by the department;

(vii) provide unrestricted access to the department wherever necessary to ensure testing
of all residents and personnel, personal protective equipment inventories, infection control
protocols, staffing levels, and any other inspection deemed necessary by the department to
protect the health and safety of residents and personnel.

Each long-term care facility not in compliance with this section shall be subject to a
penalty of no less than $2,000 per violation per day, and each subsequent violation shall be
subject to a penalty no less than $10,000 per violation per day. All fines collected shall be
deposited into the Long-Term Care Facility Quality Improvement Fund, established in section
2UUUU of chapter 29 of the General Laws.

The department may petition for the appointment of a receiver pursuant to section 72M of
chapter 111 for any long-term care facility not in compliance with this act in order to protect the
health, safety, and welfare of residents. Non-compliance with this act shall not constitute a
natural disaster for purposes of section 72M.

SECTION 3. The department shall provide adequate personnel protective equipment to
all surveyors inspecting long-term care facilities licensed by the department, including but not
limited to, properly fitted respirators, gowns, gloves, and face shields. The department shall
provide written guidance to each surveyor regarding the proper donning and doffing of said
equipment and procedures to request additional equipment whenever necessary to carry out
expeditious infection control audits at licensed long-term care facilities.

SECTION 4. This act shall take effect upon passage and remain in effect until such time
that the Governor rescinds the state of emergency declared under Executive Order No. 591 dated
March 10, 2020.
