of the commonwealth. If a public health emergency was declared before and remains in effect on
the effective date of this section, emergency paid sick time under this section shall be provided to
employees pursuant to this subsection (a) on the effective date of this section.

to a public health emergency.

(c) All employees employed by an employer in the commonwealth who must be absent
from work for the reasons set forth in subsection (b) of this section, and are unable to telework,
shall be eligible for emergency paid sick time regardless of the duration of such employment, or
any temporary or probationary status, and shall be paid at the same hourly rate as the employee
earns from the employee’s employment at the time the employee uses the emergency paid sick
time; provided, however, that this hourly rate shall not be less than the effective minimum wage
under section 1 of chapter 151, and shall not exceed $850 per week. Nothing in this section shall
be construed as requiring financial or other reimbursement to an employee from an employer

revenue shall provide such reimbursements directly to employers within 10 business days by
direct deposit to the employer’s bank account or by check to the employer.

(e) The commonwealth shall compensate employers as described in subsection (e) of this
section by drawing upon funds in the COVID Emergency Paid Sick Leave fund established

All emergency paid sick time that the employer must provide under this section shall be in addition to, and shall not run concurrent with, benefits provided pursuant to chapter 152.

(2) An employee may use emergency paid sick time on an intermittent basis and in the smaller of hourly increments or the smallest increment that the employer’s payroll system uses to account for absences or use of other time.

(3) With respect to an employer that provides paid leave on the day before the effective date of this section, the emergency paid sick time under this section shall be made available to employees of the employer in addition to such paid leave; and the employer may not change such paid leave on or after such effective date to avoid being subject to this section. An employer may not require an employee to use other paid leave provided by the employer to the employee before the employee uses the emergency paid sick time under this section, unless federal law requires otherwise.

(g) The employee shall provide notice to the employer of the need for emergency paid sick time as practicable only when the need is foreseeable and the employer’s place of business has not been closed. An employer may not require, as a condition of an employee’s taking
emergency paid sick time, that the employee search for or find a replacement worker to cover the hours during which the employee is using emergency paid sick time.

(h) Any health information possessed by an employer regarding an employee or employee’s family member must: (1) be maintained on a separate form and in a separate file from other personnel information; (2) be treated as confidential medical records; and (3) not be disclosed except to the affected employee or with the express permission of the affected employee.

(i) It shall be unlawful for any employer to interfere with, restrain, or deny the exercise of, or the attempt to exercise, any right provided under or in connection with this section, including, but not limited to, by using the taking of emergency paid sick time under this section as a negative factor in any employment action such as evaluation, promotion, disciplinary action or termination, or otherwise subjecting an employee to discipline for the use of emergency paid sick time under this section.

Exercising rights under this section shall include but not be limited to filing an action, or instituting or causing to be instituted any proceeding, under or related to this section; providing or intending to provide any information in connection with any inquiry or proceeding relating to any right provided under this section; or testifying or intending to testify in any inquiry or proceeding relating to any right provided under this section.
Nothing in this section shall be construed to discourage employers, including a municipality, district, political subdivision or its instrumentalities, from adopting or retaining job-protected paid time off policies more generous than policies that comply with the requirements of this section and nothing in this section shall be construed to diminish or impair the obligation of an employer to comply with any contract, collective bargaining agreement, or any employment benefit program or plan in effect on the effective date of this section that provides to employees greater job-protected paid time off rights than the rights established under this section; and nothing in this section shall be construed to pre-empt the power of a municipality, district, political subdivision or its instrumentalities, from adopting or retaining job-protected paid time off policies more generous than policies that comply with the requirements of this section.

The attorney general shall enforce this section, and may obtain injunctive or declaratory relief for this purpose. Violation of this section shall be subject to paragraphs (1), (2), (4), (6) and (7) of subsection (b) of section 27C and to section 150.

The attorney general shall prescribe by emergency regulation the employer’s obligation to make, keep, and preserve records pertaining to this section consistent with the requirements of section 15 of chapter 151.

The attorney general shall adopt emergency rules and regulations necessary to carry out the purpose and provisions of this section.

Notice of this section shall be prepared by the attorney general, in English and in other languages required under clause (iii) of subsection (d) of section 62A of chapter 151A. Employers shall post this notice in a conspicuous location accessible to employees in every
establishment where employees with rights under this section work, and shall provide a copy to
their employees; provided, however, that in cases where the employer does not maintain a
physical workplace, or an employee teleworks or performs work through a web-based platform,

based platform. This notice shall include the following information:

(1) information describing the rights to emergency paid sick time under this section;
(2) information about the notices, documentation and any other requirements placed on
employees in order to exercise their rights to emergency paid sick time;
(3) information that describes the protections that an employee has in exercising rights
under this section;
(4) the name, address, phone number, and website of the attorney general’s office where
questions about the rights and responsibilities under this section can be answered; and
(5) information about filing an action under this section.

SECTION 4. The executive office of health and human services, in consultation with the
attorney general, shall develop and implement a multilingual outreach program to inform
employees, parents, and persons who are under the care of a health care provider about the
availability of emergency paid sick time under SECTION 3 of this act. This program shall
include the distribution of notices and other written materials in English and in other languages
to all child care and elder care providers, domestic violence shelters, schools, hospitals,
community health centers, and other health care providers.

SECTION 5. This Act shall take effect immediately.
