The Commonwealth of Massachusetts

**In the One Hundred and Ninety-First General Court
(2019-2020)**

An Act relative to school choice.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Notwithstanding any general or special law to the contrary for each student
2 enrolling in a receiving district, there shall be a maximum school choice tuition amount of six
3 thousand five hundred dollars. A sliding scale fee structure shall be used to calculate the amount
4 of tuition a district must pay. Said tuition amount shall be based on the district’s overall
5 percentage of students categorized as economically disadvantaged and calculated as follows: the
6 percentage of economically disadvantaged designated students in a district is multiplied by six
7 thousand five hundred dollars. That sum is then subtracted from the maximum tuition of six
8 thousand five hundred dollars to determine the cost of tuition for the sending district; provided,
9 however, that for special education students whose tuition amount shall remain the expense per
10 student for such type of education as is required by such non-resident student.

11 The state treasurer is hereby authorized and directed to deduct said school choice tuition
12 amount from the total education aid, as defined in chapter seventy, of said student's sending
13 district, prior to the distribution of said aid and to deposit said aid in the School Choice Tuition
14 Trust Fund established by section twelve C. In the case of a child residing in a municipality
15 which belongs to a regional school district, the school choice tuition amount shall be deducted
16 from said chapter seventy education aid of the school district appropriate to the grade level of the
17 child. If, in a single district, the total of all such deductions exceeds the total of said education
18 aid, this excess amount shall be deducted from other aid appropriated to the city or town. If, in a
19 single district, the total of all such deductions exceeds the total state aid appropriated, the
20 commonwealth shall appropriate this excess amount; provided, however, that if said district has
21 exempted itself from the provisions of chapter seventy by accepting section fourteen of said
22 chapter, the commonwealth shall assess said district for said excess amount.
