An Act promoting affordability of home care services.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 Chapter 19A of the General Laws, as appearing in the 2016 Official Edition, is hereby  
2 amended by striking out section 4A and inserting in place thereof the following section:-

3 Section 4A. The department shall establish a sliding fee scale to provide home care  
4 services for certain persons whose income exceeds the limits established under Title XX of the  
5 Social Security Act. On July 1 of each year, the department shall increase the financial eligibility  
6 limits for home services, including the sliding fee scale, by a percentage equal to the percentage  
7 increase in federal social security benefits for that fiscal year. The department shall ensure that  
8 persons eligible for services based on established age and functional criteria shall have access to  
9 care that is sufficiently affordable to prevent institutional long-term care placements unless such  
10 placements are in the best medical interests of said eligible persons; provided further, the  
11 department shall ensure that service recipients at or below the state median income shall pay no  
12 more than 60 per cent of the cost of applicable care plans. The department shall forward to the

- 13 house and senate committees on ways and means on or before March first of each year, a full
- 14 report on the status of the home care program audit.
