An Act relative to pharmaceutical "gag clauses".

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. Notwithstanding any general or special law to the contrary, no contract for  
2 pharmacy services between a health insurance carrier or pharmacy benefits manager and a  
3 pharmacy or pharmacist shall contain a provision prohibiting or penalizing a pharmacist's  
4 disclosure to an insured individual purchasing a covered prescription medication of information  
5 regarding: (i) the cost of the prescription medication to the individual, and (ii) the availability of  
6 any equivalent medication or alternative methods of purchasing the prescription medication,  
7 including, but not limited to, paying a cash price, which may be less expensive than the cost of  
8 the prescription medication to the individual.

9           (b) No health insurance carrier or pharmacy benefits manager shall require an individual  
10 to make a payment at the point of sale for a covered prescription medication in an amount greater  
11 than the amount an individual would pay for the prescription medication if the individual  
12 purchased the prescription medication without using a health insurance plan.
