An Act relative to improving access to emergency treatment plans.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. Subsection (f) of section 8B of chapter 123 of the General Laws, as  
2 appearing in the 2016 Official Edition, is hereby amended by adding the following sentences:-  
3 The superintendent of a facility or medical director of the Bridgewater state hospital may further  
4 petition the court for the continued monitoring of the patient after the expiration of the order of  
5 commitment. The hearing to continue monitoring shall take place within 7 days following the  
6 filing of the petition. The court may appoint a treatment monitor, as described under sections 5-  
7 306A-D of chapter 190B, to monitor the existing treatment plan or, under the guidance of the  
8 court, develop and monitor a new treatment plan, as described in subsection (a) of section 5-  
9 306A of chapter 190B.

10           SECTION 2. Section 5-101 of chapter 190B of the General Laws, as appearing in the  
11 2016 Official Edition, is hereby amended by inserting, in subsection (3), after the word “court”,  
12 in line 14, the following words:- or in proceedings relating to the appointment of treatment  
13 monitors and supervision of treatment plans as described in section 5-306.

14 SECTION 3. Said section 5-101 of said chapter 190B is hereby further amended by  
15 inserting after subsection (25) the following subsection:-

16 (26) "Treatment monitor", a mental health services provider who is required pursuant to  
17 such practice to obtain a license from the commonwealth or who, at the discretion of the court, is  
18 deemed suitable to monitor the treatment plan as described in subsection (a) of section 5-306A.

19 SECTION 4. Section 5-306A of said chapter 190B, as so appearing, is hereby amended  
20 by inserting after the words "section 5-308.", in line 17, the following words:-

21 In all cases, a treatment plan by order or decree must be issued and a monitor must be  
22 assigned not later than 14 days after the initial petition is filed.

23 SECTION 5. Said section 5-306A of said chapter 190B, as so appearing, is hereby further  
24 amended by striking out subsection (b) and inserting in place thereof the following subsection:-

25 (b) The court shall delegate to a treatment monitor the authority to supervise the  
26 treatment plan to ensure that the treatment plan is followed. Reasonable expense incurred in such  
27 monitoring may be paid out of the estate of such person by the petitioner or by the  
28 commonwealth, as may be determined by the court.

29 SECTION 6. Said chapter 190B is hereby amended by inserting after section 5-306A the  
30 following sections:-

31 Section 5-306B. (a) A treatment monitor shall report in writing the condition of the  
32 incapacitated person within 30 days following appointment and not more than 60 days thereafter  
33 and when otherwise ordered by the court. A report shall state:

34 (1) the current mental, physical and social condition of the incapacitated person;

35 (2) a statement of compliance with the treatment plan by the incapacitated person and the  
36 delivery of treatment services by the provider;

37 (3) a recommendation as to the need for continued monitoring and any recommended  
38 changes in the scope of monitoring; and

39 (4) plans regarding future care.

40 (b) The court shall establish a system for overseeing treatment monitors of incapacitated  
41 persons, including the filing and review of regular reports.

42 (c) When the treatment monitor determines that an incapacitated person has refused to  
43 comply with any condition of the treatment plan or when the treatment monitor determines that  
44 the service provider is not delivering treatment in accordance with the treatment plan, the  
45 monitor shall petition the court for a hearing to report the conditions of the treatment plan that  
46 have been violated.

47 Upon receipt of notice from the treatment monitor, the court shall appoint counsel, if  
48 necessary, and schedule treatment non-compliance hearings and service provider non-  
49 compliance hearings within 7 days and not more than 14 days, except in extraordinary  
50 circumstances, as determined by the court. The court shall create a standard “notice of treatment  
51 non-compliance” form, which the monitor shall complete with times and dates of alleged non-  
52 compliance of the incapacitated person or the service provider.

53 Treatment non-compliance hearings shall proceed in 2 distinct steps, the first to  
54 adjudicate the factual issue of whether the alleged treatment plan is being complied with and the

55 second to determine the disposition of the matter, if treatment non-compliance is found by the  
56 court to have occurred.

57           If the court finds that the incapacitated person has not complied with one or more  
58 conditions of the treatment plan as alleged, or that the service provider has not complied with  
59 one or more conditions of the treatment plan as alleged, the treatment monitor shall recommend  
60 to the court a course of immediate action and may present argument and evidence in support of  
61 that recommendation. The incapacitated person or his representative and the treatment provider  
62 or his representative shall be permitted to present argument and evidence relevant to disposition  
63 and to propose dispositional terms. The court may issue an order of enforcement that shall  
64 include a course of action and reasons for taking such action, including an order that the  
65 incapacitated person or service provider return before the court to amend the treatment plan.

66           (d) Nothing in this section shall prevent a supervising mental health professional from  
67 authorizing involuntary commitment and treatment in emergency under section 12 of chapter  
68 123.

69           Section 5-306C. The authority and responsibility of a treatment monitor of an  
70 incapacitated person terminates upon the death of the monitor or incapacitated person, the  
71 determination of incapacity of the monitor, the determination that the person is no longer  
72 incapacitated, or upon removal or resignation as provided in section 5-306D.

73           Section 5-306D. (a) On petition of the incapacitated person or any person interested in  
74 the welfare of the incapacitated person, the court, after notice and hearing, may remove a  
75 treatment monitor if the person under a treatment plan is no longer incapacitated or for other  
76 good cause. On petition of the treatment monitor, the court may accept a resignation.

77 (b) The incapacitated person or any person interested in the welfare of the incapacitated  
78 person, if 18 or more years of age, may petition for removal of a treatment monitor on the ground  
79 that removal would be in the best interest of the incapacitated person.

80 (c) The incapacitated person or any person interested in the welfare of the incapacitated  
81 person may petition for an order that the person is no longer incapacitated, for termination of the  
82 treatment order, or for modification of the treatment plan.

83 (d) After notice and hearing on a petition for removal or for permission to resign, the  
84 court may appoint a successor treatment monitor and make any other appropriate order. Before  
85 appointing a successor treatment monitor, or ordering that a person's incapacity has been  
86 terminated, the court shall follow the same procedures to safeguard the rights of the incapacitated  
87 person that apply to a petition for appointment of treatment monitor.
