Section 14. (a) The child advocate, subject to appropriation or the receipt of federal funds, shall establish a statewide children's mental health ombuds program for the purpose of advocating on behalf of children with mental health disorders, identifying barriers to effective mental health treatment and proposed solutions; monitoring and ensuring compliance with relevant statutes, regulations, rules and policies pertaining to children's behavioral health services; and of receiving, investigating, resolving through administrative action, as described in subsection (c), complaints filed by a child or by individuals legally authorized to act on behalf of a child or children or by any individual, organization or government agency that has reason to believe that any entity regulated by the commonwealth or government agency has engaged in activities, practices or omissions that constitute violations of applicable court orders, statutes or regulations or that may have an adverse effect upon the health, safety, welfare or rights of children.

department of education, and shall report on any system-wide problems that the ombuds has identified, and potential solutions; and

(d) the child advocate shall report annually, within 120 days of the end of the fiscal year, to the governor, the speaker of the house, the senate president, the joint committee on mental health, substance use and recovery, the joint committee on children, families and persons with disabilities, the joint committee on education, and the house and senate clerks on the activities of the children's mental health ombuds program, including complaints that are relevant to the ombuds, an analysis of patterns in complaints made through the ombuds, and requests for assistance made through the office of patient protection, the department of children and families ombuds and the department of mental health investigations department, and shall make recommendations for legislation, policy or programmatic changes related to the protection of the rights of children with mental health disorders.
