KARYN POLITO
LIEUTENANT GOVERNOR

January 27, 2021

To the Honorable Senate and House of Representatives,

Today, we submit to you our Fiscal Year 2022 (FY22) House 1 budget recommendation which protects core government services, provides significant support for local cities and towns, and encourages economic growth and development without raising taxes on residents, as we promote a strong, equitable recovery from the COVID-19 public health emergency.

This balanced budget proposal includes substantial investments and maintains financial discipline as the Commonwealth begins to transition away from one-time revenue and spending needed to combat the pandemic. These one-time initiatives have utilized various state and federal resources, both on and off-budget, to help ensure public health and address a variety of needs. The proposal also keeps the Administration's promise to the Commonwealth's cities and towns by ensuring unrestricted local aid increases at the same rate as consensus tax revenue growth.

Through this proposal, the Administration is recommending fully funding the first year of the landmark Student Opportunity Act with \$246.3 million in new funding added for initiatives laid out in this legislation. This includes an increase of \$197.7 million in Chapter 70 funding, with a particular focus on school districts serving low-income students. The Administration's proposal also provides increased funding for charter schools and special education circuit breaker reimbursement. Additionally, the Administration is proposing to allow municipalities to count federal dollars towards their Chapter 70 required local contribution increases, a commonsense measure to provide important flexibility and needed fiscal relief to cities and towns.

House 1 recommends \$45.6 billion in gross spending, a decrease of 0.7% over the Fiscal Year 2021 (FY21) projected spending, (excluding transfer to the Medical Assistance Trust Fund). This year-over-year decrease accounts for current tax projections and is primarily driven by caseload and cost decreases at MassHealth which previously experienced significant cost increases in FY21 due to the pandemic.

This budget recommendation authorizes a withdrawal of up to \$1.6 billion from the Stabilization Fund to help ensure the continuation of essential government services and responsibly preserve financial reserves for Fiscal Year 2023 and beyond. Working together, the Legislature and this Administration have been able to grow the Stabilization Fund since 2015, which now enables us to face the budget challenges associated with COVID-19 while still making substantial investments in education, economic development, and our communities – all without raising taxes on our residents.

Improvements in tax collections or new federal revenue will allow the amount of this withdrawal to be reduced. This current Stabilization Fund withdrawal accounts for less than 3.5% of the total proposed FY22 budget and would leave the fund with a balance of approximately \$1.11 billion.

Consistent with previous budget proposals, House 1 maintains the Administration's commitment to being a reliable partner for municipalities. This Administration is proposing an increase in the Unrestricted General Governmental Aid (UGGA) investment that is equivalent to the expected 3.5% tax revenue growth in the consensus revenue forecast announced on January 15, 2021. This translates to a \$39.5 million increase and a \$1.168 billion total investment, which would be \$222 million (23.5%) more than the Fiscal Year 2015 investment. House 1 also includes \$4 million for Community Compact-related programs including best practices and regionalization and efficiency grants, as well as \$3 million for district local technical assistance and \$4.8 million for the Public Safety Staffing Grant Program. These programs provide all 351 cities and towns with access to grant funding and resources to ensure quality services for their residents.

This proposal preserves pre-COVID-19 pandemic eligibility and benefit levels for social safety net programs such as MassHealth, Transitional Aid to Families with Dependent Children (TAFDC), child-care vouchers, Prescription Advantage, Homecare, Chapter 115 veteran benefits, and the Turning 22 program.

To continue promoting racial equality and opportunity, this proposal includes over \$30 million to support the recommendations of the Black Advisory Commission and Latino Advisory Commission. This includes investments in teacher diversity, small business development, financial literacy, job placement programming, and workforce training. The recommendation

provides \$2.5 million in funding to support the newly created Supplier Diversity Office's work to increase and improve state contracting opportunities for minority-owned businesses.

House 1 invests substantial funding towards critical priorities including \$96 million to address sexual assault and domestic violence and \$357.3 million for substance misuse treatment and prevention, an increase of \$22.1 million (7%) above the FY21 budget. With this recommendation, the Administration is also continuing strong support for transportation, early and higher education, housing, workforce development, behavioral health, the environment, and economic development.

This budget includes a total investment of \$16.9 million in additional funding for transforming vocational high schools into Career Technical Institutes and training 20,000 new workers in skilled trades and technical fields over four years. This initiative will increase student demand, involve businesses in program development and credentials, reduce barriers to licensure, and create incentives for completion and post-graduate employment.

The Commonwealth continues to benefit from the strong partnership between our Administration and the House and Senate. We look forward to developing a final spending plan for Fiscal Year 2022 that invests in essential government services and critical priorities while ensuring fiscal discipline and stability for current and future budgets. We appreciate your prompt consideration of these recommendations.

Sincerely

Charles D. Baker,
Governor

SECTION 3.

Notwithstanding any general or special law to the contrary, for the fiscal year ending June 30, 2022 the distribution of Unrestricted General Government Aid to cities and towns of the balance of the State Lottery and Gaming Fund, as paid from the General Fund in accordance with clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, and additional funds from the General Fund and the Gaming Local Aid Fund, shall be \$1,168,119,046 and shall be apportioned to cities and towns in accordance with this section.

For fiscal year 2022 the total amounts to be distributed to each city, town, and regional school district, as calculated pursuant to chapter 70 of the General Laws and paid from item 7061-0008 of section 2, shall be as set forth in the following lists; provided that for purposes of calculating preliminary local contributions, municipal revenue growth factors shall be calculated in a manner consistent with calculations made in fiscal year 2021; provided that the effort reduction percentage shall be 100 per cent; provided further that the minimum aid per pupil dollar amount shall be \$30; provided further that the total statewide target local contribution shall be 59 per cent; provided further, that, in satisfying any increase in its local contribution requirements under chapter 70, a municipality may deem to be local contribution an amount up to 75 per cent of the total grant award to its districts under the Elementary and Secondary Education Emergency Relief (ESSER) program enacted by the federal coronavirus response and relief supplemental appropriations act on December 27, 2020, but not more than the increase in required local contribution in fiscal year 2022 relative to fiscal year 2021. In the case of a municipality's increased required contribution as a member of a regional school district, a municipality may deem a proportional share of 75 per cent of the regional district's total grant award, equal to the municipality's share of the district's total required contribution, to satisfy the increase in its required contribution. If there is a conflict between the language of said chapter 70 and the distribution listed below, the distribution below shall control. The specified amounts listed below shall be deemed in full satisfaction of the amounts due under said chapter 70.

In evaluating compliance with net school spending requirements for fiscal year 2022, the department of elementary and secondary education shall include any net school spending eligible expenditures supported with said ESSER funds, up to the dollar limit established by the department pursuant to the 75 per cent limitation established in the previous paragraph.

Notwithstanding the provisions of section 89 of chapter 71 or any other general or special law to the contrary, in calculating charter school tuition payments to be paid to charters by each school district for fiscal year 2022, the department of elementary and secondary education shall not include the per pupil amount of required local contribution that may be supported by said ESSER funds, as determined by the department pursuant to this section.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not

considered part of net school spending in fiscal year 1994 and for any district that has not accepted the provisions of section 260 of chapter 165 of the acts of 2014; provided, that any district for whom such costs are not so considered shall have included as part of net school spending an amount equal to the increase in the foundation budget for the district associated with health care costs of retired teachers.

No payments to cities, towns or counties maintaining an agricultural school under this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted under section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district, or agricultural school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of administration and finance, under guidelines established by the secretary.

SECTION 11. Chapter 25A of the General Laws is hereby amended by adding the following section:-

Section 18. (a) Upon department issuance of a notice of non-compliance, any alternative compliance payment owed by a retail electric supplier pursuant to this chapter, including any interest, additional amount, addition to debt, assessable penalty under section 7 of this chapter, together with any costs that may accrue in addition thereto, shall constitute a debt to the department. Such debt shall also be a lien in favor of the department upon all property and rights to property, whether real or personal, belonging to the indebted retail electric supplier, including property acquired after the lien arises. The lien shall arise at the time the department issues the first notice of non-compliance and shall continue until: (1) the debt is satisfied; (2) a judgment against the retail electric supplier arising out of such debt is satisfied; or (3) any such debt or judgment becomes unenforceable by reason of the lapse of time. The lien created in favor of the department for any owed alternative compliance payment shall remain in full force and effect for a period of 10 years after the date of issuance of the first notice of non-compliance. For bankruptcy cases under relevant chapters of the United States Code, the running of the period of limitations in this section shall be suspended for the period during which the department is prohibited by reason of such case from collecting the lien, and for the period during which a plan for payment of the lien is in effect, and for six months thereafter. The running of the period of limitations in this section shall be suspended for the period during which the payment or collection is stayed pursuant to the retail electric supplier contesting the lien. If the lien would extend beyond its initial or any subsequent 10-year period, the department shall be authorized to refile its notice of lien. If any such refiled lien is filed within the "required refiling period", as that term is defined in section 6323(g)(3) of the Code, the lien in favor of the department shall

relate back to the date of the first such lien filing. Otherwise, any such refiled lien shall be effective from the date of its filing. The department shall promulgate such regulations as may be necessary for the implementation of this subsection.

(b) The lien imposed by this section shall not be perfected as against any mortgagee, pledgee, purchaser, creditor, or judgment creditor until notice thereof has been filed by the department:

(1) With respect to real property or fixtures, in the registry of deeds of the county where such property is situated, and

(2) With respect to personal property other than fixtures, in the filing office in which the filing of a financing statement would perfect, under Article 9 of chapter 106, an attached nonpossessory security interest in tangible personal property belonging to the retail electric supplier liable to pay the alternative compliance payment as if the retail electric supplier were located in the commonwealth under section 9-307 of said chapter 106. The filing of any such lien or of a waiver or release of any such lien shall be received and registered or recorded without payment of any fee in the commonwealth.

(c) In any case where an alternative compliance payment becomes due upon issuance of a notice of non-compliance, the department, in addition to other modes of relief, may direct a civil action to be filed in a superior court of the commonwealth to collect the debt or enforce the lien of the department under this section with respect to such liability, or to subject any property of whatever nature, of the indebted retail electric supplier, or in which they have any right, title, or interest, to the payment of such liability.

(d) The department may issue a waiver or release of any lien imposed by this section. Such waiver or release shall be conclusive evidence that the lien upon the property covered by the waiver or release is extinguished. The department shall issue a waiver or release of any lien imposed by this section in any case where the debt for which such lien attached has been paid or legally abated.

(e) Notwithstanding any general or special law to the contrary, the department may establish financial compliance assurance requirements for any retail electricity supplier subject to requirements or standards established in this chapter. The department may require a bond or other security in amount and form as determined to be necessary and appropriate to ensure compliance with all such requirements or standards.

SECTION 12. Section 1 of chapter 25C of the General Laws, as appearing in the 2018 Official Edition, is hereby amended by adding after the words "chapter 166A" the following words:- and for the development of statewide policy regarding advanced telecommunications capability within the commonwealth.

For purposes of this chapter, advanced telecommunications capability is defined, without regard to any transmission media or technology, as high-speed, switched, broadband telecommunications capability that enables users to originate and receive high-quality voice, data, graphics and video telecommunications using any technology.

SECTION 13. Said chapter 25C is hereby further amended by adding the following section:-

Section 9. Notwithstanding sections 6A and 8 of this chapter, or any other general or special law to the contrary, the department shall have the duties and powers as may be necessary

or desired to accomplish the purposes of this section. The department shall facilitate access to advanced telecommunications capability in the commonwealth, with a special interest in increasing the presence of advanced telecommunications capability across the commonwealth to promote economic development, meet the commonwealth's homeland security and emergency preparedness needs, improve government efficiency, and improve the quality of life for the commonwealth's residents. The duties and powers of the department shall include, but not be limited to, the following: (1) identifying areas that lack adequate advanced telecommunications capability, including where, due to geographic remoteness, sparsity of population or other considerations, private-sector capital investment in advanced telecommunications facilities deployment is not sufficient to meet the present and future needs of the area; (2) identifying the locations of advanced telecommunications capability facilities in the commonwealth; and (3) taking other actions to fulfill the purposes of this section. The department may work in consultation with Massachusetts Broadband Institute, established by section 6B of chapter 40J.

SECTION 14. Chapter 29 of the General Laws is hereby amending by striking out section 2TTTT and inserting in place thereof the following section:-

Section 2TTTT. (a) There shall be a Community Hospital and Health Center Investment Trust Fund to be expended, without further appropriation, by the secretary of health and human services. The fund shall consist of money from public and private sources, including gifts, grants and donations, interest earned on such money, any other money authorized by the general court and specifically designated to be credited to the fund and any funds provided from other sources. Money in the fund shall be used to provide annual financial support in an amount not to exceed \$47,500,000 per fiscal year, consistent with the terms of this section, to eligible acute care hospitals and community health centers, provided that such financial support to eligible acute

care hospitals shall include all payments pursuant to section 63 of chapter 260 of the acts of 2020. The secretary, as trustee, shall administer the fund and shall make expenditures from the fund consistent with this section.

(b) The secretary may incur expenses and the comptroller may certify amounts for payment in sufficient amount to satisfy all obligations under section 63 of chapter 260 of the acts of 2020 and otherwise in anticipation of expected receipts; provided, however, that, subject to subsection (e), no expenditure shall be made from the fund which shall cause the fund to be deficient at the close of a fiscal year. Subject to subsection (i), revenues deposited in the fund that are unexpended at the end of a fiscal year shall not revert to the General Fund and shall be available for expenditure in the following fiscal year.

(c) The secretary shall periodically direct payments from the fund to eligible acute care hospitals and community health centers. To be eligible to receive payment from the fund, an acute care hospital shall be an "eligible hospital" for purposes of subsection (d) of section 63 of chapter 260 of the acts of 2020. To be eligible to receive payment from the fund, a community health center must be certified as a community health center by the MassHealth program under 130 CMR 405.000 or any successor regulation.

(d) In directing payments in a given fiscal year, the secretary shall allocate payments to eligible acute care hospitals and community health centers in the following order and manner. First, the secretary shall direct payments from the fund to eligible acute care hospitals, in the form of enhanced Medicaid payments, supplemental payments, or by other appropriate mechanism, to satisfy all obligations under section 63 of chapter 260 of the acts of 2020. Second, the secretary shall direct the balance of the fund for payments to community health centers in the

following manner and allocation: 25 per cent of the total community health center allocation shall be directed to community health centers in the form of grants, and 75 per cent of the total community health center allocation shall be directed to community health centers in the form of enhanced Medicaid payments. The secretary shall establish by regulation or other appropriate written issuance any further eligibility criteria for allocation of payments pursuant to this subsection.

(e) The secretary may require as a condition of receiving payment from the fund any such reasonable condition of payment that the secretary determines necessary to ensure the availability, to the extent possible, of federal financial participation for the payments, and the secretary may incur expenses and the comptroller may certify amounts for payment in anticipation of expected receipt of federal financial participation for the payments. Subject to appropriation, an amount equal to the total annual anticipated federal financial participation generated by the payments shall be transferred to the Community Hospital and Health Center Investment Trust Fund not later than June 30.

(f) The secretary may promulgate regulations as necessary to carry out this section.

(g) Not later than October 15 of each fiscal year, the secretary shall file a report with the joint committee on health care finance and the house and senate committees on ways and means detailing the allocation and recipient of each payment during the prior fiscal year, including any payments made under subsection (i).

(h) An amount equal to the total receipts from the penalty established under chapter 63E shall be transferred from the General Fund to the Community Hospital and Health Center Investment Trust Fund before the end of each fiscal year.

(i) In the event that the total amount in the fund in a given fiscal year is sufficient to provide the maximum amount of annual financial support specified in subsection (a) to eligible acute care hospitals and community health centers, any remaining revenues deposited in the fund under subsection (h) shall revert to the General Fund to support increased investments in primary care and behavioral health in a manner that maximizes federal financial participation.

SECTION 15. Said chapter 29 is hereby further amended by striking out section 2TTTT and inserting in place thereof the following section:-

2TTTT. (a) There shall be a Community Hospital and Health Center Investment Trust Fund to be expended, without further appropriation, by the secretary of health and human services. The fund shall consist of money from public and private sources, including gifts, grants and donations, interest earned on such money, any other money authorized by the general court and specifically designated to be credited to the fund and any funds provided from other sources. Money in the fund shall be used to provide annual financial support in an amount not to exceed \$25,000,000 per fiscal year, consistent with the terms of this section, to eligible acute care hospitals and community health centers. The secretary, as trustee, shall administer the fund and shall make expenditures from the fund consistent with this section.

(b) The secretary may incur expenses and the comptroller may certify amounts for payment in sufficient amount satisfy in anticipation of expected receipts; provided, however, that, subject to subsection (e), no expenditure shall be made from the fund which shall cause the fund to be deficient at the close of a fiscal year. Subject to subsection (i), revenues deposited in the fund that are unexpended at the end of a fiscal year shall not revert to the General Fund and shall be available for expenditure in the following fiscal year.

(c) The secretary shall periodically direct payments from the fund to eligible acute care hospitals and community health centers. To be eligible to receive payment from the fund, an acute care hospital shall (1) be an acute care hospital licensed under section 51 of chapter 111; (2) have a statewide relative price less than 0.90, as calculated by the center for health information and analysis pursuant to section 10 of chapter 12C according to data from the most recent available year; (3) have a public payer mix equal to or greater than 60 per cent, as calculated by the center for health information and analysis according to data from the most recent available year; and (4) not be owned, financially consolidated or corporately affiliated with a provider organization, as defined by section 1 of chapter 6D, that: (A) owns or controls two or more acute care hospitals; and (B) the total net assets of all affiliated acute care hospitals within the provider organization is greater than \$600,000,000, as calculated by the center for health information and analysis according to data from the most recent available year. (d) In directing payments in a given fiscal year, the secretary shall allocate payments to eligible acute care hospitals and community health centers in the following manner: (1) 50 per cent of payments shall be directed to eligible acute care hospitals in the form of Medicaid supplemental payments or other appropriate mechanism; and (2) 50 per cent of payments shall be directed to community health centers in the following manner and allocation: 25 per cent of the total community health center allocation shall be directed to community health centers in the

Subject to appropriation, an amount equal to the total annual anticipated federal financial participation generated by the payments shall be transferred to the Community Hospital and Health Center Investment Trust Fund not later than June 30.

(f) The secretary may promulgate regulations as necessary to carry out this section.

(g) Not later than October 15 of each fiscal year, the secretary shall file a report with the joint committee on health care finance and the house and senate committees on ways and means detailing the allocation and recipient of each payment during the prior fiscal year, including any payments made under subsection (i).

(i) In the event that the total amount in the fund in a given fiscal year is sufficient to provide the maximum amount of annual financial support specified in subsection (a) to eligible

acute care hospitals and community health centers, any remaining revenues deposited in the fund under subsection (h) shall revert to the General Fund to support increased investments in primary care and behavioral health in a manner that maximizes federal financial participation.

"Vendor or operator", a business that is obliged to file a return under section 16; provided that businesses with gross sales below a certain threshold, to be set by the commissioner in regulation, shall not be a "vendor or operator" if the business notifies a third party payment processor in writing that it is exempt from the provisions of this section.

(b) Any vendor or operator shall, in connection with seeking payments from or through a third party payment processor, separately identify tax amounts charged in association with the excise under chapters 64G, 64H, 64I, 64L or 64N and non-tax amounts for which payment is sought. Such separate identification shall be conducted in a manner approved by the commissioner, taking into account established industry practices to the extent practicable.

(c) A third party payment processor receiving a request for payment from a vendor or operator shall directly pay the identified tax portion of such request to the commissioner on a daily basis, at substantially the same time that any non-tax balance is paid to the vendor or operator.

(d) A third party payment processor shall report total payments made to the commissioner on a monthly return, in a manner provided by the commissioner, which return shall identify each vendor or operator to whom payments were made during the month and the amount of tax paid to the commissioner during the month in association with transactions with each such vendor or operator during that period.

(f) Tax amounts paid to the commissioner by a third party payment processor in association with the processing of transactions of a particular vendor or operator during the month shall be available as a credit to the vendor or operator in the filing of returns showing tax due under chapters 64G, 64H, 64I, 64L or 64N, as applicable.

SECTION 26. Said chapter 62C of the General Laws is hereby further amended by inserting after section 30B, as inserted by section 31 of said chapter 227, the following section:-

Section 30C. (a) If the commissioner determines, from the verification of a return or otherwise, that the full amount of tax on deemed repatriated income has not been assessed or is not considered to be assessed under chapter 62 or chapter 63, the commissioner shall, notwithstanding the 3 year limitation in section 26, assess an additional tax upon such income, if any, with interest as provided in section 32, within 6 years of the later of (1) the date the return was filed or (2) the date the return that was required to include such income was required to be filed. For purposes of this section, the term "deemed repatriated income" shall mean any amount included in federal gross income under section 951(a) of the Code by reason of section 965 of

the Code, without regard to the deduction available under section 965(c) of the Code, to the extent such amount is required to be included in Massachusetts gross income under chapter 62 or 63. An assessment under this section shall be made in the manner provided in section 26; provided, however, that the 6-year period for making an assessment shall be suspended during the period of time that the taxpayer has a bankruptcy case pending under the appropriate chapters of Title 11 of the United States Code. An offset to the additional proposed tax on deemed repatriated income may be considered only if such offset is directly attributable to the deemed repatriated income. An offset, if approved, may reduce or eliminate the additional tax due, but in no case shall the offset result in a refund of tax that would otherwise be barred as untimely.

(b) Any person aggrieved by the assessment of a tax on deemed repatriated income under chapter 62 or chapter 63, may apply in writing on a form approved by the commissioner, for an abatement thereof (1) within 6 years from the date the return that included such income was filed, taking into account paragraph (a) of section 79; (2) within 2 years from the date the tax was assessed or deemed to be assessed; or (3) within 1 year from the date that the tax was paid, whichever is later. An abatement under this section shall be made in the manner provided in section 37; provided that the claims in such abatement must be directly attributable to tax on deemed repatriated income; and provided further that section 36 shall not limit refunds or credits otherwise permissible under this section. The commissioner may offset against the proposed abatement any additional tax on deemed repatriated income. An offset may reduce or eliminate the abatement, but shall not result in an assessment that would otherwise be barred as untimely.

(c) For purposes of this section, the phrase "directly attributable to deemed repatriated income" shall mean any changes, adjustments or corrections to a person's tax on deemed repatriated income, as that term is defined above.

For purposes of this section, the term "person" shall include any individual, partnership, trust or any other fiduciary subject to taxation under chapter 62, or any corporation subject to tax under chapter 63.

For purposes of this section, the term "Code" shall mean the Internal Revenue Code, as amended and in effect for the taxable year.

(d) The commissioner may promulgate rules or regulations to implement this section.

If a credit allowed by this section exceeds the tax otherwise due under this chapter, 100 per cent of the balance of such credit may, at the option of the taxpayer, be refundable to the taxpayer. In order to qualify, the employee with a disability must be certified by the Massachusetts rehabilitation commission as meeting the definition of disability in the Americans with Disabilities Act, 42 U.S.C. sections 12101 et seq.; capable of working independently; physically or mentally impaired in a manner that constitutes or results in a substantial impediment to employment for the individual; and hired by the employer after July 1, 2021.

(b) To be eligible for a credit under this section: (i) the primary place of employment and the primary place of residence of the employee must be in the commonwealth, (ii) the business shall receive the applicable certification from the Massachusetts rehabilitation commission that

the employee qualifies not later than the day the employee begins work; provided, reasonable exceptions to this timeframe may be established through regulation, and (iii) the employee must have been employed by the business for a period of at least 18 consecutive months prior to and in the taxable year in which the credit is claimed.

(c) In the case of a business corporation that is subject to a minimum excise under this chapter, the amount of the credit allowed by this section shall not reduce the excise to an amount less than such minimum excise.

(d) A business corporation that is eligible for and claims the credit allowed under this section in a taxable year with respect to a qualified employee with a disability shall be eligible for a credit of up to \$2,000 in the subsequent taxable year with respect to such qualified employee. Any credit allowed under this section shall not be transferable.
