**In the One Hundred and Ninety-Second General Court
(2021-2022)**

An Act relative to front license plates.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 90 of the General Laws, as appearing in the 2018 Official Edition,
2 is hereby amended by striking Section 6 in its entirety and inserting in place thereof the
3 following new section:-

4 Section 6. Every motor vehicle or trailer registered under this chapter when operated in or
5 on any way in this commonwealth shall have its register number displayed conspicuously
6 thereon by the number plate furnished by the registrar in accordance with section two or five or
7 by a temporary number plate authorized by the registrar as hereinafter provided, at the rear of
8 said motor vehicle, and one number plate to be attached at the rear of said trailer, but if the
9 registrar issues but one number plate it shall be attached to the rear of the vehicle so that it shall
10 always be plainly visible. The said number plate shall be kept clean with the numbers legible and
11 shall not be obscured in any manner by the installation of any device obscuring said numbers,
12 and during the period when the vehicle or trailer is required to display lights the register number
13 shall be illuminated so as to be plainly visible at a distance of sixty feet. No number plates other

14 than such as are procured from the registrar or such as may be authorized by him for temporary
15 use, except as provided in section three, shall be displayed on any motor vehicle or trailer so
16 operated; provided, that a motor vehicle or trailer which by reason of its interstate operation is
17 registered in this commonwealth and elsewhere may display the register number plates of this
18 and any other state or country in which it is registered, if, while being operated on the ways of
19 this commonwealth, the number plates furnished by the registrar, or temporary number plates
20 authorized by him as hereinafter provided, are displayed as required hereby. If any number plate
21 supplied by the registrar is lost or mutilated or if the register number thereon becomes illegible,
22 the owner or person in control of the vehicle for which said number plate was furnished shall
23 make application for a new number plate, and thereupon the registrar shall issue to such
24 applicant a permit allowing him to place a temporary number plate bearing his register number
25 on said vehicle until a number plate of the regular design is made and delivered to said applicant;
26 provided, that all such temporary number plates and the register numbers thereon shall conform
27 to the regular number plates and be displayed as nearly as may be as herein provided for said
28 regular number plates. Any motor vehicle or trailer may, if duly registered, be operated, pushed,
29 drawn or towed or remain upon any way between the hours of twelve o'clock noon on the date
30 on which its registration expires and twelve o'clock noon on the following day, if the following
31 day is the first day of the new registration period, and if such vehicle or trailer displays its
32 register number for either registration period as otherwise required by this section.
