Resolutions establishing the annual observance of COVID-19 Remembrance Day.

1           SECTION 1. The General Court hereby finds and declares that:

2           (i) the 2019 novel coronavirus, SARS-CoV-2, also known as COVID-19, is a deadly  
3 illness caused by a virus that can transmit from person to person;

4           (ii) in 2020, COVID-19 began to spread throughout the world, creating a global  
5 pandemic that has had a catastrophic impact on human life, communities in the commonwealth,  
6 communities in the United States and the United States economy;

7           (iii) in March 2020, communities in every state began to experience increased loss of life  
8 and families lost loved ones, friends and neighbors to the virus;

9           (iv) the governor declared a state of emergency in response to the virus on March 10,  
10 2020, which was subsequently terminated on June 15, 2021;

(v) beginning in 2020, many across the commonwealth and the United States were, and continue to be, personally impacted by COVID-19, including mourning their loved ones, friends and neighbors or suffering from the long-term health implications of the virus;

(vi) by the end of August 2021, there had been nearly 711,400 known cases of the virus in the commonwealth and over 17,850 people had tragically lost their lives;

(vii) by the end of August 2021, there had been more than 39.5 million known cases of the virus in the United States and more than 642,000 people tragically lost their lives;

(viii) COVID-19 has had a disproportionate impact on low-income communities and communities of color, with high rates of infection and death, exacerbating inequities already prevalent in our systems that must be addressed throughout the commonwealth and the United States;

(ix) public servants, frontline and essential workers and health care professionals took selfless actions to protect their neighbors and communities, support struggling economies and find innovative ways to provide services;

(x) local, state, tribal and federal government entities provided critical support to businesses, communities and the people of the commonwealth and the United States in need;

(xi) the COVID-19 pandemic continues to have an impact on the commonwealth, the United States and countries around the world; and

(xii) each life lost to COVID-19, each inequity and broken system brought to light and each sacrifice made shall never be forgotten.

SECTION 2. Chapter 6 of the General Laws is hereby amended by inserting after section 15LLLLLL the following section:-

Section 15MMMMMM. The governor shall annually issue a proclamation setting apart the first Monday in March as COVID-19 Remembrance Day, in recognition of those who died from 2019 novel coronavirus, also known as COVID-19, the suffering of those who contracted COVID-19 and survived but carry with them the long-term health implications of the virus, and to acknowledge the frontline and essential workers who provided services to our communities and the selfless actions of the many residents of the commonwealth who volunteered to support their neighbors and communities during the COVID-19 pandemic, and recommending the day be observed in an appropriate manner by the people of the commonwealth.
