HOUSE No. 4273

The Commonwealth of Massachusetts

HOUSE OF REPRESENTATIVES, December 2, 2021.

The committee on Public Health to whom was referred the petition (accompanied by bill, House, No. 2224) of Ruth B. Balser relative to requiring choke response employee training in all restaurants, reports recommending that the accompanying bill (House, No. 4273) ought to pass.

For the committee,

MARJORIE C. DECKER.

HOUSE No. 4273

The Commonwealth of Alassachusetts

In the One Hundred and Ninety-Second General Court (2021-2022)

An Act protecting the health and safety of people in restaurants.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

Chapter 94 of the General Laws, as appearing in the 2020 Official Edition, is hereby

amended by striking out section 305D and inserting in place thereof the following section:

Section 305D. Each food establishment shall have on its premises, when food is being served, an employee trained in manual procedures approved by the department of public health to remove food lodged in a person's throat. The department of public health shall adopt regulations listing all approved manual procedures which it determines may be used effectively to remove food lodged in a person's throat. Each such food establishment shall make adequate provisions for insurance to cover employees trained in rendering such assistance. The local board of health shall notify all food establishments subject to this chapter of their obligations under the law, and provide municipal health inspectors with written fact sheets and copies of this statute, and information regarding certified training sites and organizations, for distribution to all food establishments subject to this chapter.

Each food establishment shall display on its premises, in an area that is reasonably accessible to customers, a poster that visibly instructs how to assist a person who is choking. The poster shall be developed by the department.

Any person, or employee of any person, who has been properly trained in these procedures, and in good faith, volunteers to remove or attempts to remove such food in an emergency shall not be liable for any civil damages as a result of any acts or omissions by such person or employee in rendering such emergency assistance. Take-out only restaurants, so-called, with no customer seating on the premises, as well as food trucks, so-called, shall not be subject to this section.
