**In the One Hundred and Ninety-Second General Court  
(2021-2022)**  
\_\_\_\_\_

An Act relative to college in high schools.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. Chapter 15A of the General Laws is hereby amended by inserting after  
2 section 39 the following section:-

3           Section 39A. (a) All public institutions of higher education established pursuant to  
4 section 5 shall develop and adopt written policies and procedures for accepting scores of all  
5 advanced placement examinations to satisfy college degree requirements.

6           (b)(i) The policies pursuant to subsection (a) shall indicate whether college credit shall be  
7 granted for general education, major, minor or elective credit requirements at the public  
8 institutions of higher education and shall include procedures related to the transferability of  
9 college credits from another institution of higher education.

10          (ii) All policies, procedures and exceptions governing the awarding of college credit shall  
11 be posted on the public institution of higher education’s website under the category of admission  
12 or with other information related to the admission process, which the public institution of higher  
13 education shall update annually to reflect any changes in policies or procedures. Each public

14 institution of higher education shall submit its policies and procedures, or any changes thereto, to  
15 the department, which shall post each public institution of higher education's policies and  
16 procedures, or changes thereto, on the department's website.

17 (c) A public institution of higher education requiring an advanced placement exam score  
18 of more than 3 for the purpose of receiving college credit for general education, major, minor or  
19 elective credit requirements shall annually report to the department: (1) evidence that students  
20 who obtain an exam score of more than 3 have greater success in a related or more advanced  
21 course for which a lower level course is a prerequisite; and (2) any disparate student impacts that  
22 result from requiring an exam score of more than 3 for college credit. Annual reports shall be  
23 posted on each public institution of higher education's website and be accessible to the public for  
24 review.

25 (d) The board shall annually review each public institution of higher education's policies  
26 and procedures for accepting advanced placement examination scores pursuant to subsections (a)  
27 and (b) and shall report its findings to the clerks of the senate and the house of representatives,  
28 the joint committee on education and the joint committee on higher education. Each public  
29 institution of higher education shall provide the board with all necessary data to conduct its  
30 analysis as determined by the board.

31 (e) The board shall adopt rules as necessary to implement this section in a manner that  
32 ensures compliance with federal and state law regarding confidentiality of student education  
33 information, including, but not limited to, the federal Family Educational Rights and Privacy Act  
34 of 1974.

35 SECTION 2. Chapter 69 of the General Laws is hereby amended by adding the following  
36 section:-

37 Section 37. (a) The department, in consultation with the department of higher education,  
38 shall establish standards for approving and designating college in high school programs.  
39 Designation as a college in high school program shall be granted for an initial period of 5 years,  
40 subject to review after the first 3 years and renewable based upon performance. All programs  
41 approved under this section shall:

42 (i) offer a coherent sequence of courses that allows a student to earn a high school  
43 diploma and achieve at least 1 of the following:

44 (A) the accumulation of transferable college credits; provided, that academic courses that  
45 count for college credit shall be agreed to by the public institutions of higher education  
46 participating in the partnership with the high school;

47 (B) an industry-recognized credential or certificate, including those determined to be  
48 necessary for occupations with high employment value, which shall be determined by  
49 considering factors, including, but not limited to, a given occupation's entry wage, growth rate in  
50 employment and average annual openings; or

51 (C) participation in a registered apprenticeship, pre-apprenticeship or apprentice  
52 readiness program;

53 (ii) prepare students adequately for future success in the workforce or in an institution of  
54 higher education;

55 (iii) encourage the cooperative or shared use of resources, personnel and facilities  
56 between public high schools, public and independent colleges or universities and employers;

57 (iv) emphasize involvement of parents and guardians and provide consistent counseling,  
58 advising and parent conferencing so that parents, guardians and students can make responsible  
59 decisions regarding course selection and can track the student's academic progress and success;

60 (v) develop methods for early identification of potential participating students in the  
61 middle grades and through high school and provide outreach to those students to promote  
62 academic preparation and awareness of college in high school programs; and

63 (vi) develop strategies to identify and engage underserved populations, including by  
64 income, race, ethnicity, sex, English language learner status and disability status.

65 (b) Annually, not later than July 1, each college in high school program shall file a report  
66 with the commissioner and the commissioner of higher education on performance measures,  
67 including, but not limited to, the following data on participating students: (i) high school  
68 graduation rates; (ii) percentage who complete the program; (iii) percentage who gain any  
69 postsecondary credits; (iv) credits earned in college in high school programs, including  
70 percentage of each program incorporating early college who gain at least 12 credits; (v)  
71 percentage in a 6-year cohort who attain postsecondary degrees; and (vi) college and career  
72 outcomes.

73 The commissioners shall prepare an aggregate report to be filed with the joint committee  
74 on higher education and the joint committee on education.

75           (c) The department shall, in consultation with the department of higher education and  
76 subject to approval by the boards of elementary and secondary education and higher education,  
77 set multi-year goals for the commonwealth for the attainment of college degrees and qualifying,  
78 industry-recognized certificates for students participating in college in high school programs.  
79 Such goals shall include, but not be limited to, goals for historically underserved populations,  
80 including by income, race, ethnicity, sex, English language learner status and disability status.  
81 Goals shall include state-wide, district-wide and school-level goals. Progress towards the goals at  
82 the state-wide, district-wide and school-level shall annually be reported publicly on the  
83 department's website.

84           (d) The department shall, in consultation with the department of higher education,  
85 establish a publicly accessible online dashboard using data from the reports filed pursuant to  
86 subsections (b) and (c) to generate information on each college in high school program. The  
87 dashboard shall create user-friendly displays of the overall success of the individual programs in  
88 achieving the goals and shall be written in terms understandable to the general public and to help  
89 students and their families and guardians identify available college in high school opportunities.
