168 as defined in section 2 of chapter 23K, that meets the requirements of this chapter and the rules

191 provided that an operator continues to meet all requirements under this chapter and the rules and
192 regulations of the commission.

193 (e) An operator shall submit to the commission such documentation or information as the
194 commission may require demonstrating that the operator continues to meet the requirements of
195 this chapter and the rules and regulations of the commission. An operator shall submit required
196 documentation or information no later than 5 years after issuance of its operator license and

202 license to a person who meets the requirements of this section.

203

204 (b) An occupational license authorizes the licensee to be employed in the capacity
205 designated by the commission while the license is active. The commission may establish, by rule
206 or regulation, job classifications with different requirements based on the extent to which a
207 particular job impacts, or has the potential to impact, the lawful operation of sports wagering.

208 (c) An applicant for an occupational license shall submit any required application forms
209 established by the commission and shall pay a nonrefundable application fee of \$100. An

213 employer may pay an application fee on behalf of the licensed employee.

214 Section 8. (a) The commission may deny a license to any applicant, reprimand any
215 licensee or suspend or revoke a license, if the applicant or licensee:

217 (2) has had a license revoked by any governmental authority responsible for regulation of
218 gaming activities;

219 (3) has been convicted of a crime of moral turpitude, a gambling-related offense or a theft
220 or fraud offense;

222 sufficient to adequately meet the requirements of the proposed enterprise; or

223 (5) is not the true owner of the business or is not the sole owner and has not disclosed the
224 existence or identity of other persons who have an ownership interest in the business.

225 (b) The commission may deny, suspend or revoke an operator license or reprimand any
226 licensee if the applicant or licensee has not met the requirements of this chapter.

227 Section 9. (a) Each operator shall adopt comprehensive house rules for game play
228 governing sports wagering transactions with its patrons. The house rules shall specify the
229 amounts to be paid on winning wagers and the effect of sports event schedule changes. The
230 commission shall approve house rules prior to implementation.

231 (b) The house rules, together with any other information the commission deems
232 appropriate, shall be accessible to any patrons of the sports wagering system. The operator shall
233 make copies readily available to patrons.

234 Section 10. (a) Sports wagering operators shall employ commercially reasonable methods
235 to:

236 (1) prohibit the operator, directors, officers, owners and employees of the operator, and
237 any relative living in the same household as such persons, from placing bets with the operator;

238 (2) prohibit athletes, coaches, referees, team owners, employees of a sports governing
239 body or its member teams and player and referee union personnel from wagering on any sporting
240 event of their sport's governing body; provided, that in determining which persons are excluded

241 from placing wagers under this subsection, operators shall use lists of such persons that the
242 sports governing body may provide to the commission;

243 (3) prohibit any individual with access to non-public confidential information held by the
244 operator from placing wagers with the operator;

245 (4) prohibit persons from placing wagers as agents or proxies for others; and

246 (5) maintain the security of wagering data, customer data and other confidential
247 information from unauthorized access and dissemination; provided, however, that nothing in this
248 chapter shall preclude the use of internet or cloud-based hosting of such data and information or
249 disclosure as required by court order, other law or this chapter.

250 (b) A sports governing body may submit to the commission in writing, by providing
251 notice in such form and manner as the commission may require, a request to restrict, limit or
252 exclude a certain type, form or category of sports wagering with respect to sporting events of
253 such body, if the sports governing body believes that such type, form or category of sports
254 wagering with respect to sporting events of such body is contrary to public policy, unfair to
255 consumers, may undermine the perceived integrity of such body or sporting events of such body
256 or affects the integrity of such body or sporting events of such body. The commission shall
257 request comment from sports wagering operators on all such requests. After giving due
258 consideration to all comments received, the commission shall, upon a demonstration of good
259 cause from the requestor, grant the request. The commission shall respond to a request
260 concerning a particular event before the start of the event, or if it is not feasible to respond before
261 the start of the event, no later than 7 days after the request is made; provided, that if the
262 commission determines that the requestor is more likely than not to prevail in successfully

263 demonstrating good cause for its request, the commission may provisionally grant the request of
264 the sports governing body until the commission makes a final determination as to whether the
265 requestor has demonstrated good cause. Absent such a provisional grant by the commission,
266 sports wagering operators may continue to offer sports wagering on sporting events that are the
267 subject of such a request during the pendency of the consideration of the applicable request.

268 (c) The commission shall designate a state law enforcement entity to have primary
269 responsibility for conducting, or assisting the commission in conducting, investigations into
270 abnormal betting activity, match fixing and other conduct that corrupts a betting outcome of a
271 sporting event or events for purposes of financial gain.

272 (d) The commission and sports wagering operators shall use commercially reasonable
273 efforts to cooperate with investigations conducted by sports governing bodies or law
274 enforcement agencies, including but not limited to, using commercially reasonable efforts to
275 provide or facilitate the provision of anonymized account-level betting information and audio or
276 video files relating to persons placing wagers. All disclosures under this section are subject to the
277 obligation of a sports wagering operator to comply with all federal, state and local laws and
278 regulations, including but not limited to, laws and regulations relating to privacy and personally
279 identifiable information.

280 (e) Sports wagering operators shall immediately report to the commission any
281 information relating to:

282 (1) criminal or disciplinary proceedings commenced against the sports wagering operator
283 in connection with its operations;

284 (2) abnormal betting activity or patterns that may indicate a concern with the integrity of
285 a sporting event or events;

291 activity, wagers to conceal or launder funds derived from illegal activity, using agents to place
292 wagers and using false identification.

293 Sports wagering operators shall immediately report information relating to conduct
294 described in paragraphs (2), (3) and (4) of this subsection to the relevant sports governing body.

295 (f) The commission and sports wagering operators shall maintain the confidentiality of
296 information provided by a sports governing body for purposes of investigating or preventing the
297 conduct described in paragraphs (2), (3) and (4) of subsection (e), unless disclosure is required
298 by this chapter, the commission, other law or court order or unless the sports governing body
299 consents to disclosure.

300 (g) With respect to any information provided by a sports wagering operator to a sports
301 governing body relating to conduct described in paragraphs (2), (3) and (4) of subsection (e), a
302 sports governing body:

303 (1) shall only use such information for integrity purposes and shall not use the
304 information for any commercial or other purpose; and

305 (2) shall maintain the confidentiality of such information, unless disclosure is required by
306 this chapter, the commission, other law or court order or unless the sports wagering operator
307 consents to disclosure; provided, that the sports governing body may make disclosures necessary
308 to conduct and resolve integrity-related investigations and may publicly disclose such
309 information if required by its integrity policies or if deemed by the sports governing body in its
310 reasonable judgment to be necessary to maintain the actual or perceived integrity of its sporting
311 events, and subject in all cases to the sports governing body's compliance with federal, state and
312 local laws and regulations, including but not limited to, laws and regulations relating to privacy
313 and personally identifiable information. Prior to any such public disclosure that would identify
314 the sports wagering operator by name, the sports governing body shall provide such sports
315 wagering operator with notice of such disclosure and an opportunity to object to such disclosure.

316 (h) Sports wagering operators shall maintain records of all wagers placed by its patrons,

320 video camera recordings in the case of in-person wagers for at least 1 year after a sporting event
321 occurs, and shall make such data available for inspection upon request of the commission or as
322 required by court order.

323 (i) A sports wagering operator shall use commercially reasonable efforts to maintain in
324 real time and at the account level, anonymized information for each patron, including the amount
325 and type of bet, the time the bet was placed, the location of the bet, including the IP address if
326 applicable, the outcome of the bet and records of abnormal betting activity. The commission may
327 request such information in the form and manner as it requires. Nothing in this section shall

328 require a sports wagering operator to provide any information prohibited by federal, state or local
329 laws or regulations, including but not limited to, laws and regulations relating to privacy and
330 personally identifiable information.

331 (j) If a sports governing body has notified the commission and demonstrated a need for
332 access to the information described in subsection (i) for wagers placed on sporting events of such
333 sports governing body for integrity monitoring purposes, and demonstrated the capability to use
334 such data for the purpose of effectively monitoring the integrity of sporting events of such sports
335 governing body, a sports wagering operator shall share, in a commercially reasonable frequency,
336 form and manner, with the sports governing body or its designee the same information the sports
337 wagering operator is required to maintain under subsection (i) with respect to sports wagers on
338 sporting events of such sports governing body. A sports governing body and its designee shall
339 only use information received under this section for integrity-monitoring purposes and shall not
340 use information received under this section for any commercial or other purpose. Nothing in this
341 section shall require a sports wagering operator to provide any information that is prohibited by
342 federal, state or local laws or regulations, including but not limited to, laws and regulations
343 relating to privacy and personally identifiable information.

344

345 (k) A sports wagering operator shall conduct a background check on each newly hired
346 employee, and a single background check on any employee hired prior to the effective date of

353 developed according to industry standards and implemented by the commission as part of the
354 minimum internal control standards;

355 (2) promptly report to the commission any facts or circumstances related to the operation

370 commission any additional reports required by rule, regulation or this chapter.

371 (b) Sports wagering operators may use any data source for determining:
372 (1) the results of any and all tier 1 sports wagers on any and all sporting events; and
373 (2) the results of any and all tier 2 sports wagers on sporting events of an organization
374 that is not headquartered in the United States.

375 (c) A sports governing body may notify the commission that it desires sports wagering
376 operators to use official league data to settle tier 2 sports wagers on sporting events of such
377 sports governing body. Such notification shall be made in the form and manner as the
378 commission may require. Within 5 days of receipt of such notification, the commission shall
379 notify each sports wagering operator of the requirement to use official league data to settle tier 2
380 sports wagers. If a sports governing body notifies the commission of its desire to supply official
381 league data, a sports wagering operator may use any data source for determining the results of
382 tier 2 sports wagers on sporting events of such sports governing body.

383 (d) Within 60 days of the commission notifying a sport wagering operator of the
384 requirement to use official league data to settle tier 2 sports wagers pursuant to subsection (c), or
385 such longer period as may be agreed between the sports governing body and the applicable
386 sports wagering operator, a sports wagering operator shall use only official league data to
387 determine the results of tier 2 sports wagers on sporting events of that sports governing body,
388 unless:

389 (1) the sports governing body or its designee cannot provide a feed of official league data
390 to determine the results of a particular type of tier 2 sports wager, in which case a sports
391 wagering operator may use any data source for determining the results of the applicable tier 2

392 sports wager until such time a data feed becomes available from the sports governing body on
393 commercially reasonable terms and conditions; or

394 (2) a sports wagering operator can demonstrate to the commission that the sports
395 governing body or its designee will not provide a feed of official league data to the sports
396 wagering operator on commercially reasonable terms and conditions.

397 (e) In evaluating whether official league data is offered on commercially reasonable
398 terms and conditions for purposes of paragraphs (1) and (2) of subsection (d), the commission
399 may consider factors, including but not limited to:

400 (1) the availability of official league data to a sports wagering operator from more than 1
401 authorized source;

402 (2) market information, including but not limited to, price and other terms and conditions
403 regarding the purchase by sports wagering operators of comparable data for the purpose of
404 settling sports wagers in the commonwealth and other jurisdictions;

405 (3) the nature and quantity of data, including the quality and complexity of the process
406 used for collecting such data; and

407 (4) the extent to which a sports governing body or its designee has made data used to
408 settle tier 2 wagers available to sports wagering operators and any terms and conditions relating
409 to the use of that data.

410

411 (f) Notwithstanding anything to the contrary set forth herein, including but not limited to,
412 subsection (d), during the pendency of the determination of the commission as to whether a

413 sports governing body or its designee may provide official league data on commercially
414 reasonable terms, a sports wagering operator may use any data source to determine the results of
415 tier 2 sports wagers. The determination shall be made within 120 days of the sports wagering
416 operator notifying the commission that it requests to demonstrate that the sports governing body
417 or its designee will not provide a feed of official league data to the sports wagering operator on
418 commercially reasonable terms.

419 (g) A sports governing body may enter into commercial agreements with a sports
420 wagering operator or other entity in which such sports governing body may share in the amount
421 bet or revenues derived from sports wagering on sporting events of such sports governing body.
422 A sports governing body shall not be required to obtain a license or any other approval from the
423 commission to lawfully accept such amounts or revenues.

427 other events authorized under this chapter from individuals physically located within the
428 commonwealth using mobile applications or digital platforms approved by the commission,
429 through the patron's sports wagering account. The branding for each mobile application or
430 digital platform shall be determined by the operator. All bets authorized under this section must
431 be initiated, received and otherwise made within the commonwealth. Consistent with the intent
432 of the federal Unlawful Internet Gambling Enforcement Act of 2006, 31 U.S.C. section 5361 to
433 5367, inclusive, the intermediate routing of electronic data related to a lawful intrastate wager

434 authorized under this chapter shall not determine the location or locations in which the wager is
435 initiated, received or otherwise made.

436 (c) An operator may accept wagers placed by other operators, and may place wagers with
437 other operators; provided, that any operator that places a wager with another operator shall
438 inform the operator accepting the wager that the wager is being placed by an operator and shall
439 disclose its identity.

440 (d) A person placing a wager shall be at least 21 years of age.

441 (e)(1) The commission or operator may ban any person from participating in the play or
442 operation of any sports wagering consistent with rules and regulations promulgated by the
443 commission. A list of all excluded patrons shall be kept by the commission and provided to each
444 licensee, and no patron on the exclusion list shall be permitted to conduct sports wagering under
445 this chapter.

446 (2) The commission shall establish a list of self-excluded persons from sports wagering.
447 A person may request such person's name to be placed on the list of self-excluded persons by
448 filing a statement with the commission acknowledging that the person is a problem gambler and
449 by agreeing that, during any period of voluntary exclusion, the person shall not collect any
450 winnings or recover any losses resulting from any sports wagering. The commission shall also
451 provide the self-excluded persons with a list of resources including but not limited to local and
452 state mental health services and treatments available for problem and pathological gambling. The
453 commission shall adopt further regulations for the self-excluded persons list including
454 procedures for placement, removal and transmittal of such list to sports wagering operators. The
455 commission may revoke, limit, condition, suspend or fine a sports wagering operator if the

456 operator knowingly or recklessly fails to exclude or eject from its premises any person placed on
457 the list of self-excluded persons.

458 (f) No licensed employee may place a sports wager through any mobile application or
459 digital platform owned or operated by their employer.

467 hereinafter "privilege tax". The accrual method of accounting shall be used for purposes of
468 calculating the amount of the tax owed by the licensee.

469 (2) Annually not later than October 15, each sports wagering operator shall submit to the
470 commission the number of sports events or other events that took place at sports stadiums or
471 other sports facilities physically located in the commonwealth and the gross gaming revenue
472 collected from each such event. The commission shall impose and collect an excise equal to 1
473 per cent of the operator's gross gaming revenue from such events. Annually, no later than
474 December 31, the commission shall proportionately distribute the amounts received to each
475 sports facility based on the amount collected at each such facility during the previous calendar
476 year. A sports facility shall use such funds only for the purpose of sports wagering security and

478 spending in a form prescribed by the commission.

479 (b)(1) The tax levied and collected pursuant to paragraph (1) of subsection (a) shall be
480 due and payable to the commission in monthly installments on or before the 15th calendar day

491 (4) When gross gaming revenue for a month is a negative number because the winnings
492 paid to patrons wagering on the operator's sports wagering exceed the operator's total gross
493 receipts from sports wagering by patrons, the commission shall allow the operator to carry over
494 the negative amount to returns filed for subsequent months. The negative amount of gross
495 gaming revenue shall not be carried back to an earlier month and taxes previously received by
496 the commission will not be refunded, except if the operator surrenders its license and the
497 operator's last return reported negative gross gaming revenue.

507 commission the number of sports events or other events that took place at sports stadiums or

509 collected from each such event. The commission shall impose and collect an excise equal to 1
510 per cent of the operator's gross gaming revenue from such events. Annually, no later than
511 December 31, the commission shall proportionately distribute the amounts received to each
512 sports facility based on the amount collected at each such facility during the previous calendar
513 year. A sports facility shall use such funds only for the purpose of sports wagering security and
514 integrity and shall report annually to the commission the amounts spent and purposes of such
515 spending in a form prescribed by the commission.

516 (3) Annually not later than October 15, each sports wagering category 2 operator shall
517 submit to the commission the amount of money wagered by each retailer under contract. The
518 commission shall impose and collect an excise equal to 7 percent of each contracted retailer's
519 gross game revenue. Annually, no later than December 31, the commission shall proportionately

520 distribute the amounts received to each retailer based on the amount collected at each such
521 retailer during the previous calendar year.

522 (b)(1) The tax levied and collected pursuant to paragraph (1) of subsection (a) shall be
523 due and payable to the commission in monthly installments on or before the 15th calendar day

531 gross gaming revenue required by the commission.

532 (4) The tax amount shown to be due shall be remitted by electronic funds transfer
533 simultaneously with the filing of the return.

534 (5) When gross gaming revenue for a month is a negative number because the winnings
535 paid to patrons wagering on the operator's sports wagering exceed the operator's total gross
536 receipts from sports wagering by patrons, the commission shall allow the operator to carry over
537 the negative amount to returns filed for subsequent months. The negative amount of gross
538 gaming revenue shall not be carried back to an earlier month and taxes previously received by
539 the commission will not be refunded, except if the operator surrenders its license and the
540 operator's last return reported negative gross gaming revenue.

541 (c) The tax on gross gaming revenue imposed by this section shall be in lieu of all other
