Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 132B of the General Laws is hereby amended by inserting after
2 section 6K the following section:-

3 Section 6L. (a) No individual shall use a pesticide that contains the herbicide
4 substance Glyphosate, unless the individual is appropriately licensed or authorized by the
5 department pursuant to subsection (b).

6 The department’s licensure or authorization of an individual to use a pesticide
7 containing said herbicide substance which has been registered as being for general use, shall be
8 required when the pesticide is to be used on any land, whether or not the land is owned or

10 agricultural commodities.

11 (b) An individual who holds a valid certification, license or permit issued by the
12 department as a certified applicator, commercial applicator, private applicator, licensed
13 applicator or as an appropriate individual authorized by permit, may use a pesticide containing
14 said herbicide substance, which is registered for a general use or restricted use, subject to
15 compliance with all applicable provisions of this chapter and department regulations for the type
16 of use such pesticide is classified.

17 If a pesticide that contains said herbicide substance is registered for a general
18 use, an individual who holds a valid applicators license may use a pesticide containing said
19 herbicide substance on any land without being under the direct supervision of another who is a
20 certified applicator.

21 (c) Notwithstanding any provision of this chapter to the contrary, when a
22 pesticide contains said herbicide substance which is registered for general use, the following
23 conditions on the sale of such pesticide to the public shall apply:

24 No person shall offer for sale, sell, retail, supply or make available any pesticide
25 that contains said herbicide substance, to an individual who does not hold the appropriate
26 department issued certification, license or permit under the prior subsection.

27 No person shall offer for sale, sell, supply, retail or allow the public, including
28 its customers, to access or purchase any pesticide containing said herbicide substance without

35 supply or provide to its customers any pesticide containing said herbicide substance shall make

48 board from registering any pesticide that contains said herbicide substance, or determining the
49 classification of such pesticide as being for a general use or a restricted use.

51 substance should be registered for a restricted use under section 7, then a person using such
