74 (1) a fiduciary acting under a will executed before, on, or after the effective date of this  
75 act; and

76 (2) a personal representative acting for a decedent who died before, on, or after the  
77 effective date of this act.

78 (b) This act applies to a custodian if the user resided in this state at the time of the user's  
79 death.

80 (c) This act does not apply to a digital asset of an employer used by an employee in the  
81 ordinary course of the employer's business.

### 82 SECTION 3. DIRECTION FOR DISCLOSURE OF DIGITAL ASSETS.

83 (a) A user may use an online tool to direct the custodian to disclose to a designated  
84 recipient or not to disclose some or all of the user's digital assets, including the content of  
85 electronic communications. If the online tool allows the user to modify or delete a direction at  
86 all times, a direction regarding disclosure using an online tool overrides a contrary direction by  
87 the user in a will or other record made prior to the date of the direction made by the user using an  
88 online tool.

89 (b) The user may allow or prohibit in a will or other record, disclosure to a fiduciary of  
90 some or all of the user's digital assets, including the content of electronic communications sent  
91 or received by the user, and the provisions of such will or other record shall override a contrary  
92 direction by the user using an online tool that was made prior to the date of such will or other  
93 record.

94 (c) A user’s direction under subsection (a) or (b) overrides (i) a contrary provision in a  
95 terms-of-service agreement that does not require the user to act affirmatively and distinctly from  
96 the user’s assent to the terms of service and (ii) a contrary affirmative action from the user (as  
97 described in the preceding clause (i)) that predates the user’s direction under subsection (a) or  
98 (b).

99 (d) If the online tool has not been utilized by the user or if the custodian has not provided  
100 an online tool and, in either case, if no direction regarding some or all of the digital assets is  
101 provided to the fiduciary in a will or other record, the fiduciary may petition a court for access to  
102 some or all of the user’s digital assets. The court shall grant such access unless it finds that the  
103 fiduciary is not acting in good faith or that such access is prohibited by applicable federal law.

#### 104 SECTION 4. TERMS-OF-SERVICE AGREEMENT.

105 (a) Except as otherwise provided in Section 3, this act does not change or impair a right  
106 of a custodian or a user under a terms-of-service agreement to access and use digital assets of the  
107 user.

108 (b) Except as otherwise provided in Section 3, this act does not give a fiduciary or  
109 designated recipient any new or expanded rights other than those held by the user for whom, or  
110 for whose estate, the fiduciary or designated recipient acts or represents.

111 (c) A fiduciary’s or designated recipient’s access to digital assets may be modified or  
112 eliminated by a user, or by federal law, or, subject to Section 3(c), by a terms-of-service  
113 agreement if the user has not provided a subsequent direction under Section 3(a) or Section 3(b)  
114 or by a court order issued under Section 3(d).

115 SECTION 5. PROCEDURE FOR DISCLOSING DIGITAL ASSETS.

116 (a) When disclosing digital assets of a user under this act, the custodian shall, in  
117 accordance with the direction provided under Section 3(a) or Section 3(b) or a court order issued  
118 under Section 3(d):

119 (1) if requested by the fiduciary or designated recipient, grant a fiduciary or designated  
120 recipient full access to the user's account;

121 (2) subject to Section 5(a)(3)(d), grant a fiduciary or designated recipient partial access to  
122 the user's account to the extent that such partial access is requested by a fiduciary or designated  
123 recipient; or

124 (3) at the option of the custodian, provide a fiduciary or designated recipient a copy in a  
125 record of any digital asset that, on the date the custodian received the request for disclosure, the  
126 user could have accessed if the user were alive and had full capacity and access to the account.

127 (b) A custodian may assess a reasonable administrative charge for the cost of disclosing  
128 digital assets under this act.

129 (c) A custodian need not disclose under this act a digital asset deleted by a user.

130 (d) If a user directs or a fiduciary requests a custodian to disclose under this act some, but  
131 not all, of the user's digital assets, the custodian need not disclose the assets if segregation of the  
132 assets would impose an undue burden on the custodian. If the custodian believes the direction or  
133 request imposes an undue burden, the custodian or fiduciary may seek an order from the court to  
134 disclose:

135 (1) a subset limited by date of the user's digital assets;

136 (2) all of the user’s digital assets to the fiduciary or designated recipient;

137 (3) none of the user’s digital assets; or

138 (4) all of the user’s digital assets to the court for review in camera.

139 SECTION 6. DISCLOSURE OF CONTENT OF ELECTRONIC COMMUNICATIONS  
140 OF DECEASED USER.

141 If a deceased user consented or a court directs disclosure of the contents of electronic  
142 communications of the user, the custodian shall disclose to the personal representative of the  
143 estate of the user the content of an electronic communication sent or received by the user if the  
144 personal representative gives the custodian:

145 (1) a written request for disclosure in physical or electronic form;

146 (2) a certified copy of the death certificate of the user;

147 (3) a certified copy of the letter of appointment of the personal representative or a small  
148 estate affidavit or court order;

149 (4) unless the user provided direction using an online tool, (i) a copy of the user’s will,  
150 trust, power of attorney, or other record evidencing the user’s consent to disclosure of the content  
151 of electronic communications, (ii) a court order acknowledging that user consented to the  
152 disclosure of the content of electronic communications to the personal representative under the  
153 user’s will, trust, power of attorney or other record or (iii) a court order issued under Section  
154 3(d); and

155 (5) if requested by the custodian:

156 (A) a number, username, address, or other unique subscriber or account identifier  
157 assigned by the custodian to identify the user's account; or

158 (B) evidence linking the account to the user.

159 SECTION 7. DISCLOSURE OF OTHER DIGITAL ASSETS OF DECEASED USER.

160 Unless the user prohibited disclosure of digital assets or the court directs otherwise, a  
161 custodian shall disclose to the personal representative of the estate of a deceased user a catalogue  
162 of electronic communications sent or received by the user and digital assets, other than the  
163 content of electronic communications, of the user, if the representative gives the custodian:

164 (1) a written request for disclosure in physical or electronic form;

165 (2) a certified copy of the death certificate of the user;

166 (3) a certified copy of the letter of appointment of the representative or a small estate  
167 affidavit or court order; and

168 (4) if requested by the custodian:

169 (A) a number, username, address, or other unique subscriber or account identifier  
170 assigned by the custodian to identify the user's account;

171 (B) evidence linking the account to the user;

172 (C) an affidavit stating that disclosure of the user's digital assets is reasonably necessary  
173 for administration of the estate; or

174 (D) a finding by the court that:

175 (i) the user had a specific account with the custodian, identifiable by the information  
176 specified in subparagraph (A); or

177 (ii) disclosure of the user's digital assets is reasonably necessary for administration of the  
178 estate.

179 SECTION 8. FIDUCIARY DUTY AND AUTHORITY.

180 (a) The user's rights in digital assets, including the content of electronic communications,  
181 constitute property of the estate of the user to be managed consistent with the legal duties  
182 imposed on a fiduciary charged with managing tangible property, including:

183 (1) the duty of care;

184 (2) the duty of loyalty; and

194 digital asset in which the decedent had a right or interest and that is not held by a custodian or  
195 subject to a terms-of-service agreement.

196 (d) A fiduciary acting within the scope of the fiduciary's duties is an authorized user of  
197 the property of the decedent for the purpose of applicable computer fraud and unauthorized  
198 computer access laws, including section 120F of chapter 266 of the General Laws.

199 (e) A fiduciary with authority over the tangible, personal property of a decedent:

200 (1) has the right to access the property and any digital asset stored in it; and

201 (2) is an authorized user for the purpose of computer fraud and unauthorized computer  
202 access laws, including section 120F of chapter 266 of the General Laws.

203 (f) A custodian may disclose information in an account to a fiduciary of the user when the  
204 information is required to terminate an account used to access digital assets licensed to the user.

205 (g) A fiduciary of a user may request a custodian to terminate the user's account. A  
206 request for termination must be in writing, in either physical or electronic form, and  
207 accompanied by:

208 (1) a certified copy of the death certificate of the user;

209 (2) a certified copy of the letter of appointment of the representative or a small estate  
210 affidavit or court order, giving the fiduciary authority over the account; and

211 (3) if requested by the custodian:

212 (A) a number, username, address, or other unique subscriber or account identifier  
213 assigned by the custodian to identify the user's account;

214 (B) evidence linking the account to the user; or

215 (C) a finding by the court that the user had a specific account with the custodian,  
216 identifiable by the information specified in subparagraph (A).

217 SECTION 9. CUSTODIAN COMPLIANCE AND IMMUNITY.

218 (a) Not later than 60 days after receipt of the information required under Sections 6  
219 through 8, a custodian shall comply with a request under this act from a fiduciary or designated  
220 recipient to disclose digital assets or terminate an account. If the custodian fails to comply, the  
221 fiduciary or designated recipient may apply to the court for an order directing compliance.

222 (b) A custodian may notify the user that a request for disclosure or to terminate an  
223 account was made under this act.

224 (c) A custodian may deny a request under this act from a fiduciary or designated recipient  
225 for disclosure of digital assets or to terminate an account if the custodian is aware of any lawful  
226 access to the account following the receipt of the fiduciary's request.

227 (d) A custodian and its officers, employees, and agents are immune from liability for an  
228 act or omission done in good faith in compliance with this act.
