The Commonwealth of Massachusetts

In the One Hundred and Ninety-Second General Court
(2021-2022)

An Act facilitating housing for all.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. Chapter 10 of the General Laws is hereby amended by inserting after section 35DDD the following section:-

Section 35FFF. (a) There shall be established and set up on the books of the commonwealth a separate fund to be known as the Homelessness Prevention and Housing For All Fund, hereafter referred to as the Fund. The Fund shall consist of all revenues, including all taxes, penalties, interest and fees received by the commonwealth pursuant to chapter 63D. The state treasurer shall be the custodian of the Fund and shall credit interest and earnings on the Fund to the Fund. All amounts credited to the Fund shall be maintained separate and apart from all other funds and shall be subject to appropriation. Any balance remaining in the Fund at the close of any fiscal year shall be carried forward and accumulated in the Fund to be used in future fiscal years for the purposes described in subsection (b).
(b) Monies in the Fund shall be appropriated on an annual or supplemental basis and used exclusively for the following purposes:

(i) The administration or oversight of the homelessness prevention and housing for all gross receipts tax, hereafter referred to as the "gross receipts tax", established under chapter 63D; the administration and oversight of this Fund; and the administration of the annual reports required in subsection (c); provided, however, that no more than 3 per cent of total annual revenue from the gross receipts tax shall be expended for such purposes annually;

(ii) Refunds of any overpayments of the gross receipts tax, including any related penalties, interests, and fees; and

(iii) The prevention and reduction of homelessness and the elimination of barriers to housing, including, but not limited to, programs that:

(A) help adults, families, or youth who are experiencing homelessness, including but not limited to people who are experiencing homelessness and have mental health conditions or are struggling with substance use, to permanently exit homelessness and secure permanent housing.

(B) ensure that unhoused persons with barriers to housing, including but not limited to a lack of identification and documentation, are able to access housing;

(C) provide rental subsidies for both short- and long-term rentals;

(D) support the construction, acquisition, rehabilitation, lease, preservation, and operation of emergency, short-term and permanent housing units;

(E) provide onsite supportive services for formerly houseless adults, families, and youth;
(F) protect extremely low and very low-income households, especially households with seniors, veterans or persons with disabilities;

(G) provide financial, utility or rental assistance, including but not limited to assistance to address or cancel debts accrued during the COVID-19 state of emergency, as well as short-term case management, conflict mediation, legal representation in eviction cases and cases in housing court, connections to public benefit agencies, housing search assistance, and other support services and programs relevant to ensuring guaranteed housing for all.

(H) provide mental and behavioral health services for unhoused individuals, including the acquisition or leasing of facilities to provide such services;

(I) support public investments in community land trusts, publicly-owned housing, social housing, deed-restricted affordable housing, limited equity cooperative housing, partnerships that increase the availability of affordable housing, municipal affordable housing trust funds, and programs that support the decommodification of housing, including but not limited to, the servicing of debt incurred by capital expenditures related to the acquisition, development, preservation, and rehabilitation of these types of housing.

(c) Not later than February 15, 2023 and every year thereafter, the commissioner of revenue shall report the amount remaining in the Fund from the previous fiscal year, an update of revenues for the current fiscal year and the estimates of revenues to be credited to the Fund in the subsequent fiscal year. The commissioner of revenue shall file this report with the secretary of administration and finance, the secretary of housing and economic development, the chair of the house committee on ways and means, the chair of the senate committee on ways and means, the chairs of the joint committee on housing and the chairs of the joint committee on revenue.
Beginning in fiscal year 2024 and each fiscal year thereafter, the state auditor shall issue a report on appropriations made from the Fund in the prior fiscal year. The auditor shall include in the report, at a minimum, the percentage of total appropriations intended for housing and housing support services drawn from the Fund as compared to appropriations for such purposes not drawn from the fund. The report shall compare the latter to appropriations made for such purposes in fiscal year 2022, which shall serve as the "base year". If non-Fund appropriations for such purposes in the fiscal year for which the report is generated are significantly lower than the base year, after taking into account inflation, the state auditor shall note the discrepancy.

The state auditor may audit any organization or agency receiving appropriations from the Fund to ensure that the appropriations were used for their intended purpose. The state auditor shall submit all audit reports regarding the Fund to the secretary of administration and finance, the secretary of housing and economic development, the secretary of transportation, the chair of the house committee on ways and means, the chair of the senate committee on ways and means, the chairs of the joint committee on housing, and the chairs of the joint committee on revenue.
