wagering for a period of 2 years under a temporary license or until a final determination on its
operator license application is made.

(3) All sports wagering conducted under authority of a temporary license shall comply

this chapter and the rules and regulations of the commission. Such license shall be issued for a 5-
year period, and may be renewed for 5-year periods upon payment of a $100,000 renewal fee;
provided that an operator continues to meet all requirements under this chapter and the rules and
regulations of the commission.

(e) An operator shall submit to the commission such documentation or information as the
commission may require demonstrating that the operator continues to meet the requirements of

documentation or information no later than 5 years after issuance of its operator license and
every 5 years thereafter, or within lesser periods based on circumstances specified by the
commission.

the operation of sports wagering in Massachusetts in a supervisory role shall maintain a valid
occupational license issued by the commission. The commission shall issue such occupational
license to a person who meets the requirements of this section.

(b) An occupational license authorizes the licensee to be employed in the capacity
designated by the commission while the license is active. The commission may establish, by rule
or regulation, job classifications with different requirements based on the extent to which a
particular job impacts, or has the potential to impact, the lawful operation of sports wagering.

(c) An applicant for an occupational license shall submit any required application forms
established by the commission and shall pay a nonrefundable application fee of $100. An
employer may pay an application fee on behalf of an applicant.

(d) Each occupational license holder shall annually pay to the commission a license fee of
$100 by March 1 and submit a renewal application on the form required by the commission. An
employer may pay an application fee on behalf of the licensed employee.

licensee or suspend or revoke a license, if the applicant or licensee:

(2) has had a license revoked by any governmental authority responsible for regulation of
gaming activities;

or fraud offense;
(4) has not demonstrated to the satisfaction of the commission financial responsibility sufficient to adequately meet the requirements of the proposed enterprise; or

(5) is not the true owner of the business or is not the sole owner and has not disclosed the existence or identity of other persons who have an ownership interest in the business.

(b) The commission may deny, suspend or revoke an operator license or reprimand any licensee if the applicant or licensee has not met the requirements of this chapter.

Section 9. (a) Each operator shall adopt comprehensive house rules for game play governing sports wagering transactions with its patrons. The house rules shall specify the amounts to be paid on winning wagers and the effect of sports event schedule changes. The commission shall approve house rules prior to implementation.

(b) The house rules, together with any other information the commission deems appropriate, shall be accessible to any patrons of the sports wagering system. The operator shall make copies readily available to patrons.

Section 10. (a) Sports wagering operators shall employ commercially reasonable methods to:

(1) prohibit the operator, directors, officers, owners and employees of the operator, and any relative living in the same household as such persons, from placing bets with the operator;

(2) prohibit athletes, coaches, referees, team owners, employees of a sports governing body or its member teams and player and referee union personnel from wagering on any sporting event of their sport’s governing body; provided, that in determining which persons are excluded
from placing wagers under this subsection, operators shall use lists of such persons that the
sports governing body may provide to the commission;

(3) prohibit any individual with access to non-public confidential information held by the
operator from placing wagers with the operator;

(4) prohibit persons from placing wagers as agents or proxies for others; and

(5) maintain the security of wagering data, customer data and other confidential
information from unauthorized access and dissemination; provided, however, that nothing in this
chapter shall preclude the use of internet or cloud-based hosting of such data and information or
disclosure as required by court order, other law or this chapter.

(b) A sports governing body may submit to the commission in writing, by providing
notice in such form and manner as the commission may require, a request to restrict, limit or
exclude a certain type, form or category of sports wagering with respect to sporting events of
such body, if the sports governing body believes that such type, form or category of sports
wagering with respect to sporting events of such body is contrary to public policy, unfair to
consumers, may undermine the perceived integrity of such body or sporting events of such body
or affects the integrity of such body or sporting events of such body. The commission shall
request comment from sports wagering operators on all such requests. After giving due
consideration to all comments received, the commission shall, upon a demonstration of good
cause from the requestor, grant the request. The commission shall respond to a request
concerning a particular event before the start of the event, or if it is not feasible to respond before
the start of the event, no later than 7 days after the request is made; provided, that if the
commission determines that the requestor is more likely than not to prevail in successfully
demonstrating good cause for its request, the commission may provisionally grant the request of
the sports governing body until the commission makes a final determination as to whether the
requestor has demonstrated good cause. Absent such a provisional grant by the commission,
sports wagering operators may continue to offer sports wagering on sporting events that are the
subject of such a request during the pendency of the consideration of the applicable request.

(c) The commission shall designate a state law enforcement entity to have primary
responsibility for conducting, or assisting the commission in conducting, investigations into
abnormal betting activity, match fixing and other conduct that corrupts a betting outcome of a
sporting event or events for purposes of financial gain.

(d) The commission and sports wagering operators shall use commercially reasonable
efforts to cooperate with investigations conducted by sports governing bodies or law
enforcement agencies, including but not limited to, using commercially reasonable efforts to
provide or facilitate the provision of anonymized account-level betting information and audio or
video files relating to persons placing wagers. All disclosures under this section are subject to the
obligation of a sports wagering operator to comply with all federal, state and local laws and
regulations, including but not limited to, laws and regulations relating to privacy and personally
identifiable information.

(e) Sports wagering operators shall immediately report to the commission any
information relating to:

(1) criminal or disciplinary proceedings commenced against the sports wagering operator
in connection with its operations;
(2) abnormal betting activity or patterns that may indicate a concern with the integrity of
a sporting event or events;

(3) any potential breach of the internal rules and codes of conduct pertaining to sports
wagering of a relevant sports governing body;

(4) any other conduct that corrupts a betting outcome of a sporting event or events for
purposes of financial gain, including match fixing; and

(5) suspicious or illegal wagering activities, including use of funds derived from illegal
activity, wagers to conceal or launder funds derived from illegal activity, using agents to place
wagers and using false identification.

Sports wagering operators shall immediately report information relating to conduct
described in paragraphs (2), (3) and (4) of this subsection to the relevant sports governing body.

(f) The commission and sports wagering operators shall maintain the confidentiality of
information provided by a sports governing body for purposes of investigating or preventing the
conduct described in paragraphs (2), (3) and (4) of subsection (e), unless disclosure is required
by this chapter, the commission, other law or court order or unless the sports governing body
consents to disclosure.

(g) With respect to any information provided by a sports wagering operator to a sports
governing body relating to conduct described in paragraphs (2), (3) and (4) of subsection (e), a
sports governing body:

(1) shall only use such information for integrity purposes and shall not use the
information for any commercial or other purpose; and
shall maintain the confidentiality of such information, unless disclosure is required by this chapter, the commission, other law or court order or unless the sports wagering operator consents to disclosure; provided, that the sports governing body may make disclosures necessary to conduct and resolve integrity-related investigations and may publicly disclose such information if required by its integrity policies or if deemed by the sports governing body in its reasonable judgment to be necessary to maintain the actual or perceived integrity of its sporting events, and subject in all cases to the sports governing body’s compliance with federal, state and local laws and regulations, including but not limited to, laws and regulations relating to privacy and personally identifiable information. Prior to any such public disclosure that would identify the sports wagering operator by name, the sports governing body shall provide such sports wagering operator with notice of such disclosure and an opportunity to object to such disclosure.

(h) Sports wagering operators shall maintain records of all wagers placed by its patrons, including personally identifiable information of the patron, amount and type of the bet, the time the bet was placed, the location of the bet, including the IP address if applicable, the outcome of the bet and records of abnormal betting activity for 3 years after a sporting event occurs and video camera recordings in the case of in-person wagers for at least 1 year after a sporting event occurs, and shall make such data available for inspection upon request of the commission or as required by court order.

(i) A sports wagering operator shall use commercially reasonable efforts to maintain in real time and at the account level, anonymized information for each patron, including the amount and type of bet, the time the bet was placed, the location of the bet, including the IP address if applicable, the outcome of the bet and records of abnormal betting activity. The commission may request such information in the form and manner as it requires. Nothing in this section shall
require a sports wagering operator to provide any information prohibited by federal, state or local laws or regulations, including but not limited to, laws and regulations relating to privacy and personally identifiable information.

(j) If a sports governing body has notified the commission and demonstrated a need for access to the information described in subsection (i) for wagers placed on sporting events of such sports governing body for integrity monitoring purposes, and demonstrated the capability to use such data for the purpose of effectively monitoring the integrity of sporting events of such sports governing body, a sports wagering operator shall share, in a commercially reasonable frequency, form and manner, with the sports governing body or its designee the same information the sports wagering operator is required to maintain under subsection (i) with respect to sports wagers on sporting events of such sports governing body. A sports governing body and its designee shall only use information received under this section for integrity-monitoring purposes and shall not use information received under this section for any commercial or other purpose. Nothing in this section shall require a sports wagering operator to provide any information that is prohibited by federal, state or local laws or regulations, including but not limited to, laws and regulations relating to privacy and personally identifiable information.

(k) A sports wagering operator shall conduct a background check on each newly hired employee, and a single background check on any employee hired prior to the effective date of this act. Background checks shall search for criminal history, charges or convictions involving corruption or manipulation of sporting events and association with organized crime.

Section 11. (a) All operators licensed under this chapter to conduct sports wagering shall:
(1) employ a monitoring system utilizing software to identify irregularities in volume or changes in odds that could signal suspicious activities and promptly report such information to the commission for further investigation. System requirements and specifications shall be developed according to industry standards and implemented by the commission as part of the minimum internal control standards;

(2) promptly report to the commission any facts or circumstances related to the operation of a sports wagering licensee which constitute a violation of state or federal law and promptly report to the appropriate state or federal authorities any suspicious betting over a threshold set by the operator that has been approved by the commission;

(3) conduct all sports wagering activities and functions in a manner that does not pose a threat to the public health, safety or welfare of the residents of the commonwealth;

(4) keep current in all payments and obligations to the commission;

(5) prevent any person from tampering with or interfering with the operation of any sports wagering;

(6) ensure that mobile sports wagering occurs only using a commission-approved mobile application or other digital platform to accept wagers initiated within the commonwealth;

(7) maintain sufficient cash and other supplies to conduct sports wagering at all times; and

(8) maintain daily records showing the gross sports wagering receipts and adjusted gross sports wagering receipts of the licensee from sports wagering and shall timely file with the commission any additional reports required by rule, regulation or this chapter.
(b) Sports wagering operators may use any data source for determining:

(1) the results of any and all tier 1 sports wagers on any and all sporting events; and

(2) the results of any and all tier 2 sports wagers on sporting events of an organization that is not headquartered in the United States.

(c) A sports governing body may notify the commission that it desires sports wagering operators to use official league data to settle tier 2 sports wagers on sporting events of such sports governing body. Such notification shall be made in the form and manner as the commission may require. Within 5 days of receipt of such notification, the commission shall notify each sports wagering operator of the requirement to use official league data to settle tier 2 sports wagers. If a sports governing body notifies the commission of its desire to supply official league data, a sports wagering operator may use any data source for determining the results of tier 2 sports wagers on sporting events of such sports governing body.

(d) Within 60 days of the commission notifying a sport wagering operator of the requirement to use official league data to settle tier 2 sports wagers pursuant to subsection (c), or such longer period as may be agreed between the sports governing body and the applicable sports wagering operator, a sports wagering operator shall use only official league data to determine the results of tier 2 sports wagers on sporting events of that sports governing body, unless:

(1) the sports governing body or its designee cannot provide a feed of official league data to determine the results of a particular type of tier 2 sports wager, in which case a sports wagering operator may use any data source for determining the results of the applicable tier 2
sports wager until such time a data feed becomes available from the sports governing body on commercially reasonable terms and conditions; or

(2) a sports wagering operator can demonstrate to the commission that the sports governing body or its designee will not provide a feed of official league data to the sports wagering operator on commercially reasonable terms and conditions.

(e) In evaluating whether official league data is offered on commercially reasonable terms and conditions for purposes of paragraphs (1) and (2) of subsection (d), the commission may consider factors, including but not limited to:

(1) the availability of official league data to a sports wagering operator from more than 1 authorized source;

(2) market information, including but not limited to, price and other terms and conditions regarding the purchase by sports wagering operators of comparable data for the purpose of settling sports wagers in the commonwealth and other jurisdictions;

(3) the nature and quantity of data, including the quality and complexity of the process used for collecting such data; and

(4) the extent to which a sports governing body or its designee has made data used to settle tier 2 wagers available to sports wagering operators and any terms and conditions relating to the use of that data.

(f) Notwithstanding anything to the contrary set forth herein, including but not limited to, subsection (d), during the pendency of the determination of the commission as to whether a
sports governing body or its designee may provide official league data on commercially
reasonable terms, a sports wagering operator may use any data source to determine the results of
tier 2 sports wagers. The determination shall be made within 120 days of the sports wagering
operator notifying the commission that it requests to demonstrate that the sports governing body
or its designee will not provide a feed of official league data to the sports wagering operator on
commercially reasonable terms.

(g) A sports governing body may enter into commercial agreements with a sports
wagering operator or other entity in which such sports governing body may share in the amount
bet or revenues derived from sports wagering on sporting events of such sports governing body.
A sports governing body shall not be required to obtain a license or any other approval from the
commission to lawfully accept such amounts or revenues.

Section 12. (a) Holders of category 1 licenses may accept wagers on sports events and
other events authorized under this chapter in person at authorized facilities.

(b) Holders of category 1 and category 2 licenses may accept wagers on sports events and
other events authorized under this chapter from individuals physically located within the
commonwealth using mobile applications or digital platforms approved by the commission,
through the patron’s sports wagering account. The branding for each mobile application or
digital platform shall be determined by the operator. All bets authorized under this section must
be initiated, received and otherwise made within the commonwealth. Consistent with the intent
of the federal Unlawful Internet Gambling Enforcement Act of 2006, 31 U.S.C. section 5361 to
5367, inclusive, the intermediate routing of electronic data related to a lawful intrastate wager
authorized under this chapter shall not determine the location or locations in which the wager is
initiated, received or otherwise made.

(c) An operator may accept wagers placed by other operators, and may place wagers with
other operators; provided, that any operator that places a wager with another operator shall
inform the operator accepting the wager that the wager is being placed by an operator and shall
disclose its identity.

(d) A person placing a wager shall be at least 21 years of age.

(e)(1) The commission or operator may ban any person from participating in the play or
operation of any sports wagering consistent with rules and regulations promulgated by the
commission. A list of all excluded patrons shall be kept by the commission and provided to each
licensee, and no patron on the exclusion list shall be permitted to conduct sports wagering under
this chapter.

(2) The commission shall establish a list of self-excluded persons from sports wagering.
A person may request such person’s name to be placed on the list of self-excluded persons by
filing a statement with the commission acknowledging that the person is a problem gambler and
by agreeing that, during any period of voluntary exclusion, the person shall not collect any
winnings or recover any losses resulting from any sports wagering. The commission shall also
provide the self-excluded persons with a list of resources including but not limited to local and
state mental health services and treatments available for problem and pathological gambling. The
commission shall adopt further regulations for the self-excluded persons list including
procedures for placement, removal and transmittal of such list to sports wagering operators. The
commission may revoke, limit, condition, suspend or fine a sports wagering operator if the
operator knowingly or recklessly fails to exclude or eject from its premises any person placed on
the list of self-excluded persons.

(f) No licensed employee may place a sports wager through any mobile application or
digital platform owned or operated by their employer.

(g) No licensed employee may place a sports wager at any facility owned or operated by
their employer.

(h) Sections 24, 24A and 27 of chapter 10 of the General Laws shall not apply to an
operator conducting sports wagering in accordance with this chapter.

Section 13. (a)(1) For the privilege of holding a category 1 license to operate sports
wagering under this chapter, the commonwealth shall impose and collect an excise equal to 25
percent of the operator’s gross gaming revenue from the operation of sports wagering,
hereinafter “privilege tax”. The accrual method of accounting shall be used for purposes of
calculating the amount of the tax owed by the licensee.

(2) Annually not later than October 15, each sports wagering operator shall submit to the

(iii) any additional information necessary in the computation and collection of the tax on
gross gaming revenue required by the commission.

paid to patrons wagering on the operator’s sports wagering exceed the operator’s total gross
receipts from sports wagering by patrons, the commission shall allow the operator to carry over
the negative amount to returns filed for subsequent months. The negative amount of gross
gaming revenue shall not be carried back to an earlier month and taxes previously received by
the commission will not be refunded, except if the operator surrenders its license and the
