An Act to promote rehabilitation including guaranteed health, treatment, and safety for incarcerated LGBTQI+ People.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 13 of chapter 125 of the General Laws is hereby amended by
2 adding the following paragraph:-

3 The superintendent of each state correctional facility and administrator of each county
4 correctional facility shall designate 1 staff member as the LGBTQI+ coordinator. The LGBTQI+
5 coordinator shall: (i) ensure compliance with housing compatibility standards; (ii) coordinate
6 education, employment, and program placement for incarcerated persons who are LGBTQI+, as
7 defined in section 1 of chapter 127; (iii) support self-facilitated LGBTQ+ groups and leisure
8 activities as defined in section 32C; (iv) after consulting with incarcerated persons, ensure at
9 least one periodical is available in each institutional library pertaining to living well with HIV
10 and at least one periodical pertaining to the LGBTQI+ community, and (v) perform other

11 necessary responsibilities. The LGBTQI+ coordinator shall not be the institutional PREA officer
12 appointed pursuant to section 32B of chapter 127.

13 SECTION 2. Section 1 of chapter 127 of the General Laws, and section 1 of chapter 125
14 as so appearing, is hereby amended by inserting the following definitions:-

15 “LGBTQI+”, lesbian, gay, bisexual, transgender, queer, intersex or not conforming to a
16 specific gender identity or sexual orientation.

17 "General Population", any housing placement where an incarcerated person is not held in
18 restrictive housing. In no event shall any general population unit have conditions that are similar
19 to or more restrictive than restrictive housing. These conditions shall include an incarcerated
20 person’s access to: out of cell time; the yard, gym, and other recreational spaces; the law library;
21 religious services; canteen; all personal property; visitation, including both the total available
22 visitation time and the opportunity for contact visits; telephones and video visits; opportunities to
23 earn a wage, and opportunities to earn good time. All such access shall be maximized as much as
24 possible.

25 “Incarcerated Person”, inmate or prisoner.

26 “Consensual”, free from fraud, force, or coercion, provided, however, that relations
27 involving correctional officers and incarcerated persons shall not be deemed consensual.

28 SECTION 3. Said chapter 127, as so appearing, is hereby amended by inserting after
29 section 21 the following section:-

30 Section 21A. Upon intake at a correctional facility, each incarcerated person shall be
31 provided an opportunity to voluntarily disclose their sexual orientation and gender identity,

32 provided further that this information may be disclosed and documented at any time. The
33 information provided shall only be made available to the LGBTQI+ coordinator and any other
34 staff persons designated by the commissioner of correction or sheriff; provided, however that the
35 commissioner and sheriffs shall minimize access to sensitive information. Aggregated data on
36 the number of incarcerated persons who voluntarily disclosed their sexual orientation and gender
37 identity shall be made publicly available on an annual basis for each correctional facility;
38 provided, however, that the report shall not include any personally identifiable information.

39 SECTION 4. Section 22 of said chapter 127, as so appearing, is hereby amended by
40 adding the following paragraph:-

41 Upon intake at a correctional facility, each incarcerated person shall be provided an

43 this information may be disclosed and documented at any time. Anyone who discloses, is
44 reasonably reported to harbor, or demonstrates behavior consistent with homophobic or
45 transphobic sentiments shall not be housed in the same cell or housing unit as someone who
46 identifies as LGBTQI+; provided that no person shall be punished for disclosure or
47 nondisclosure of such information. Information obtained consistent with this section shall not be
48 shared with the Department of Probation or the Parole Board.

57 For each PREA investigation conducted, the correctional facility shall make publicly
58 available on their website the factual basis for the PREA investigation, including, but not limited
59 to, whether it was initiated by staff, an incarcerated person, or a third party. In addition, the
60 factual basis upon which it was initiated shall include a detailed description of the alleged
61 incident, who initiated the investigation, whether the investigated behavior was consensual, and
62 the general location of the alleged incident, provided further, the department will report on the
63 race, age, disability status, sexual orientation and gender identity of incarcerated persons
64 involved delineated by whether they were a victim, perpetrator, or consensual party to said
65 investigated behavior; provided however, that the detailed description of the complaint shall not
66 include any personally identifiable information of incarcerated persons.

67 For each PREA investigation conducted, each correctional facility shall make publicly
68 available on their website a detailed summary of the investigation and factual basis for the
69 investigatory outcome including the evidence relied upon and steps taken to respond to the

71 any personally identifiable information of incarcerated persons.

72 Annually, each correctional facility shall make publicly available on their website all

97 safety at any time.

98 SECTION 8. Section 39A of said chapter 127, as so appearing, is hereby further amended

103 (g) No incarcerated person who engages in consensual sex shall be removed from general
104 population. Provided further, such behavior shall not be grounds for removal of visitation, or
105 phone privileges, provided further, any guilty finding on a disciplinary report shall not be used in
106 determining the classification status or parole eligibility of an incarcerated person.

107 (h) Public displays of affection, including but not limited to handshakes, hugs, touching
108 of another's hair and other forms of non-sexual contact, shall not be subject to disciplinary
109 action, nor shall such incidents be used as a basis to punish or penalize an incarcerated person in
