An Act allowing for video lottery terminals.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. Chapter 23K of the General Laws is hereby amended by adding the  
2 following section:-

3           Section 72. (a) The commission shall implement a wide area network system of video  
4 lottery gaming on a statewide basis. A license to operate a video lottery terminal may be issued  
5 by the commission issued to any licensee who is licensed pursuant to section 12 of chapter 138  
6 and any licensee who is licensed by the commission pursuant to section 3 of chapter 128A to  
7 conduct a racing meeting, excluding those licensed to conduct a racing meeting at a state or  
8 county fair; provided, however, that such licensee does not owe a financial obligation to the  
9 commonwealth and such licensee has not been convicted of a felony. A license to operate a  
10 video lottery terminals within the wide area network system shall not be issued to any person,  
11 business, corporation or other entity except as provided in this section.

(b) A license to operate a video lottery terminal may be granted to any licensee pursuant to section 12 of chapter 138; provided, however, that not less than 21 days before issuing any such license to operate a video lottery terminal, the chair or a designee shall send a notification by certified mail to the mayor or the board of selectmen of the municipality in which the facility to be licensed to operate a video lottery terminal is located and shall publish, in a newspaper of general circulation in the area, including the municipality where the video lottery terminal will operate, notice that an application for such license has been filed with the commission. The notice shall include the name and business address of the video lottery terminal applicant and the address where the video lottery terminal applicant will operate. No such license shall be issued by the chair or designee to which the local licensing authority, as defined under section 1 of chapter 138, has objected in writing as a result of an official action of the authority, unless there is a hearing pursuant to chapter 30A and the chair or a designee determines in writing, after considering all relevant circumstances, that such license to operate a video lottery terminal is in the public interest and approves in writing the issuance of such license notwithstanding the objection of the local licensing authority.

(c) A license to operate a video lottery terminal may be granted to any licensee licensed pursuant to section 3 of chapter 128A, except those licensed to conduct a racing meeting at a state or county fair, provided, however, that not less than 21 days before issuing any such license to operate a video lottery terminal, the chair or a designee shall send a notification by certified mail to the mayor or the board of selectmen of the municipality in which the facility to be licensed to operate a video lottery terminals is located and shall publish, in a newspaper of general circulation in the area, including the municipality where the video lottery terminals will operate, notice that an application for such license has been filed with the commission. The

notice shall include the name and business address of the video lottery terminal applicant and the address where the video lottery terminal applicant will operate. No such license shall be issued by the chair or a designee to which the local licensing authority, as defined under section 1 of chapter 138, has objected in writing as a result of an official action of said authority, unless there is a hearing under chapter 30A and the chair or a designee determines in writing, after considering all relevant circumstances, that such license to operate a video lottery terminals is in the public interest and approves in writing the issuance of such license notwithstanding the objection of the local licensing authority.

(d) Video lottery terminals shall be located in an area restricted to persons over 21 years of age and the entrance to which is within the view of at least 1 employee of the establishment in which they are located who is over 21 years of age. No licensee shall cause or permit any person under the age of 21 years to use or play a video lottery terminal. Pursuant to section 43B, any licensee who knowingly permits a person under the age of 21 years to use or play a video lottery terminal shall be punished by imprisonment in the house of correction for not more than 2 years or a fine not to exceed \$50,000, or both such fine and imprisonment.

The placement of video lottery terminals shall be subject to regulations promulgated by the commission.

The commission shall enter into an agreement in writing filed with the attorney general designating the area of the premises licensed pursuant to section 3 of chapter 128A or section 12 of chapter 138, which shall be dedicated to at least 1 video lottery terminal, and the number of terminals to be placed on the premises. If the license issued pursuant to said section 3 of said chapter 128A or said section 12 of said chapter 138 for the premises is suspended, revoked or not

renewed by the commission, the lottery commission shall suspend, revoke or not renew any license for a video lottery terminal on the premise.

All revenues generated by the implementation of a statewide wide area network of video lottery terminals, after payout of prizes and the cost of operation and administration, shall be used to fund budgeted aid to cities and towns as provided in section 18C of chapter 58, subject to appropriation .

The payout structure, cost of operation and administration of the wide area network of video lottery terminals shall be consistent with current industry standards as of January 1, 2011 at the time of implementation. The payout structure, cost of operation and administration shall be updated every 2 years.

SECTION 2. The Massachusetts gaming commission shall issue a request for proposals to implement a statewide wide area network of video lottery terminals pursuant to section 72 of chapter 23K of the General Laws. The request for proposals shall include, but not be limited to, requirements that:

(i) any qualifying proposal shall employ electronic gaming machines that each incorporate networked interactive digital technology that employs the use of a card to begin individual game play and, in support of a responsible gaming context, provides a suite of play safe options, including play time limits, wager limits and self-exclusion at the players own choosing;

(ii) any qualifying proposal shall provide a central computer technology to which individual gaming machines will be networked and be capable of accommodating and tracking individual game play, individual player play safe selections, player self-exclusion and individual

79 player account data such as wagers, wins and losses and reporting the same to the individual  
80 player on command;

81 (iii) any proponent or principal of a proponent's business shall not have been convicted of  
82 a felony; and

83 (iv) any proponent must be operating within a wide area network system in at least 1  
84 other jurisdiction at the time that proposals are due.
